1.01 The Company recognizes the Union as the sole bargaining agent for, and this agreement shall be deemed to apply to, all employees of Cooper Standard Automotive at Georgetown, save and except supervisor, persons above the rank of supervisor, and office and sales staff.

2.01 The Union acknowledges that, except as otherwise specifically provided in this agreement, it is the exclusive function of the company to:

- (a) Manage the industrial enterprise in which the Company is engaged, and without restricting the generality of the foregoing, to determine the number and location of plants, products to be manufactured, methods of manufacturing, schedules of production, kinds and location of machines and tools to be used, processes of manufacturing and assembling, the engineering and designing of its products, and the control of the materials and parts to be incorporated in the products produced.
- (b) Hire, discharge, transfer, promote, demote or discipline employees and determine qualifications needed for jobs, provided that a claim of unfair promotion, demotion, transfer, determination of qualifications or a claim that an employee has been discharged or disciplined without just cause may be the subject of a grievance and dealt with as hereinafter provided.
- (c) Maintain order, discipline and efficiency.

2.02 The Union further recognizes the right of the Company:

- (a) To make and alter from time to time rules and regulations to be observed, by employees, which rules and regulations shall not be inconsistent with the provisions of this agreement.
- (b) To establish or make provision for departments throughout the plant.
- (c) To establish occupational groups and to discontinue, restrict or expand the same and the grievance procedure shall be applicable with respect to any such change and a grievance may be initiated in writing by the Union as the grievor at stage two (2) of the grievance procedure. Rates of pay will be set up on the basis of like and similar jobs.

The above functions will be exercised in a manner consistent with the provisions of this agreement.

In order to ensure open communications, the Company agrees in the application of article 2.02 (c) to provide the Union President with a minimum of (20) twenty days notice in writing prior to any decision to establish, amalgamate, discontinue, restrict and or expand any of the occupational groups contained in this collective agreement. At the request of either party, a meeting will be convened to discuss the effect any proposed change may have on the workforce.

DISCRIMINATION **NO DISCRIMINATION**

3.01 There shall be no discrimination, interference, intimidation, restraint or coercion on behalf of the Company or the Union, its officers and members respectively, regarding any employee because of his sex and/or sexual orientation, race, colour, creed, age, national origin, political affiliation, any disabled employee, membership or non-membership in the Union.

UNION ACTIVITIES / REPRESENTATION

UNION ACTIVITIES

4.01

The Union, the local and members of the Union of the Local shall not, on Company time, conduct or hold Union activities or Union meetings of any kind, except as in this agreement expressly provided, without prior written consent of the Company.

REPRESENTATION

4.02 (a) The Company agrees to recognize and deal with a bargaining committee of three (3) bargaining unit employees and the President elected for the purpose of meeting with Management in the administration of this Agreement, including negotiations. The Committee shall consist of:

- 1) One Chairperson
- 2) Two Committee Persons
- 3) President

(b) The plant committee may appoint a steward, in any department or production area on any shift, where there is no committee person employed.

(c) The Company shall be notified forthwith of any such appointment. The appointment shall forthwith be rescinded at any time when there is a committee person employed in the same department or production area on the same shift as the steward.

(d) In the event that two or more committee persons are employed in one department or production area

on the same shift, the committee shall forthwith designate to the Company one committee person in that department or production area who shall alone be entitled to handle grievances arising in such department or production area pursuant to the procedure hereinafter provided.

(e) A steward during his term of office shall be deemed to be a committee member within the meaning of clauses 6.01 to 7.06 inclusive.

(f) The Company will pay the plant negotiating committee for all time spent at any meetings agreed to by the parties at base rate plus cost of living allowance.

(g) It is understood and agreed that no persons shall be eligible for election to the bargaining committee unless such employee has completed one (1) year of service in the employ of the Company. To be eligible to serve as a steward, an employee must have completed his probationary period.

(h) Should the Union decide that the selection of union representatives, members of the negotiating committee or stewards shall be by election, then and in such case, such election shall be held on the Company premises and shall be conformity with this agreement, providing the company has been notified one (1) week in advance of such election and completion of employees' shifts, it being understood that such election shall not be held on Company time. 5.01 The parties agree that there shall be set up as of the date hereof a check-off of Union dues, compulsory upon all employees who come within the bargaining unit, in which this agreement applies. The check-off shall continue during the life of this agreement. Every employee within the bargaining unit shall become eligible to the check-off upon completion of 40 hours worked in the first calendar month of employment within the Company.

Whenever in any stage of the procedure it is provided that action be taken by a committee member or the committee, the same action may be taken by the employee or group of employees desiring to present and settle a grievance singly or in a group as individuals.

7.03 It shall be optional with the Company to decline to consider any grievance, the alleged circumstances of which originated or occurred more than five (5) working days prior to its presentation, provided however, that in the case where an employee could not have become aware of the alleged circumstances within the said five (5) working days, the said period will commence to run from the time when he/she did become aware of them.

7.04 FIRST STAGE:

Any employee having a grievance shall first submit the same during working hours to his Supervisor and if he/she requests, be accompanied by his committee person. If the grievance cannot be settled by the Supervisor, the employee may during working hours refer it to the committee member in the employees' department. The committee member, if he/she shall consider the grievance reasonable but not otherwise, shall during working hours present it in writing to the Supervisor in the presence of the aggrieved employee. The Supervisor shall receive and discuss the grievance and shall endeavour to arrange a satisfactory settlement with the committee member and/or the aggrieved employee and shall in any event render his decision in writing not later than the second regular working day following the day upon which the grievance shall be received. Further time may be allowed by the committee member and/or the employee.

SECOND STAGE:

The Supervisors' decision may be appealed from by lodging an appeal in writing with the Company management directly or through the chairperson of the committee within two regular working days after receipt of the supervisors' decision. The grievance shall be discussed at a meeting or meetings between

the Personnel Manager, General Supervisor and the committee to be held on notice to be given not later than five (5) working days after the receipt of the supervisors' decision, at such time as may be agreed upon and if no time is agreed upon, within five regular working days following the receipt of the notice. Further time may be allowed by either party. An international or local representative may attend such meetings.

7.05 To expedite the settlement of a grievance, the management shall begin an investigation as soon as possible after the grievance is reported by the committee and shall make every effort to become fully informed concerning and to be prepared to act promptly upon the grievance.

7.06 An aggrieved employee represented by a committee member of the committee shall, if requested by the Company or the Union, participate in the discussion, if any, of his grievance with the Factory Manager or the management.

ARBITRATION

8.01 In the event that no accord is reached through the grievance procedure herein provided:

- a) When either party to this agreement requests that a grievance be submitted to arbitration, such request shall be made in writing addressed to the other party to this agreement.

- 1) Louisa Davie
- 2) Professor W. A. Rayner

c) Should any of the arbitrators constituting the panel of arbitrators withdraw or resign from the panel, then the party who nominated the arbitrator who has withdrawn or resigned shall forthwith submit to the other party to this agreement a list of four (4) nominees from which shall be selected one (1) nominee to replace the arbitrator who has withdrawn or resigned.

d) The arbitrator shall act in rotation with respect to each successive grievance that is referred to arbitration. Should the arbitrator to whom the reference is made be unable to hear the grievance within ninety (90) calendar days after the grievance has been referred to him, then he/she shall be passed over to the next arbitrator on the list.

e) The expenses of the arbitrator shall be shared equally between the parties.

f) At the request of either party or the arbitrator, all reasonable arrangements shall be made to permit the arbitrator to take a view of the premises in question or the site at which the dispute took place together with the representatives of both parties and material witnesses who may be involved.

8.02 As an alternative to the regular arbitration procedure the parties shall have the option of mutually agreeing to refer a post third step grievance to a grievance commissioner in the following procedure:

a) The Company and the Union may agree in writing to the appointment of a person or persons as a single arbitrator to be known as a grievance commissioner (where more than one, acting in rotation) will set aside such time as may be requested by the Company and the Union to consider and determine grievances referred to him hereunder for final and binding arbitration. The grievance commissioner shall have the same powers and be subject to the same limitations as an arbitrator under clause 8.01.

b) Through the grievance commissioner, the parties desire the expeditious means for the effective disposition of grievances, which the parties have agreed may be handled in a summary manner. The rules governing the summary proceedings of the grievance commissioner are set out in this Article.

c) The decision of the grievance commissioner shall only be applicable in the case in question and shall not constitute a precedent nor be used by either party as precedent in future cases.

Notwithstanding anything contained in the agreement, the decision of the grievance commissioner shall:

- i) be consistent with the provisions of this agreement.
 - ii) be confined to the grievance referred to him.
- d)** The Union and the Company shall each be responsible for one half the expenses and fees payable to the grievance commissioner.
- e)** The parties, when referring a grievance to a grievance commissioner, shall also provide him with the Step 1 summary (or as amended by the agreement of the parties) and the decisions of the management representatives at Step 3.
- f)** The parties shall supply the grievance commissioner and each other with additional concise and brief written representations on which they intend to rely provided that such are mailed not less than ten (10) days before the commencement of the hearings of the grievance commissioner.
- g)** The parties shall meet at least ten (10) days prior to the hearing date in order to determine what information or facts can be agreed upon prior to the hearing in order that a statement of facts can be written and provided to each party and the grievance commissioner before the commencement of the hearings.
- h)** The purpose of the hearing is to clarify the issues or facts in dispute. At the hearing, the parties may make such further representations or adduce such evidence as the grievance commissioner may permit or require, but the grievance commissioner shall not be obligated to conform to the rules of evidence.
- i)** The grievance commissioner must render his decision in writing without reasons to both parties within seven (7) days of the conclusion of the hearings. Upon request by either party after his decision has been rendered, the grievance commissioner shall deliver brief reasons but such reasons shall not form part of his decision. The list of grievance commissioners identified to expedite the disposition of the grievance under 8.02 are:
- 1) John Clement
 - 2) Bill Kaplan
- j)** The parties shall jointly write to the grievance commissioner whose name is next in the sequence of rotation seeking a date for a hearing. The grievance commissioners and the sequence of their rotation are specified in (1) above.
- k)** Should any of the grievance commissioners constituting the panel of grievance commissioners withdraw or resign from the panel, then the party who nominated the grievance commissioner who has withdrawn or resigned shall forthwith submit to the other party a list of four (4) nominees from which shall be selected one (1) nominee to replace the grievance commissioner who has withdrawn or resigned.
- Should the grievance commissioner in rotation be unable to hear the grievance within ninety (90) calendar days after the grievance has been referred to him, then he/she shall be passed over to the other grievance commissioner on the list.

8.03 In the event of failure to agree, the Company and the Union shall submit a joint request to the Minister of Labour for Ontario to appoint an Arbitrator.

8.04 The arbitrator shall not have the authority to alter, modify or amend any part of this Agreement, nor make any decisions inconsistent with the provisions thereof. It is mutually agreed that the arbitrator shall have the right to modify any penalty.

8.05 After a grievance has been referred to arbitration, either party may request a meeting between the appropriate representatives of the parties to attempt to resolve the problem.

SUSPENSION OR DISCHARGE

9.01 The following procedure will apply when a seniority employee is to be given a written reprimand or Suspension:

(a) When the Company believes an offence has been committed that warrants a written reprimand or suspension, the employee with a Union representative will be interviewed in an office and advised of the alleged offence within two (2) working days of the Company becoming aware of the infraction. This time limit will not apply in cases of absenteeism.

(b) Following a full investigation by both parties, to be completed within two (2) days of the employee being advised of the offence, unless a longer period is needed and mutually agreed upon, the employee and the Union will be advised of the penalty to be imposed.

(c) When the Union disagrees with the penalty stated above, a meeting may be requested with the employee, the chairperson or his/her designate, and the Manager of Human Resources or his/her designate to be held prior to the employee losing time because of the penalty to be imposed, to attempt to mitigate the discipline. After consideration of the Union's position, the Company will impose the disciplinary action they believe is appropriate under the circumstances. It is understood that Article (c) may not apply to written reprimands.

(d) If after Step (c) the Union still feels the issue has not been properly addressed, it shall be dealt with at Step 3 of the Grievance procedure.

9.02 (a) Article 9.01 shall not apply when the alleged violation may endanger the safety of the employee himself or other employees or be of such a nature that it would be inadvisable to retain the employee in the plant, e.g. such violations involving drunkenness, immoral conduct, theft, sabotage, fighting or matters of a similar nature.

(b) In such cases, the Company may immediately remove such employee from the premises.

9.03 (a) The following special procedure shall be applicable to a grievance alleging improper discharge or suspension of an employee having seniority. He/she shall have the right to interview their committee person or steward in a suitable place for a reasonable period of time before leaving the plant premises. The discharged or suspended employee shall present the grievance in writing, signed by him, to the Company management at any time within three normal working days next following the day on which the discharge or suspension takes place.

The management will review the discharge or suspension with the employee and the committee and render its decision in writing within three (3) normal working days after said review. The consideration of his grievance may include not only the merits of the case, but also what, if any compensation shall be paid for the time lost in the event his reinstatement is agreed upon. The word "committee" as used in this paragraph shall mean the committee mentioned in Section 4.02 (a) or a quorum thereof.

9.04 (a) A copy of all reprimand notations will be given to the employee (including probationary employees) and the Union and such notice will become part of the employees' personnel record. If an employee has had a reprimand notation placed on his/her record and has since the date of that placement, been employed for a period of twelve (12) months without having further reprimand notation placed on his/her record, it is understood that said reprimand or any prior reprimands shall not be used against him/her.

DEVELOPMENT OF STANDARDS

(a) STANDARD TIME

The standard time per piece produced is the length of time required by an average qualified operator working at normal pace and under standard conditions to produce one piece. This time is determined by stop-watch timestudy observation or standard data derived from timestudy in the Company's Georgetown Plant.

(b) Allowance For Miscellaneous Work and Short Unavoidable Delays

In each job there are miscellaneous work elements, such as obtaining stock, handling scrap pieces, disposing of finished work and miscellaneous delays inherent in the job. The normal time required to perform such work is added to and becomes a part of the standard time per piece.

Also, an allowance of 3% is made to cover short unavoidable delays which occur irregularly, such as interruptions by oilers, inspectors, and instructions from the supervisor.

(c) Allowance For Fatigue

An allowance of 5% is included in the standard for fatigue.

(d) Allowance for Personal Needs

An allowance of 6.25% is included in the standard for personal needs and end-of-shift clean-up.

(e) Scrap Allowance

In some operations there is a certain amount of unavoidable scrap. The normal time lost making and handling scrap which cannot be avoided by close attention on the part of the operator is added to and becomes part of the standard time per piece. The operator turns in his production separately - good pieces and scrap pieces.

INSTALLATION OF STANDARDS

The Company will establish standards when and wherever practical. Employees being time-studied will be told why the study is being made. The result of the standard will be given to the employees involved. Standards start on the date the standard is installed. All current rates will be listed in routing books or on the computer and made readily available to employees.

The Union may at any reasonable time and from time to time have a timestudy expert from its engineering department attend at the Company's plant to inquire into the particulars of any established and installed standard, and the Company shall furnish all reasonable and relevant information necessary to enable the expert to complete the said enquiry.

If the employees or the Union feel that an established standard is too high and should be restudied, they are at liberty to request this.

OVERTIME

20.08 (a) Overtime will be equitably distributed among those employees normally performing the work to be done on the line or Department, on the shift the overtime occurs.

Department is defined for example as GMX 211, GMX 365, etc.

- The person who has the least amount of overtime hours working on the job will be asked first.
- If the Company is unable to obtain sufficient employees among those employees normally performing the work, the opportunity will be given to the employees with the least amount of overtime on the same shift, in the department, who are capable of performing the work, without training. The term 'without training' applies to Occupational Groups.
- In cases where overtime hours are equal between two or more employees within the group or classification, the overtime opportunity will be offered to the senior employee.
- Weekend overtime will be posted by the Punch Clock no later than Thursday Noon, whenever possible. If there are any employees who were missed and wish to work the overtime, they must contact their Supervisor and/or Union person, prior to the end of their normal work week.
- When there is a Shift change and overtime is required for the weekend, the current shift sheet will be asked for Saturday overtime and if overtime is required for Sunday, the following week Shift Sheet will be used.
- The Union will furnish at all times a Committee person to work with the Human Resources Department to distribute equitable overtime.
- An employee who refuses to work overtime will be charged with the overtime hours and the opportunity will be passed on to the next employee.
- When an employee changes from one classification to another, as a result of a job posting, he/she will be averaged into the new classification/group.
- All employees will be charged for overtime hours scheduled or asked, or if they are not available but would have otherwise been asked to work.
- Employees will be asked once. If the employee does not have a definite answer, it will be considered

a "no" by the Supervisor and that employee will be required to advise the Supervisor prior to noon Thursday, when it becomes a definite "yes".

- When overtime is needed on Sunday, but not known until Saturday, it shall be offered to the same employees who would have been asked on Friday according to the Shift Sheet, if they are actually at work on Saturday.

(b) When reasonably possible the Company shall give twenty-four (24) hours notice of overtime to employees. Such notice shall also be given to the Steward representing the employees concerned, and whenever he/she is available he/she shall be notified before the employees concerned.

(c) The Company will maintain up-to-date records of the overtime offered in each department and these records will be posted on plant bulletin boards.

(b) LIFE - GUARANTEED TEN (10) YEARS

This option provides payments for the entire lifetime of the retired participant and guarantees that, should the Member die after his pension has commenced but before he/she has received one hundred and twenty (120) monthly payments thereof, the payments shall be continued to his Beneficiary until one hundred and twenty (120) monthly payments in all shall have been made. If the Beneficiary is the retired Member's estate, any remaining guaranteed monthly payments shall be commuted and paid in a lump sum to the estate.

(c) LIFE - GUARANTEED FIFTEEN (15) YEARS

If the Beneficiary is the retired member's estate, any remaining guaranteed monthly payments shall be commuted and paid in a lump sum to the estate.

(d) JOINT ANNUITANT PENSION

Under this option, a Member may have his pension continue for the lifetime of a joint annuitant under one of the following formats:

- (i) after his death the pension shall continue to the joint annuitant in the same amount as had been received by the member prior to the date of his death, or
- (ii) after his death, either one-half (1/2), two thirds (2/3), or three quarters (3/4) of the amount that had been received by the member prior to the date of his death shall continue to the joint annuitant. In the case of the death of the joint annuitant before the member retires under the Plan, the pension will become payable at the retirement date of the member as if the optional form had not been elected. In such case, the member may make another election under the terms of this Section.

7.03 The Company may adopt or establish from time to time, other optional forms of retirement income consistent with the rules and regulations of the Department of National Revenue and any other legislation affecting the Plan.

SECTION 8 - TERMINATION OF EMPLOYMENT

8.01 If a Member's employment with the Company is terminated for any reason other than death or

retirement, subsequent to the completion of two years of continuous service, such member shall receive, commencing on his Normal Retirement Date a deferred life annuity computed in accordance with Section 6.01 hereof using the rate of retirement benefit in effect at the member's date of termination. Such deferred life annuity shall not be capable of surrender or commutation.

SECTION 9 - DISABILITY BENEFITS

9.01 An employee who is a member who becomes Totally and Permanently disabled prior to his Normal Retirement Date and who has completed ten or more years of continuous service, with the Company shall be eligible to receive a disability pension, subject to the conditions in the remaining paragraphs of this Section, computed in accordance with Section 6.01 hereof.

9.02 The pension of a member eligible to receive a disability pension shall become payable, if he/she shall then be living, on the first day of the month next following the later of the date on which he/she shall have filed an application for such pension with the Company on a form supplied by the Company or the date on which he/she ceased to receive remuneration from the Company, draw Weekly Indemnity benefits under the Welfare Benefits Plan Agreement, or be credited with service pursuant to Section 3.02 (c) hereof while receiving Workmen's Compensation benefit, and it shall be payable on the first day of each month thereafter up to and including the earlier of the month in which his disability retirement shall end pursuant to the following paragraphs of this Section or the month in which his death occurs.

9.03 Any member applying for a disability pension shall, if requested by the Company, submit to one or more physical examinations by a Physician or Physicians selected by the Company in order that the Company may determine whether such employee is Totally and Permanently Disabled and thus entitled, if otherwise qualified, to a disability pension.

9.04 A member on disability retirement shall be required to submit to a physical examination at any reasonable time and place during such retirement prior to his Normal Retirement Date for the purpose of determining his condition, whenever such examination shall be requested by the Company, but not more often than twice in any calendar year after Total and Permanent Disability has been established. A member who refuses to submit to any physical examination properly requested in accordance with the provisions of this Section may have his disability pension suspended until he/she does submit to such physical examination.

9.05 If, after his retirement on disability pension but before his Normal Retirement Date, a Member shall cease to be Totally and Permanently disabled, his disability pension shall cease, subject to Section 9.06 hereof.

9.06 If a Member's disability pension ceases pursuant to the provisions of the preceding paragraph, the Company will re-employ the pensioner in accordance with his seniority existing at the date of his retirement if the Company has employment available for him that he/she can do to the satisfaction of the Company. If the Company does not rehire the Member and the only reason for not doing so is because the pensioner does not have the ability to perform the available job to the satisfaction of the Company, then the pensioner's disability pension will continue notwithstanding Section 9.05, hereof.

9.07 A member who was retired on a disability pension in accordance with this Section 9, and who is re-employed upon the termination of his disability shall, upon his subsequent retirement be entitled to a pension based on his Credited Service accumulated on his disability retirement date increased by any Credited Service attributable to his service subsequent to his date of re-employment.

However, the Company may at any time in its sole discretion require the Funding Agency to purchase out of the Pension Fund from a life insurance company licensed to do business in Canada, benefits of equal amount and payable under the same conditions as the pension to which any retiring Member is entitled under the Plan, so long as such action will not result in the Plan ceasing to be approved or registered for purposes of the Income Tax Act.

10.06 Neither the Company nor the Funding Agency shall be liable in any manner if the Pension Fund should be insufficient to provide the payment of any retirement benefits, provided the Company has made the necessary contributions to the Pension Fund pursuant to the requirements of the Pension Benefits Act.

11.03 All normal or reasonable expenses incurred in the operation of the Plan with respect to actuarial, consulting and administrative services will be withdrawn from the Pension Fund, unless otherwise paid by the Company.

11.04 Should any dispute arise between the Company and any employee applicant for a disability pension or pensioner on disability retirement as to whether he/she is, or continues to be, totally and permanently disabled as defined in this Agreement, such dispute shall be resolved as follows:

- (a) The employee applicant or pensioner shall be examined by a physician appointed for that purpose by the Company and by a physician appointed for that purpose by the Union.
- (b) If they disagree concerning either total and permanent disability, or disability under Section 9.01, as the case may be, the question shall be submitted to a third physician selected by the said two physicians. The opinion of the third physician, after examination of the disabled person and consultation with the other two physicians shall decide such question and such decision shall be binding upon the Company, the Union and the disabled person. The fees and expenses of the third physician shall be shared equally by the Company and the Union.

12.04 No payment of pension benefits shall commence until the Member has filed satisfactory proof of age with the Company. A Member who has named a joint annuitant shall also be required to provide satisfactory proof of age for such joint annuitant.

In the event of termination of the Collective Agreement, except as may be provided in any subsequent agreement between the parties, the Company may continue, amend, modify or terminate the Plan provided, however, that any such action shall not operate to adversely affect any benefits otherwise earned by members to the extent the assets of the Fund are sufficient to provide such benefits at the time of such action.

13.08 In the event of the termination of the Plan, the Company shall not be obligated to make any further contributions to the Plan with respect to service after the date of such termination of the Plan.

13.09 Should the Plan be wholly discontinued or terminated all contributions on deposit in the Pension fund shall first be used to provide benefits as outlined in the Plan and Funding Agreement for the Members, their Beneficiaries and joint annuitants, in accordance with their respective shares of the Pension Fund, subject to the requirements of the Department of National Revenue and the Pension Benefits Act, through the purchase of annuity contracts from an insurance company licensed to do business in Canada, or by transfer of the benefits to which the respective participants are entitled to the pension plans of subsequent employers or to registered retirement savings plans or by the continuation of the Pension Fund for the provision of deferred pensions as determined by the Company, or by the payment of cash refunds, subject to the requirements of Revenue Canada and the Pension Benefits Act. RE: INVENTORY

As agreed to during negotiations, when the Company is scheduling inventory during a normal work day (s), and the second shift (afternoons) is not required, the Company will post a notice of such inventory for 48 hours and allow employees from all weekday shifts to sign this list.

The Company will then allow, as per requirement, the most senior employees signing the list to work this inventory.

It is understood that this is being done on a voluntary basis, therefore the employees transferring from one shift to another would receive no shift change premium.

If not enough employees volunteer for inventory, the Company will then assign employees with the least seniority to perform the required work.

Letter # 4

LETTER OF INTENT

Re: ARTICLE 3 - ANTI-DISCRIMINATION; ANTI-HARASSEMENT

Both the Company and the Union are committed to providing a workplace free of discrimination and harassment. Providing fair and equitable treatment for all employees is best achieved in an environment where all individuals interact with mutual respect for each other's rights. All employees are expected to treat all persons with courtesy and consideration and must not engage in discrimination or harassment because of a prohibited ground contrary to the Ontario Human Rights code (the "Code"). Prohibited grounds are race, ancestry, place of origin, colour ethnic origin, citizenship, creed, sex, sexual orientation, age, record of offences, marital status, family status or handicap, as defined in the Code. This joint policy shall be interpreted in accordance with and subject to the provisions of the Code.

The Company and the CAW are committed to providing a harassment free workplace. Harassment is defined as a "course of vexatious comment or conduct that is known or ought to reasonably be known to be unwelcome, that denies individual dignity and respect on the basis of the grounds such as: gender, disability, race, colour, sexual orientation or other prohibited grounds. All employees are expected to treat others with courtesy and consideration and to discourage harassment.

The workplace is defined as all premises of the corporation and any other place at which events organized as a corporate or employee function take place, which may include areas such as offices, production areas, restrooms, cafeterias, lockers, conference rooms, parking lots, off-site company functions and customer visits.

Harassment may take many forms: verbal, physical or visual. It may involve a threat or an implied threat or be perceived as a condition of employment. The following examples could be considered as harassment but are not meant to cover all potential incidents:

1. Unwelcome remarks, jokes, innuendoes, gestures, or taunting about a person's body, disability, attire or gender, racial or ethnic backgrounds, colour, place of birth, sexual orientation, citizenship or ancestry,
2. Practical jokes, pushing, shoving, etc., which cause awkwardness or embarrassment,
3. Posting or circulation of offensive photos or visual materials,
4. Refusal to work or converse with an employee because of their racial background or gender,
5. Unwanted physical conduct such as touching, patting, pinching, etc.,
6. Backlash or retaliation for the lodging of a complaint or participation in an investigation.

Harassment is in no way to be construed as properly discharged supervisory responsibilities including the delegation of work assignments, the assessment of discipline or any conduct that does not undermine the dignity of the individual. Neither is this policy meant to inhibit free speech or interfere with normal social relations.

Complaint and Investigation Procedure:

If an employee believes that he/she has been harassed and/or discriminated against on the basis of a prohibited ground of discrimination, the employee may:

- A) If an employee believes that they have been harassed and/or discriminated against on the basis of any prohibited ground of discrimination, there are specific actions that may be taken to put a stop to it. First, request a stop of the unwanted behaviour. Inform the individual that is doing the harassing or the discrimination against you that the behaviour is unwanted and unwelcome. It is advisable to document the events, complete with times, dates, location, witnesses and details
- B) However, it is also understood that some victims of discrimination or harassment are reluctant to confront their harasser or they may fear reprisals from the harasser, lack of support from their work group, or disbelief by their supervisor or others. The incident should be brought to the attention of your Supervisor and/or Union Representative.
- C) If the Supervisor and/or Union representative cannot, to the satisfaction of the employee, deal with the complaint, it will then be submitted in writing to the joint committee. The joint committee will

be comprised of two (2) representatives selected by the Company and two (2) representatives selected by the Union. Where the complainant is a woman and the complaint involves sexual harassment or gender discrimination, the joint investigation committee will include at least one (1) woman. These representatives must be appropriately trained regarding harassment and discrimination issues. It is understood that only one representative will be utilized from each side at one time.

The joint committee will conduct an investigation of the complaint. The joint investigation will include interviews of the complainant, any employee accused in the complaint, witnesses and other persons named in the complaint. Any Union member interviewed by the joint committee may, if he/she so wishes, have Union representation during the interview.

It is the intention of the Union and the Company that, where practical, the joint investigation will begin within five (5) working days of the lodging of the written complaint and shall be completed within fifteen (15) calendar days after the lodging of the written complaint.

In conducting the joint investigation, both the Union and the Company shall, to the extent practicable, maintain confidentiality. Records of the investigation, including interviews, evidence and any recommendations made by the joint committee will be securely maintained in the offices of the Company and the Union. Upon the completion of the joint investigation, the joint committee will complete a written report of its findings and recommendations and submit a copy of the completed report to the Human Resource person and the Plant Chairperson. If the members of the joint committee do not agree, the report may reflect differences in the findings.

If a harassment complaint is proven valid, appropriate corrective action will be taken against the offending employee(s). If, after completion of a thorough investigation, a harassment complaint can neither be proved or disproved in the view of the investigators, the local Human Resource person, on consultation with the local plant chairperson, will attempt to resolve the conflict in a manner that is agreeable to all parties.

If there is no agreement, the Company reserves the right to take such action as it deems appropriate, subject to the collective agreement. In the event the complaint remains unsolved and a violation of the collective agreement is alleged, the matter may be considered as a grievance beginning at Step 3 of the grievance procedure.

Nothing in this Letter of Understanding prevents an individual employee complaining of harassment or discrimination from filing a complaint under the Code.

18.01 except that direct labour employees will be at base rate times 1.2 plus C.O.L.A., plus shift premium where applicable.

19.01 except that for an incentive employee payment will be at base rate times 1.2 plus C.O.L.A. plus shift premium where applicable.

INCENTIVE PAY PLAN

20.07 (a) Pursuant and subject to the provisions of Paragraph 4 (b) the Company has established the incentive pay plan described in Schedule "B" hereto annexed and made a part hereof.

(b) For the employees' protection, established incentive work rates will not be altered except as provided for in Schedule "B" which forms part of this Collective Labour Agreement and is attached hereto.

SCHEDULE "B"

1. TYPE OF PLAN

This incentive pay plan is designed, but not guaranteed, to provide the average qualified employee working on a time-studied direct labour production job operating under standard conditions the opportunity to earn approximately 20% over the base rate for the job by applying reasonable proportionate effort, attention and care to the job. It is understood that since there is no such thing as an average employee, some employees may earn in excess of 20% while others may earn less than 20%. The incentive pay plan is known as a "100%" or "standard hour plan". For each 1% increase in production over standard the employee receives a 1% increase over the base rate. There is no ceiling on earnings.

2. INCENTIVE STANDARD

The standard is expressed in terms of standard hours required to produce 1000 units, such as pieces, pounds, or feet. It measures how many units an average qualified employee can produce under standard conditions in one hour at a normal pace. It includes time allowances for miscellaneous work elements; short delays which are unavoidable even when the job is running properly and allowances for rest and personal needs. An employee earns incentive pay by producing more than standard. The incentive pay is computed on the base rate as set forth in Schedule "A".

For example, if the standard is 100 pieces per hour, i.e., 10.0 standard hours per thousand pieces, the average qualified employee, by applying reasonable proportionate extra effort, attention, and care to the job, should, working as provided in paragraph 1, turn out 960 pieces in an 8 hour shift. He/she will then have earned 9.6 standard hours.

$$\begin{array}{r} 10 \text{ Standard Hours} \\ 900 \text{ x} \qquad \qquad \qquad = 9.6 \text{ hours} \\ 1000 \text{ pieces} \end{array}$$

If the base rate on the job is \$1.60 per hour, his earnings for the shift will be \$15.36 (\$1.60 x 9.6 standard hours), \$2.56 more than he/she would have earned at the base rate.

3. EFFECT OF OTHER PAY POLICIES

(a) OVERTIME

The incentive pay is computed on the base rate plus overtime premium.

(b) SHIFT DIFFERENTIAL

Shift differential is not included in computing incentive pay.

(c) VACATION PAY

The incentive pay increases the employees' vacation pay because it is included in "gross earnings".

(d) HOLIDAY PAY, CALL-IN, ETC.

The incentive pay does not affect holiday pay or call-in pay which are paid at the employees' base rate.

(e) Inventory work shall be paid for at the base rate plus shift premium where applicable for employees so engaged except that for employees working on incentive, payment will be at base rate x 1.2 plus shift premium where applicable.

4. BASE RATE GUARANTEED

In all cases the employees' earnings are at least the number of hours worked times the base rate of the job.

For example, if the standard is 10 standard hours per 1000 pieces and the employee turns out 700 pieces in an 8 hour shift, he/she has earned only 7 standard hours.

$$\begin{array}{r} 10 \text{ Standard Hours} \\ 700 \text{ x} \qquad \qquad \qquad = 7.0 \text{ hours} \\ 1000 \text{ pieces} \end{array}$$

In such case, if the base rate of the job is \$1.60 per hour, his earnings for the shift are \$12.80 (\$1.60 x 8 hours), not \$11.20 (\$1.60 x 7 standard hours).

5. INCENTIVE EARNINGS PAID BY JOB

If an employee works on two incentive jobs which are operating properly for four hours each on one shift at a base rate of \$1.60 per hour and produces 5 standard hours on the first job and 4.6 standard hours on the second job, he/she earns 9.6 standard hours for the shift. His earnings for the shift will be \$15.36 (\$1.60 x 9.6 standard hours).

If on the second job he/she earns only 3.5 standard hours, he/she is paid 9. standard hours for the shift. His earnings for the shift are then \$14.40 (\$1.60 x 9. standard hours).

6. PAYMENT WHEN NOT ON INCENTIVE

(a) Job Not Covered By Incentive

When an employee works on a job which is not covered by an incentive standard he/she is paid the base rate of the job.

Assume an employee works on two jobs four hours each at a base rate of \$1.60 per hour. The first job is on incentive and the employee produced 4.8 standard hours while the second job is not on incentive. His earnings for the day are \$14.08 (\$1.60 x 4.8 standard hours plus \$1.60 x 4 hours).

(b) Downtime

Downtime is when the employee is unable to produce at all because of lack of material, machine breakdown, waiting for set-up, etc. In such cases, the operator shall ring out and contact his supervisor who will authorize the applicable downtime when the job is restarted or the operator is reassigned if such downtime is three (3) minutes or more. Downtime is paid at the base rate of the job.

Assume an employee works on a job for 7.5 hours producing 9 standard hours and then encounters .5 hour of downtime because the job was "out of stock". If the base rate is \$1.60, his earnings for the day will be \$15.20 (\$1.60 x 9 standard hours plus \$1.60 x .5 hours).

(c) NON-STANDARD

If the employee is unable to produce enough units to earn the equal of the base rate because of poor material or improperly operating equipment, then the operation is on non-standard.

The employee encountering such difficulty will immediately contact his supervisor. If, in the judgement of the supervisor, the incentive standard does not apply, the supervisor will authorize the employee to work on a non-standard basis. The employee will then be paid at the base rate for the pieces produced during this time until the trouble is corrected. All non-standard time cards will be authorized by the supervisor and a timestudy person before the non-standard period is granted.

For example, suppose the employee works 5 hours on incentive at \$1.60 base rate, producing 6 standard hours, and then has trouble for 3 hours. The supervisor and timestudy person authorize the 3 hours on non-standard. His earnings for the shift will be \$14.40 (\$1.60 x 6 standard hours plus \$1.60 x 3 hours).

(e) Machine Opportunity Allowance

On some jobs the employees' production is limited by the machine. In such cases, an addition to the other applicable allowances, a "machine opportunity allowance" is added to the standard machine time to provide the employee working as provided in paragraph 1 the opportunity to earn 20% incentive pay.

9. CHANGE IN STANDARDS

Established incentive standards Code 2 will not be altered except because of a change in material, equipment, method of manufacturing, a demonstrable clerical error or by mutual agreement. Only those elements affected by the change will be revised.

10. SUBSTITUTE AND ADDED OPERATIONS

Substitute and added operations will be paid at Group 56 rate. However, if the quantity of parts to be produced in the opinion of the Company justifies the installation of an incentive standard, it will be installed and the employee will be paid at base rate, plus incentive.

11. TEMPORARY INCENTIVE STANDARDS

Temporary incentive standards in accordance with paragraph 1 may be installed when it is impracticable to use established standards because of job conditions varying due to equipment, material, process or method employed.

Temporary incentive standards are applicable to those jobs that would eventually have established standards and are applicable for a time not exceeding 30 days of job operation.

Temporary incentive standards will be listed in the computer routings under Code 3.

12. The within described plan shall be subject to the grievance procedure.

13. In establishing an incentive standard for a group the Company will install a group incentive standard based on the controlling or limiting operation.

Each member of the group will receive the same percentage incentive pay.

Revisions of incentive group standards may be made from time to time pursuant to paragraph 9.

Such revised standards shall be based on whichever operation, following the revision, controls or limits production.

14. The payment of codes under the Incentive Pay Plan are as follows:

- Code 1 - Estimated Standard, No Incentive Pay
- Code 2 - Permanent Standard, Incentive Pay
- Code 3 - Temporary Standard, Incentive Pay (section 11)
- Code 4 - Non Standard Condition, Incentive pay on deviation where applicable.

15. GENERAL

The Incentive Plan is one of the basic foundation stones of the Company and it forms a part of the Collective Labour Agreement between the Company and its hourly rated incentive employees as represented in this plant by the C.A.W. The plan is printed in the contract as Schedule 'B'. It is the desire of the Company that the Plan operate efficiently and fairly.

It is recognized that over a span of years, persons both in Management and in the Bargaining Unit, may for varying reasons come to overlook or forget the actual meaning and intent of some of the provisions in the Plan and this may lead to abuse, or apparent abuse of the Plan.

During the recent negotiations, considerable discussion took place concerning the Plan and a number of assurances were made to the Union and our employees, among these assurances are:

- (1) No incentive standard is altered merely because a part number is changed;
- (2) No incentive standard is altered merely because additional or extra effort results in high earnings;
- (3) Any altering of an established standard must be in accordance with Article 9 of the Plan and if the employees or the Union are not in agreement, they may question or grieve the alteration;
- (5) The Company will instruct persons on your level, and the intent of this item is to do that, that both Article 6(b) and Article 6(c), i.e., downtime and non-standard condition (Code 4) respectively, will be strictly adhered to especially with a view of permitting incentive workers to protect their incentive earning;
- (6) Realizing that it is the desire of all parties to keep downtime to a minimum, and further realizing that during downtime the employee is not working and thus not earning incentive, if the operation is not to cease and if the situation giving rise to the downtime is not expected to last more than one hour, the operation will be made Code 4 before returning to Code 2. However, if it is envisaged that the situation will continue longer but it is desired that the operation continue, a deviation to the established standard will be set as soon as possible so the employee shall again have the opportunity to earn incentive;
- (7) In the event that the situation referred to in paragraph 6 above should occur on a shift when time study personnel are not available, and it is deemed desirable that the operation continue, the employee would go on Code 4 (to protect earlier incentive earnings) and as soon as time study was available a deviation would be established and the employee would be paid accordingly for the time spent under Code 4.

23.01(d) Except in the case of a group operation in which case the operator or operators shall be paid the incentive earnings of the group.

The company has also agreed to provide training for deviation procedures following ratification of the Collective Labour Agreement.
