ARTICLE 1 - PURPOSE

1.01 The general purpose of this agreement is to establish mutually satisfactory relations between the Company and its' employees, to provide the machinery for prompt and equitable disposition of grievances, and to establish hours of work and wage rates for all employees who are subject to the provisions herein.

1.02 The use of the masculine gender in this agreement shall be considered to include the feminine, as the sense of the clause dictates.

ARTICLE 2 - RECOGNITION AND SCOPE

2.01 The Company recognizes the Union as the bargaining agent for all its' employees in Metropolitan Toronto save and except Supervisors, persons above the rank of Supervisor, office, clerical and sales staff, laboratory staff, operating engineers, refrigeration mechanics and students employed during the school vacation period from April 15 to Labour Day provided that students shall pay dues and their days worked shall accumulate toward completion of probation. Students will not be employed while there are employees on layoff who are willing and able to perform the available work.

2.02 All employees who are members of the Union as at the effective date of this agreement will be required to continue to be members of the Union during the lifetime of this agreement.

2.03 All employee(s) hired subsequent to the effective date of this agreement shall become a member of the Union within thirty (30)

days of hiring and will be required to continue to be a member of the Union during the lifetime of this agreement.

2.04 The Company agrees that there will be no discrimination, interference, restraint or coercion exercised or practiced by the Company, or by any of its representatives, with respect to any employee because of his/her membership in, or connection with, the Union, and that membership in the Union by employees who are eligible to join will not be discouraged.

2.05 The Union agrees that there will be no intimidation, interference, restraint or coercion exercised or practiced upon employees of the Company by any of its' members or representatives, and that there will be no solicitation for membership, collection of dues or other Union activity on the premises of the Company during an employee's working hours, except as hereinafter provided.

2.06 Both the Union and the Company agree that no discrimination of any kind will be practiced or condoned against any employee as outlined in the Ontario Human Rights Code. Employees who feel they have been discriminated against should refer to the Sterling Road Harassment Policy.

ARTICLE 3 - UNION DUES

3.01 The Company will deduct from the pay of each employee who is a member of the Union the monthly dues, initiation fees and other assessments authorized by the constitution of the Union.

3.02 For all other employees within the bargaining unit, the Company will deduct the monthly dues for general Union purposes as authorized by the constitution of the Union, from the first full pay

period of each month. As a condition of employment, such employee is required to authorize the Company to make such deductions.

3.03 All sums so deducted shall be remitted to the Financial Secretary of the Union not later than the end of the month in which the deductions were made.

3.04 In the case of new employees, the deduction of Union dues shall commence on the first regular check-off after the employee has been employed with the Company thirty (30) calendar days.

ARTICLE 4 - NO STRIKES OR LOCKOUTS

4.01 The Company agrees that it will not cause or direct any lockouts of its' employees and the Union agrees that there will be no strikes or other collective action which will stop or interfere with production during the term of this contract or any extension thereof.

ARTICLE 5 - RESERVATION OF MANAGEMENT RIGHTS

5.01 The Union acknowledges that the administration and management of all the affairs of the Company is the sole function of the Managers and Officers of the Company save only as restricted herein.

5.02 While it is the sole function of the management of the Company to maintain discipline, order and efficiency, to hire, discharge, transfer, promote or demote employees, to make, enforce and alter reasonable rules and regulations, a claim of discriminatory or unjust promotion, demotion or transfer, or a claim of discharge or

discipline without reasonable cause, may be the subject of a grievance and dealt with as hereinafter provided. Any changes in rules and regulations to be observed by employees shall be negotiated by the parties.

ARTICLE 6 - NEGOTIATING COMMITTEE

6.01 The Company acknowledges the right of the Union to appoint or otherwise select a Negotiating Committee consisting of not more than five (5) employees, one of whom shall be the Plant Chairperson and one of who shall be a member of the skilled trades group. The Bargaining Committee shall be assigned to the day shift. Unless otherwise agreed to by the parties, during their time in office, an elected negotiating committee member not currently on day shift will be placed in an open position on day shift and will maintain his/her rate of pay, until such time as there is an opening in their classification. Such opening shall not be posted. Such elected negotiating committee member's original position will be posted temporarily. At the end of their term, he/she will return to their original position.

6.02 Meetings of the Negotiating Committee with the Company shall be held whenever the Committee or Company submits an agenda of the business to be transacted and gives forty-eight (48) hours notice of the meeting. The said Committee will cooperate with the Company in the administration of the agreement.

ARTICLE 7 – REPRESENTATION

7.01(a) The Company acknowledges the right of the Union to appoint or otherwise select Stewards who shall be permanent employees with seniority, as outlined in 7.02. The company further agrees to recognize alternate stewards who will only be recognized in the absence of the designated steward.

(b) For the purpose of continuity of representation, the Plant Chairperson shall be full-time and assigned to the day shift. Wages shall be paid by the Company at \$1.50 per hour more than the highest non-skilled wage rate in Article 27, or the rate held at the time s/he assumed the duties of Plant Chairperson, whichever is the greater. In recognition of the overtime and irregular hours worked by the Plant Chairperson, s/he shall be paid for forty-eight (48) hours at straight time rate each week. A Plant Chairperson who is a skilled tradesperson shall be paid \$1.50 per hour more than the skilled trade's rate. The company and the union agree to maximize the value of the Plant Chairperson by ensuring full optimization of the Plant Chair on site.

7.02 Steward representation shall be as follows :

| Shift | Production | Skilled Trades |
|--------------|-------------------|-----------------------|
| Day | 4 Stewards | 1 Steward |
| Afternoon | 2 Stewards | 1 Steward |
| Night | 2 Stewards | 1 Steward |

7.03 The Union will supply the Company with a list of Stewards showing production or skilled trades and shift for which each is responsible. The Company will be notified, in writing, each time a

Steward resigns or is appointed, and will not be required to recognize any employee as a Steward whose name does not appear on the list. The Company will make available a suitable location in the Plant for the Union to conduct elections.

7.04 The Union acknowledges that, with the exception of the Plant Chairperson, Stewards have regular duties to perform on behalf of the Company, and that such persons will not leave their regular duties without obtaining permission of their Team Leader and will have a reasonable explanation which may be required with respect to their absence.

Stewards and Committeepersons will be excused from their regular duties with pay to a maximum of twenty-four (24) hours yearly for the purpose of attending a Stewards' meeting on site, unless mutually agreed by both parties. All off shift Stewards shall be paid at their straight time hourly rate, for the purposes of attending these meetings. Written notice must be submitted to Human Resources one week prior to the scheduled meeting.

7.05 It is agreed that a Union Steward or Committeeperson will not enter a work area with a view to conducting Union business therein, without the permission of the Team Leader of the work area. Union representatives shall be allowed reasonable paid time to perform their duties.

7.06 It is agreed that no employee will leave his/her workstation to register a complaint or grievance with his/her Steward, or otherwise to engage in Union business, without the permission of his/her Team Leader. Where, in the opinion of his/her Team Leader, it is necessary

or advisable for the employee to remain at his/her workstation at time of asking, permission will be granted at the earliest possible time.

7.07 While attending meetings with Management, Stewards shall receive normal compensation of wages equal to their regular working hours, but not exceeding eight (8) hours in a day. This provision shall also apply to the Union Negotiating Committee during meetings with Management for renewal of the agreement. Payment of Bargaining Committee members' wages for preparation of contract proposals will be to a maximum of three (3) days. Meetings will be held not less than sixty (60) days prior to contract expiration.

7.08 The Company shall convene a meeting with the Bargaining Committee upon receipt of an agenda of all matters to be discussed. Such meetings shall take place within seventy-two (72) hours from receipt of the agenda. The Union also recognizes that the Company may introduce matters for discussion.

7.09 During periods of approved leave of absence requested by the National Office or Local 252, the Company agrees to continue payment of wages for employees who are excused from regular duties with the understanding that the Union shall reimburse the Company for any and all monies paid. Any such request for leave of absence must be forwarded in writing to the attention of the Human Resources Manager.

ARTICLE 8 - GRIEVANCE PROCEDURE

8.01 If it is believed that a contravention of this agreement has occurred, the employee must discuss the complaint with his/her Team Leader within fifteen (15) days of the time the circumstances became

known to the employee and to the Union. When making a complaint, his/her Steward may accompany the employee.

8.02 **STEP 1**

If the complaint is not resolved within one (1) working day, the Grievance Procedure may be invoked by reducing the complaint to writing on a form supplied by the Company. The referral shall be by a Union Committeeperson or steward to the Team Leader with a copy to, Human Resources. His/her Team Leader or Manager and Human Resources shall meet with the aggrieved employee, the Steward and the Committeeperson within four (4) working days of the referral and Management shall respond in writing within two (2) working days of the grievance meeting.

8.03 **STEP 2**

If the answer is not satisfactory to the Union at Step One (1), then the matter may be referred immediately to Human Resources. A meeting will be convened within three (3) working days following receipt of the grievance, with the aggrieved employee, Steward, Union Committeeperson, and Plant Chairperson, together with such other persons as management may desire. The National Representative and/or the President of the Local may be present. Human Resources shall render a decision in writing within three (3) working days following the hearing at Step Two (2).

8.04 If the grievance is not settled as a result of this meeting, then the grieving party may refer to arbitration.

8.05 If arbitration is to be invoked, the request for arbitration must be made within fifteen (15) working days after receipt of the written

second stage answer. The party requesting arbitration will make application for arbitration. Failure to make application within fifteen (15) working days, the grievance will be awarded as per Article 8.08.

8.06 Any time limits mentioned in Article 8 may be extended to a mutually agreed and specified date.

8.07 Nothing in this Article is to be interpreted as restricting the number of witnesses that may be requested by either the Company or the Union.

8.08 Failure by the Union to observe its time limits will constitute withdrawal of the grievance, while failure of the Company to observe its time limits will result in the granting of said grievance, provided it properly arises under this section and provided further that the circumstances giving rise to the alleged incident occurred or originated not more than five (5) days before the filing of the grievance at Step One (1).

8.09 **Policy Grievance**

The Union may file a “Policy Grievance” signed by either the Plant Chairperson or the President or their designate, at Step Two (2) of the grievance procedure. At any step two (2) meeting involving a Policy Grievance(s), the Union may be represented by the entire Bargaining Committee.

A “Policy Grievance” is defined as one which alleges a misinterpretation or violation of a provision of this agreement and which could not otherwise be resolved at lower steps of the grievance

procedure because of the nature or scope of the subject matter of the grievance.

Group Grievance

A “Group Grievance” is defined as a single grievance signed by the Union Representative on behalf of a group of employees whom he/she represents and who have the same grievance with the Company. For the purposes of Step Two (2) and arbitration, the Union as representative(s) shall appoint no more than two (2) employees for the aggrieved employees.

ARTICLE 9 - ARBITRATION

9.01(a) When either party requests that a grievance be submitted to arbitration, it shall make such request in writing addressed to the other party. All grievances submitted to arbitration will be handled by a sole Arbitrator selected in accordance with the following.

(b) The party serving notice shall propose an arbitrator(s). If the Union representative and the Company representative are unable to agree to an arbitrator within twenty (20) working days, either of them may apply to the Minister of Labour for the Province of Ontario to appoint an impartial arbitrator.

9.02 No person may be appointed Arbitrator who has been involved in an attempt to settle the grievance.

9.03 The parties will jointly bear the expense of the Arbitrator.

9.04 No matter may be submitted to arbitration, which has not been properly carried through all steps of the grievance procedure.

9.05 The Arbitrator shall not be authorized to make any decision inconsistent with the provisions of this agreement nor alter, modify, or amend any part of this agreement. It is understood that the Arbitrator may modify a penalty imposed based on the facts of the hearing. However, the Arbitrator shall not have the authority to change or reduce the grievor's seniority as a means of modifying a penalty.

9.06 The proceedings of the arbitration will be expedited and the decision of the Arbitrator will be final and binding upon the parties.

9.07 At any stage of the grievance procedure, including arbitration, the parties may have the assistance of the employee or employees concerned, and any necessary witnesses or relevant records and all reasonable arrangements will be made to permit the parties to view disputed operations and to have access to the plant.

ARTICLE 10 - DISCIPLINE AND DISCHARGE

10.01 Any termination of employment will be at the discretion of the Company. No employee shall be terminated without just cause. A claim by any employee that they have been improperly discharged can be treated as a grievance, which shall commence at the second step of the grievance procedure. The grievance must be presented within five (5) working days of the aforesaid dismissal.

10.02 Such special grievances may be settled confirming the Company's action in dismissing the employee or reinstating the

employee with full compensation for time lost or by any other arrangement, which is just and equitable in the opinion of the parties.

10.03 The Plant Chairperson or his/her designate shall be present at any meeting when discharge or discipline may result.

10.04 All disciplinary records of any employee shall be removed from an employee file if s/he established a clear record for twelve (12) consecutive months, unless the discipline is reversed during the grievance/arbitration procedure.

10.05 **Violence Against Women**

The Company and Union discussed the rising incidence of violence or abuse, notably violence against women and how this may affect the employee's attendance or performance at work.

The Company agrees that where there is adequate verification from recognized professionals (e.g. doctor, lawyer, professional counselor) provided to the Company with the approval of the employee, an employee who is subject to abuse or violence will not be disciplined without first giving full consideration to the circumstances surrounding the incident. The Company and the Union will treat such information in a confidential manner unless required by law to be produced.

ARTICLE 11 - COMPANY GRIEVANCES

11.01 It is understood that the Company may bring forward at any meeting held with the Union Grievance Committee, any complaint

with respect to the conduct of the Union, its Officers, Committeepersons, or Stewards as such, and that if such complaint by the Company is not settled to the mutual satisfaction of the parties, it may be treated as a grievance and referred to arbitration in the same way as a grievance of an employee.

ARTICLE 12 - SENIORITY

Probationary Employees

12.01 An employee will be considered on probation and will not be placed on a seniority list until s/he has worked for a total of sixty (60) days within a period of twelve (12) months.

Seniority Lists

12.02 Seniority lists based upon the date on which employees commence to work for the Company shall be established quarterly for each work area. Copies of these lists will be lodged with the Union and posted on the plant bulletin board quarterly.

ARTICLE 13 - LAYOFF, RECALL AND BUMPING

Layoffs

13.01(a) Where it becomes necessary to reduce the working force, the most junior seniority employee within the classification, shift and department affected will receive notice of layoff, provided the remaining employee(s) are qualified by virtue of skill and ability to perform the work required. Employees laid off indefinitely from a permanent job will be provided with a minimum of one weeks' notice in writing. The Company will endeavour to provide two weeks' notice of layoff for overhaul periods when such layoff is known in advance.

(b) At the time of receiving notice of layoff, employees will be permitted to indicate their choice of accepting layoff or of exercising their seniority by bumping another employee as described in clause 13.02. Where work is available on their base shift, the most junior employees who have elected a layoff will be assigned to perform the work that they are qualified to perform.

- (a) At the time of layoff, employees will be entitled to indicate a second choice of recall to another shift or job which will be in addition to the shift and job they had at the time of layoff. Employees who so elect, will be assigned to an open position and must accept such position
- (b) Employees will be assigned to the job into which they can bump.
- (c) The Company will not be obligated to follow the above or clauses 13.02 (a) and (b) when layoffs are due to breakdown or other emergency for the rest of the day, or shift on which such breakdown or emergency occurs, except where the

Company has information the day prior. Probationary employees in the affected work area will be laid off first in these layoff situations.

- (d) Employees alleging that they have been laid off improperly must do so in writing not later than five (5) working days following the effective date of layoff. Such written statement will be submitted directly to Human Resources at that time and will be treated as a grievance and dealt with at Step 2 of the grievance procedure.
- (e) The P1 classification will be divided into two groups:

| | |
|---|------------------|

- In the fourth instance, by group, plant wide off-shift
- In the fifth instance, P1, plant wide off-shift

The P2 Classification will be divided into two groups:

| | |

In the third instance, by P2, plant wide and base shift

In the fourth instance, by group, plant-wide off shift

In the fifth instance, P2, plant-wide off shift

Bumping Procedures

13.02 When a layoff from a temporary job occurs:

(a) If the employee posted/transferred/requisitioned into a temporary job, the employee returns to their previous permanent job. If the permanent job is on layoff, the employee would exercise their seniority as per 13.03

(b) If the employee was recalled into the temporary job/requisition, the employee shall in the first instance bump the most junior employee within their classification plant wide on their base shift.

(c) Failing to claim a job in (b) the above process will be repeated in successively lower wage rate classifications until s/he can claim a job by seniority or is subject to layoff from their base shift. Failing that, the employee will be entitled to bump the most junior employee off shift in his/her same classification or lower if necessary.

13.03 When a layoff from a permanent job occurs:

(a)(i) If the layoff is not greater than six weeks, employees starting in their classification (and successively lower if necessary) will be permitted to apply their seniority to bump the most junior employee in his/her department and base shift. If training is required, the employee will bump in the next lower classification. Such employee will retain the rate of pay he/she would have initially received when initially applying their seniority.

For the purpose of retaining department expertise, any employee bumping to a lower rated classification will have his/her rate maintained at his/her permanent job classification rate for up to six weeks. As a result of the maintenance of pay, the employee may be required to do his/her permanent job and any other job in a lower rated classification that he/she may be capable of and trained to perform.

(a)(ii) Failing to claim a job in their department, the above process is repeated on a plant wide and base shift basis. Failing that, the employee will be entitled to bump the most junior employee off shift in his/her classification or lower if necessary. If training is required, the employee will bump in the next lower classification. Such employee will retain the rate of pay he/she would have initially received when initially applying their seniority.

(b) If the layoff is in excess of six weeks or a permanent job redundancy, employees, starting in their wage rate classification and successively lower classifications if necessary, will be permitted to apply their seniority to bump the most junior employee plant wide on

their base shift or an employee above P1 may bump the more junior employee within their job on the other shifts. Failing that, the employee will be entitled to bump the most junior employee off shift in his/her same wage rate classification or lower if necessary.

(c) When a layoff as a result of a permanent job redundancy occurs, before the affected most junior P1 employee applies their seniority on the off-shift, they may choose to bump the most junior employee in the P2 classification on their base shift, seniority permitting.

13.04 Recall

(a) Employees will be recalled from layoff by registered letter or courier with proof of service.

(b) Employees who have been removed from a permanent job because of a lack of work will be recalled in order of seniority to the department, shift, and permanent job they held prior to being removed from the job, or subject to their having sufficient skill and ability to perform the work, to their second choice of recall, if the job becomes vacant within twelve (12) weeks of being removed from the job. An employee who declines recall to their second choice will not be offered such recall again.

(c) Vacancies in all jobs which have been vacant for more than twelve (12) weeks will be filled according to Article 18.

(d) Employees who did not hold permanent jobs will be recalled from layoff by registered letter (or courier with proof of service) in order of seniority to any vacancy that their seniority allows them to claim.

13.05 Training

If when an employee is bumping or being recalled and training is required, an employee will be given the normal training time for the job unless the normal training time is equal to or greater than the length of time for the job.

13.06 Super Seniority

In the event of a layoff, the Plant Chairperson, Committeepersons and Stewards shall have super seniority.

ARTICLE 14 - LOSS OF SENIORITY

The seniority of an employee may be considered broken, all rights forfeited and there shall be no obligation to rehire when s/he:

- (a) Voluntarily leaves the Company's employ.
- (b) Has been out of the Company's active employment (except for absences due to medical reasons or leave of absence provided by this Agreement) for a period of five (5) years or length of service whichever is greater.

- (c) Fails to return to active employment not later than twelve (12) days from date of mailing (by registered letter) of recall notice unless s/he has a justifiable reason.
- (d) Has been absent without leave or overstays leave of absence for three (3) consecutive working days, or more, unless s/he has a justifiable reason.
- (d) Has been discharged and is not reinstated through the grievance/arbitration procedure.
- (e) Accepts other employment while on leave of absence (except medical leave) without permission from the Company.

ARTICLE 15 - LEAVE OF ABSENCE

15.01(a) The Company may grant leave of absence in writing to any employee for legitimate reasons and any person absent with such permission shall not be considered laid-off. Seniority shall continue to accumulate during the leave of absence. Company paid benefits will be maintained for three full calendar months following the month of the start of the leave.

15.01(b) Maternity/Adoption/Parental leave shall be as provided for under the Ontario Employment Standards Act. Such leave, upon mutual agreement of the parties, may be extended. Seniority shall continue to accumulate during this maternity/adoption/parental leave and extension.

15.02 An employee returning from leave of absence, including medical leave of absence shall be reinstated in the same job grade as that held immediately prior to the start of the leave of absence, provided s/he has complied with all the conditions of the leave of absence. Such reinstatement will be made provided there is a job opening in the same job grade, or there is a less senior employee in the same job grade, or there is a less senior employee in the same job grade within the same department and provided the returning employee has sufficient skill and ability to perform the work. In the event that the returning employee's job no longer exists, s/he shall exercise his/her seniority on a plant wide basis as outlined in Article 13.

Paid Education Leave

15.03(a) The Company agrees to pay three (3) cents per hour per employee for all compensated hours, for the purpose of providing paid education leave. Said paid education leave will be for the purpose of upgrading the employee's skills in all aspects of Trade Union functions. Such monies will be paid into a trust fund established by the National Union, Unifor and sent by the Company to the following address: Unifor Paid Education Leave Program, 205 Placer Court Toronto, Ontario M2H 3H9. Such payments will be made on a quarterly basis.

(b) The Company further agrees that members of the bargaining unit selected by the Union to attend such courses, will be granted a leave of absence without pay for twenty (20) days of class time, plus travel time where necessary, said leave of absence to be

intermittent over a twelve (12) month period from the first day of leave. Such leaves will not exceed two (2) employees per PEL session with additional leaves granted subject to the agreement of the Company. Employees on said leave of absence will continue to accrue seniority and benefits during such leave.

(c) The Company agrees to provide continuation of seniority and pension for any employee elected or selected to full time work for the National Union or CAW Local 252. Upon completion of the leave, the employee shall be reinstated to the position last held or in the event of job redundancy, shall be allowed to exercise plant wide seniority per the terms of the existing collective agreement.

15.04(a) For employees with seniority the Company will accept as a satisfactory reason under clause 14.01(d) for absence of an employee up to 120 days, for conviction of an offense arising out of the operation of a motor vehicle as well as any absence because he is being held in custody pending disposition of the charges against him, and after 120 days the imprisonment is no longer a justifiable reason under Article 14.01(d).

Every employee receives a Company contribution of 2% of base salary* towards their pension and retirement savings. Each employee will make a mandatory contribution of 2% of base salary towards their pension and retirement savings and the Company will match the contribution at .75% per each % contributed for a total of 1.5%. *(*Base salary for all pension is defined as the employee's hourly rate to a maximum allowable limit of 2080 hours worked. Base salary does not include overtime.)*

Each employee can choose whether they would like to make additional voluntary contributions towards their retirement savings. Employees will have the option to contribute 0%, 1% or 2% of their base salary and the Company will match the contribution at 125%. Employees can change their contribution level and the change will be effective the 1st of the following month of the next available payroll cycle (based on payroll cut-off dates) and notice to the employer, in accordance with the plan.

This means that if an employee contributes the maximum 4% of

base salary (mandatory plus voluntary contributions), the Company will match and contribute 6% of base salary to their retirement savings, for a total of 10%. (See chart below.)

Notice

28.02(a) Employees who are declared redundant in accordance with the above, will receive written notice of permanent layoff (dismissal) eight (8) weeks prior to the effective date of the redundancy but in any event, not less than the prescribed notice period as defined in the E.S.A. for the province of Ontario. This shall not apply to any employee who is displaced by application of seniority.

28.02(b) In the event of a reduction in the number of jobs as a result of a partial or complete shutdown, technological change or the introduction of major capital equipment, the Company agrees to put such decisions in writing and to discuss such changes with the Union prior to the implementation of such change. ARTICLE 29 – ALTERNATE SHIFT AGREEMENT

The continued success of Nestlé Canada and Sterling Road depends upon our ability to improve and grow the business. Better utilization of the Sterling Road factory can be achieved by adjusting existing work schedules, which can generate additional employment

opportunities and additional time off with no loss of pay. To achieve this growth, the Company and the Union understand the need to look at how the factory operates, specifically, the new opportunities for the business and increased jobs that a new work schedule could provide.

The need for a different shift pattern, allows for both the needs of the workers and the business. Any changes agreed on have not resulted in benefits being adversely affected, nor granting of lesser rights for employees adopting the new work schedules.

Should a consistent need for an alternate shift agreement arise, the Company and the Union will review all other options to satisfy production, including the weekend worker concept. Any alternate shift agreement will be mutually agreed to by the parties.

By this agreement, Sterling Road is positioned to take advantage of the investments and the expanding markets that will allow us to be a global supplier.

For the purpose of employees working the alternative shift pattern, the collective agreement which expires on April 30, 2017, shall apply, except as detailed below.

PROMOTING PROSPERITY AT STERLING ROAD

The continued success of Nestlé Canada and Sterling Road depends upon our ability to establish and support ongoing NCE practices.

In order to close the current competitiveness gap, which can lead to future growth and investment, the Company and the Union understand that temporary changes in methods of work (duties and responsibilities) may be required.

It is agreed that the Company and the Union accept the principle that the attainment of necessary efficiency and productivity objective(s) will provide the opportunity to earn a higher pay within the current classification under the following conditions:

- (a) It may improve competitiveness through increased productivity and/or factory reliability (delivery service level) for the Company.
- (b) It is agreed that a joint committee will be established. It will consist of three (3) appointed by the Union and three (3) appointed by the Company, who together will verify that productivity and/or reliability objectives have been reached as measured by Reliability General Instructions and NCE practices.
- (c) The joint committee reserves the right to recommend to the Factory Manager revisions to efficiency and productivity standards

affected by methods, equipment, processing, or quality change, and/or if the efficiency and productivity objective becomes inoperable or inappropriate because of new changed conditions resulting from improvements or changes in equipment, manufacturing or processing standards materials, methods or quality standards.

(d) Any changes that may be implemented must be mutually agreed to by the joint committee.

Should the efficiency and productivity objectives be achieved, resulting from a change to the duties and responsibilities of any existing classification(s), the joint committee will re-evaluate the affected classification(s) and introduce changes if warranted. This process is expected to take no more than 12 months; however, this period may be extended upon mutual agreement by the joint committee. Until such time that a decision is made to re-evaluate a classification, the pay continues as per existing hourly rate.

All bargaining unit members as of June 1, 2014 will be paid a one-time lump sum of \$500 as a result of participation. The first \$250 will be paid upon ratification and the second \$250 will be paid twelve (12) months from the date that is established by the joint committee.

The Company and the Union jointly recognize substance use and abuse to be a serious medical and social problem that can be successfully treated. Such assistance includes, but is not necessarily limited to, identification of the problem at the earliest stages, motivating the individual to obtain help, referral of the individual to appropriate treatment and rehabilitation facilities and a continuing education of employees and Union and management representatives alike to recognize and deal constructively with such problems as they arise.

An employee who undergoes a prescribed rehabilitative process will be entitled to Sickness and Accident benefits in accordance with the Sickness and Accident plan.

LETTER OF UNDERSTANDING #17

SKILLED TRADES DEPARTMENT

During this round of negotiations, the parties expressed a joint understanding on the need to improve overall factory efficiency and reliability through an enhanced use of the mechanical trade skills and capabilities.

In consideration of the above, the Company has assured the Union that it will not reduce current levels of staffing in the skilled trades department as a result of any cross functional efficiencies, for the term of this agreement. This does not preclude the Company from potentially reducing skilled trades staffing levels for other reasons, provided that in doing so it is not in violation of the collective agreement (e.g. market conditions, loss of business, rationalization or discontinuation of certain product brands or lines, etc.).

Therefore the parties agree to the following on a go forward basis:

- An agreement to cross functional support between General and Wrapping to perform basic mechanical tasks.
- An agreement to cross functional support between General and Wrapping involving matters having a direct impact on production (e.g. breakdowns, throughput, etc.).
- The Company recognizes that in order to achieve this cooperative effort, cross functional training will be required. Therefore, it is the intent of the Company to initiate training both within and between the General and Wrapping sub-

classifications. It is agreed that all General and Wrapping Mechanics will participate in such training.

When determining the need for cross functional support, the Company will exercise reasonable discretion. The Company agrees to assign work to the sub-classification required to perform the work (i.e. general or wrapping) before seeking cross functional support.

The overtime practices currently in place shall not be impacted by this agreement.

The above-referenced circumstances of cross functional cooperation are expected to improve overall factory efficiency and reliability. To support this objective on a sustained basis, it is the intent of the company, with participation from the appropriate skilled trades representatives, to introduce a functional skills matrix to assist in the identification of future development and training opportunities to the skilled trades in general.

JOB STABILITY

As discussed in negotiations, it is our intent to grow the Sterling Road factory which is of obvious benefits to all parties. Our focus over the next three (3) years will be to continually improve our operation, to be cost competitive, and to make Sterling Road a site deserving of increased investment. We believe that this is only possible by working together.

Competitive realities discussed in negotiations suggest that the site is not as competitive as some may think and the parties recognize the need to work collaboratively to address this reality.

That being said, Nestle confirms that it has no current plans to close the factory at Sterling Road during the life of the Collective Agreement which will expire April 30, 2017. However, should the Company decide to close the Sterling Road factory and move existing production to a new facility within 100 km of the current facility during the life of the existing Collective Agreement the Company agrees to the following:

- Existing employees as of the date of the signing of this Collective Agreement shall be given the opportunity to transfer to the new location;
- The Company will agree to extend bargaining rights to Unifor at the new location and, in such an eventuality, the parties will negotiate in good faith for a new Collective Agreement.
