## **ARTICLE 2 - RELATIONSHIP**

- 2.01** Subject to the terms of this Agreement, it is the Company's right to operate and manage its business in all respects in accordance with its responsibilities and commitments.
- 2.02** The location of plants, the products to be manufactured, the schedule of production subject only to the provisions of Article 14 herein, the methods, processes and means of manufacturing are solely and exclusively the responsibility of the Company.
- 2.03** The Company has the right to make and alter from time to time rules and regulations to be observed by the employees provided that such rules and regulations are not unreasonable and not inconsistent with the provisions of the Agreement. The Company will notify the Union a minimum of two (2) weeks in advance and employees will be notified one (1) week prior to the implementation of any new or revised rule or regulation except where the Company is required by

law to respond sooner.

- 2.04** It is an exclusive function of the Company to hire, promote, demote, transfer, suspend, layoff, discipline or discharge for just cause, and to consign employees to shift work subject to the terms of the Collective Agreement.

### **ARTICLE 3 - NON-DISCRIMINATION/HARASSMENT**

- 3.01** Both the Company and the Union are committed to providing a workplace free of discrimination and harassment. Employees must not engage in discrimination or harassment because of prohibited ground contrary to the Ontario Human Rights Code (the "Code"). Prohibited grounds are race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, sex, sexual orientation, age, record of offenses, marital status, family status or handicap, as defined in the Code. This provision shall be interpreted in accordance with and subject to the provisions of the Code.

Employees shall not be discriminated against on the basis of union affiliation.

- 3.02** The Union and the Company recognize that sexual or racial harassment is a cruel and destructive behaviour against others that can have devastating effects.

- a) Sexual harassment is any unwanted attention of a sexual nature such as remarks about appearance or personal life, offensive written or visual actions like graffiti or degrading pictures, physical contact of any kind, or sexual demands.
- b) Racial harassment is any action, whether verbal or physical that expresses or promotes racial hatred in the workplace such as racial slurs, written or visually offensive actions, jokes or other unwanted comments or acts.

#### **3.03 Complaint and Investigation Procedure**

- a) If an employee believes that he/she has been harassed and/or discriminated against on the basis of a prohibited ground of discrimination the employee may bring the incident forming the basis of the complaint to the attention of his/her supervisor and/or Union representative. In minor cases, not involving repeat incidents, the Company and Union agree that the Union may try to resolve a harassment or discrimination complaint between Bargaining Unit employees informally using the CAW Internal Procedure without a full investigation when so requested by the Bargaining Unit complainant. The outcome of this attempted resolution will be communicated to the Company. If the employee's supervisor and/or Union representative cannot, to the satisfaction of the employee, deal with the complaint, the employee may submit his/her complaint in writing to the Joint Committee.
- b) The Joint Committee will be comprised of two representatives selected by the Company and two representatives selected by the Union. Where the complainant is a woman and the complaint involves sexual harassment or gender discrimination, the joint investigation committee will include at least one woman. These representatives must be appropriately trained regarding harassment and discrimination issues.

- c) The Joint Committee will conduct an investigation of the complaint. Investigations will be jointly conducted by one (1) representative from the Company and one (1) from the Union. The joint investigation will include interviews of the complainant, any employee or supervisor accused in the complaint, witnesses and other persons named in the complaint. Any Union member interviewed by the Joint Committee may, if he/she so wishes, have Union representation present during the interview.
- d) It is the intention of the Union and the Company that, where practical, the joint investigation will begin within five (5) working days of the lodging of the written complaint and shall be completed within fifteen (15) calendar days after the lodging of the written complaint.
- e) In conducting the joint investigation, both the Union and the Company shall, to the extent practicable, maintain confidentiality. Records of the investigation, including interviews, evidence and any recommendations made by the Joint Committee will be securely maintained in the offices of the Company and the Union.
- f) Upon the completion of the joint investigation, the Joint Committee will complete a written report of its findings and recommendations and submit a copy of the completed report to the Human Resources Manager and the Plant Chairperson. If the members of the Joint Committee do not agree, the report may reflect differences in the findings.
- g) The Human Resources Manager and the Plant Chairperson will then attempt to agree on what action if any (other than discipline) should be taken as a result of the complaint and the findings of the Joint Committee. Any agreed action will then be implemented.
- h) If there is no agreement, the Company reserves the right to take such action as it deems appropriate, subject to the Collective Agreement.
- i) In the event the complaint remains unresolved and a violation of the collective agreement is alleged the matter may be considered as a grievance beginning at step 3 of the grievance procedure.
- j) An employee alleging harassment in the workplace is encouraged to use the above procedure to resolve a complaint. However, it is agreed that when the safety of an employee is being threatened, it may be necessary for that employee to leave the job. In such case the complainant advises the Supervisor, who in turn, advises the Union representative.
- k) The complainant details the complaint in a written statement with the Union representative and/or Supervisor.
- l) The Human Resource Manager and the Plant Chairperson are notified and they refer the matter to the Joint Committee. The Joint Committee will then proceed as in clause (b) through (i) above.
- m) The complainant is re-assigned to a suitable area or sent home without loss of pay until the investigation is begun, unless both Union and Management agree that an extension is necessary.

- 3.04** This Article is not intended to restrict any employee's rights under the Ontario Human Rights Code.

## **ARTICLE 7 - GRIEVANCE PROCEDURE**

**7.01** The parties hereto desire that every complaint shall be dealt with as it justly deserves as quickly as possible.

### **7.02 Step 1:**

Should a grievance arise, the employee shall along with his/her Steward, or in the absence of a Steward with a member of the Plant Committee, discuss it with the Supervisor within four (4) working days after the event giving rise to the grievance or within four (4) working days after the employee became aware or ought to have become aware of the event giving rise to the grievance. The Supervisor shall reply by the end of the next working day.

### **7.03 Step 2:**

If the reply of the Supervisor to the grievance is not satisfactory to the employee, then he/she may reduce the grievance to writing, sign it with the steward, or in the absence of the steward with a Committeeperson. The grievance should identify the clause or clauses alleged to have been violated along with a brief explanation of the issue(s) involved. The Committeeperson shall present it to the General Foreperson or his/her designate within three (3) working days from the date that he/she received the reply of the Supervisor.

The General Foreperson, or his/her designate, will meet with the Committeeperson or designate and render a decision in writing within three (3) working days after the day on which the grievance was presented.

### **7.04 Step 3:**

If the reply of the general foreperson or his/her designate is not satisfactory to the Union, the grievance may be presented by the Plant Chairperson to management within four (4) working days from the date of the reply of the General Foreperson or his/her designate. The Plant Committee and Management shall meet within five (5) working days after the grievance has been so presented.

Upon request by either party, the Local Union President(s) and/or the National Union Representative(s) may be in attendance. Within four (4) working days after the Step 3 meeting, management will render a decision in writing and submit it to the Plant Committee.

Third Step grievance meetings must be held a minimum of once a week, provided there are grievances, and such meetings will be at least four (4) hours in duration if such time is required.

#### **7.05 Discharge or Suspension Grievances**

A claim by an employee that he/she has been discharged or suspended without just cause may be treated as a grievance, which shall commence at the 3rd step as provided in Article 7.04. The grievor may be present at the 3rd step meeting. The right to a grievance shall be deemed to be waived if no grievance has been presented within five (5) working days of the aforesaid dismissal or suspension.

- 7.06** Whenever possible if two (2) or more employees simultaneously have the same alleged grievance under the same circumstances, it will be presented as a single group grievance with the name of each grievor shown. The group grievance is to be initiated at Step 1.

If, in the course of the grievance procedure dealing with a particular issue, subsequent individual or group grievances are filed that complain about the same matter, it is agreed that such subsequent grievances will whenever possible be consolidated with the original grievance and dealt with as one group grievance at the request of either the Company or the Union.

- 7.07** The Plant Chairperson or his/her designate, in his/her absence, may file a policy grievance with management. A policy grievance is defined and limited to one which alleges misinterpretation or violation of the provisions of this Agreement and which could not otherwise be resolved at a lower step of the grievance procedure because of the nature and scope of the subject matter of the grievance.

A policy grievance will be referred to Step 3 of the grievance procedure.

If a determination is made that a grievance filed as a policy grievance should have been filed as an individual or group grievance pursuant to the terms of this Collective Agreement, the parties agree that such improper filing will not be grounds for dismissal of the grievance. Rather, should such a determination be made, the parties agree that the grievance will be deemed to have been filed as an individual or group grievance, as applicable.

- 7.08** Failure by a grievor or grieving party to observe the time limits imposed for initiating a grievance, moving a grievance to the next step or calling for arbitration, will be deemed an abandonment of the grievance. The time limits may, however, be extended or curtailed in individual cases by mutual agreement of the parties.

If the responding party fails to observe a time limit prescribed for responding in the grievance procedure, without receiving an extension in writing, the grievance may be submitted by the moving party to arbitration or to the commissioner at their choice and the arbitrator or commissioner shall be selected by the moving party from the list contained in Article 8.

- 7.09** The term "working days" when used in this Agreement for grievance procedure shall exclude Saturdays, Sundays, holidays as defined herein and plant shutdown periods.

## **ARTICLE 8 - ARBITRATION**

- 8.01** Any grievance not satisfactorily settled through the grievance procedure may be appealed to an arbitrator, provided written notice of the party's intention to refer the dispute to an arbitrator is given to the other party, within ten (10) working days after the receipt of the last decision.

The party delivering the written Notice to Arbitrate shall indicate in the notice the arbitrator for that grievance from the following list:

Martin Teplitsky  
 Peter Barton  
 Anne Barrett  
 Ross Kennedy  
 Pamela Picher  
 Jane Devlin

Arbitrators will be selected in the order they appear on the list above, starting with the top of the list and moving to the bottom in the order that written notice to arbitrate are received. In the event that the arbitrator is no longer available to arbitrate, that particular case will be referred to the next arbitrator on the list. Should the schedule of the selected arbitrator be such that he/she is not available for a significant period of time, the parties may mutually agree in writing to move to the next arbitrator on the list. Each plant will use the same list but will select arbitrators based upon their utilization separate from the other plants.

### **8.02**

- a) The arbitrator shall not make any decision inconsistent with the provisions of this Agreement nor shall he/she alter, modify or amend any part of this Agreement except as provided for in Article 8.02(b).
- b) Where the Company has set a wage rate for a new or reclassified job classification that the Union is not satisfied with, the matter may be referred to an arbitrator. The arbitrator will have the authority to set, a new wage rate for the classification and award redress. In setting a new wage rate, the arbitrator shall be limited to making comparisons to other classifications, wage rates and job responsibilities covered by this Agreement. However, if the rate at issue is a rate for a skilled trade, the arbitrator shall have the authority to make comparisons to employees in other plants working in the same skilled trade.

- 8.03** The arbitrator's decision shall be binding on the parties. The cost of the arbitrator shall be shared equally by both parties. The Company will pay the wages of the Plant Committee who appear at the arbitration hearing.

### **8.04 Commissioner System**

- a) Commissioner System: As an alternative to the regular arbitration procedure provided for herein, the parties may agree, in writing, to refer a grievance for final and binding arbitration to a Grievance Commissioner, selected from the following list in the order in which their names appear:

(Ross Kennedy            Martin Teplitsky)

The Grievance Commissioner shall have the same powers and be subject to the same limitations as an arbitrator appointed pursuant to the regular arbitration procedures provided for herein.

- b) Through the Grievance Commissioner, the parties desire an expeditious means for the effective disposition of grievances which the parties have agreed may be handled in a summary manner. The rules governing the summary proceedings of the Grievance Commissioner are set out as follows:
- i) The decision of the Grievance Commissioner shall be confined to the grievance referred to him or her. Such decision must be consistent with the provisions of this Agreement, and the Grievance Commissioner shall have no power to alter, modify or amend any part of this Agreement;
  - ii) The decision of the Grievance Commissioner shall only apply to the case before him or her and shall not constitute a precedent or be used by either party as a precedent in any future cases.   - iv) The parties shall meet at least thirty (30) days prior to the scheduled hearing date set by the Grievance Commissioner in order to determine what facts can be agreed upon. All such facts will be put together in joint Agreed Statement of Fact by the parties. In addition, a joint Statement of Evidence will be prepared by the parties which will outline all facts and assertions that cannot be agreed upon that each party considers relevant and intends to call evidence in respect of at the hearing of the case. Both the Agreed Statement of Fact and the Statement of Evidence will be signed by both the Company and the Union and will be provided to the Grievance Commissioner at least ten (10) days before the commencement of the grievance hearing;
  - v) The purpose of the hearing is to clarify the issues or facts in dispute. At the hearing, the parties may make such further representations or adduce such evidence as the Grievance Commissioner may permit or require, but the Grievance Commissioner shall not be obligated to conform to the rules of evidence.

#### COLA /Oakville Closure And Retirement Plan:

Following ratification, the parties agree that the next \$0.63 per hour increase in COLA payment generated under the collective agreements will be treated as follows:

The first \$0.63 per hour increase will not be applied or included in any calculation under the collective agreements. The \$0.02 offset does not apply to the first \$0.63 but will be reinstated thereafter.

Once the \$0.63 per hour increase referred to above, has been treated as indicated, further increases in COLA payments shall be applied pursuant to the provisions of the collective agreement.

The Company will contribute \$0.20 per hour toward the creation of a special fund. This contribution will commence on the 1<sup>st</sup> day after the close of sale and purchase of the company and will accumulate and be funded by the company every 6 months.

The fund will be jointly administered by the company and a committee of the union.

The fund will be used to satisfy the ESA severance obligations only to employees laid off from the Oakville plant as a result of plant closure.

The full amount of ESA severance owing to the Oakville employees identified herein will be payable according to the schedule below. The parties agree to attach a list of eligible employees to this memorandum.

The parties will invite employees eligible, through the duration of the collective agreements for retirement, to indicate their interest for the Retirement Incentive Plan.

The 52 most senior eligible employees who have indicated that they would like to participate, will be given a one time opportunity to accept the incentive. The ESA severance and RIP payments will be made in the following order, but will be subject to funds being available in the special fund. At the end of the first 6 months following ratification, 6 employees will be offered a retirement incentive of \$15,000.

At the end of the first 12 months following ratification, 7 employees will be offered a retirement incentive of \$15,000.

At the end of the first 18 months following ratification, 6 employees will be offered a retirement incentive of \$15,000.

At the end of 24 months following ratification, the Oakville employees eligible to receive ESA severance payments will be paid, unless they have the right to continue their recall rights and choose to remain on the Company's recall list. In addition, 7 employees will be offered a retirement incentive of \$15,000.

At the end of the first 30 months following ratification, 13 employees will be offered a retirement incentive of \$15,000.

At the end of the first 36 months following ratification, 13 employees will be offered a retirement incentive of \$15,000.

In order for the Oakville employees to receive payment from the above fund, eligible employees must not have been employed at any other A.G. Simpson plant by the time that the funds have been accumulated.

The conditions of this whole provision will apply for the duration of the collective agreements only.

- 9.04** The first two (2) cents of each quarterly adjustment will not be paid out but rather will be retained by the Company. Should the COLA adjustment in any one quarter not increase by at least two (2) cents there will be no carry over of that quarterly offset.

## **ARTICLE 10 - SENIORITY**

It is agreed that the term "seniority" as used herein shall have reference to an employee's right to a job based on his/her length of service with the Company subject to the other provisions of this Agreement.
- b) All promotions, demotions, filling of vacancies, layoffs, and re-hiring after layoff shall be strictly in accordance with the principle set forth in Article 10.01(a).
- c) Seniority of each employee covered by this Agreement shall be established after a probation period of forty-five (45) working days or 360 hours worked within any twelve (12) month period and shall count from date of employment. When two (2) or more employees have the same seniority date, ranking of such employees on the seniority list shall be by their Company clock number except as provided in Article 36.03.
- d) In addition, following successful completion of the probationary period an employee will be paid for any plant holidays as defined in Article 13.01 that fall during the employee's probationary period.
- e) The termination of a probationary employee shall be considered for just cause unless the termination is contrary to the provisions of the Ontario Human Rights Code, or if the termination is arbitrary, discriminatory, or in bad faith. The Company agrees to perform evaluations of probationary employees, based on the Company's expectations and concerns.

- 10.02** A seniority employee shall continue to accrue seniority except as otherwise provided in this Agreement.

**10.03** Seniority standing shall be cancelled and employment terminated if an employee:

The term layoff shall include any reduction of thirty (30) calendar days or more in a classification.**11.02**

- a) Whenever it becomes necessary to decrease the working force and a layoff is necessary, students employed for the school vacation period and probationary employees will be the first laid off.
- b) If further layoffs are necessary, the most junior employee in the job classification affected will be selected. For a layoff period of up to four (4) weeks, such employee may only bump the most junior seniority employee within the plant, provided he/she has the ability to perform the work of that classification within a five (5) working day familiarization and trial period. The affected employee must give notice in writing within two (2) working days from the date the notice of layoff is posted of whether he/she elects to bump or to be laid off in lieu of exercising his/her bumping rights. Where it would be detrimental to the Company's ability to meet its customers

requirements the Company may retain employees out of line of seniority for up to four (4) weeks in classifications where bumping employees are not able to perform the work without training. Every effort will be made by the Company and the Union to find mutually acceptable ways of minimizing the retention of employees out of line of seniority including the possible use of other qualified employees for temporary periods of time.

- c) If the layoff period extends beyond four (4) weeks, on or before the conclusion of the fourth week the originally affected employee in paragraph (b) above will be notified by the Company that he/she may elect to bump the junior employee in a classification of his/her choice, provided he/she has the ability to perform the work of that classification following the normal training/trial period for such classification as per Article 12.

The affected employee must advise the Company of his/her choice of classification immediately upon notification. The Company will attempt to contact any affected employee who is absent unless he/she has previously advised the Company in writing what classification(s) he/she wishes to bump into. Should the Company be unsuccessful in contacting the employee he/she will be placed in a classification by mutual agreement between the Company and the Union.

- d) The affected employee in paragraph (c) above shall exercise seniority in the same manner.
- e) In no case shall an employee be allowed more than one bump in any one layoff unless he/she is subsequently bumped or a further reduction takes place. Should the employee fail to perform the job he/she will be assigned to the work performed by the junior employee in the plant whose job he/she is able to perform.
- f) An employee may elect to be laid off in lieu of exercising his/her bumping rights.
- g) Employees will be given individual written notice of at least three (3) working days notice provided the layoff does not exceed a period of four (4) weeks. If in excess of four (4) weeks, it shall be five (5) working days notice or in accordance with the Employment Standards Act. The Plant Chairperson or his/her designate if available shall be given advance notice of the layoff. The Company will provide separation papers with an employee's last pay cheque.
- h) The Plant Chairperson shall be provided with a copy of the final results of the layoff including which employees are laid off and what bumps have taken place.
- i) In a temporary layoff of two (2) consecutive eight hour work days or any part thereof seniority shall not apply and notice need not be given. Should work be available in another classification, it shall be offered to the affected employee with the most seniority, provided such employee is able to perform the work of that classification. This type of temporary layoff shall not exceed one (1) normally scheduled work week in any calendar year, or forty (40) working hours in a calendar year. The company will supply employees and the Union with a copy of a standard form when this clause is invoked.

### **11.03 Recalls**

- a) When recalling employees to work after a layoff, they shall be recalled by seniority in the reverse order of layoff provided they have the ability to perform the work of that classification following

the normal training/trial period for such job as per Article 12.

### **Internal Recalls**

When an active employee is recalled to a former classification, within their twelve (12) month recall period, such employee may elect to decline such recall. Any employee declining such recall to a former classification will give up all rights to return to such classification.

When any employee declines a recall to a former classification, the Company will continue through the recall list by seniority until the position is filled. If such position is not filled through recalls it will be filled by job posting as set forth in Article 12.

If an employee has been displaced from more than one (1) classification due to layoffs or bumps, they shall hold recall rights to all former classifications provided such position becomes available within twelve (12) months of being displaced from the classification. If more than one permanent recall exists at the same time, the laid off employee shall be given and must accept/decline the recall in the classification that he/she was first displaced from before proceeding to the next choice.

- b) Notice of recall will be given in writing and sent to the employee by courier or by registered mail to the employee's last known address. In addition to the above, other means of contacting an employee may be attempted by the Company.
- c) The employee shall report back to work no later than five (5) working days after receipt of written notification of recall. If such employee fails to respond to such recall within the said five (5) working day period, without a valid reason, he/she shall lose his/her seniority and his/her right to be recalled.
- d) It is the employee's responsibility to inform the Company immediately of any changes of address or telephone number.

  - i. The number of employees required;
  - ii. The scheduled duration of the weekend production crew i.e start date and stop date;
  - iii. The various functions to be expected and the classifications required;
  - iv. Hours /shifts to be worked;

- v. Type of assignment (temporary or permanent).
- b) This weekend production crew will be filled by production employees per the job posting procedure. This job posting will be identified as either a permanent or temporary assignment for basis of determining if the employee has the right to return to their previous bid job, or if they are to be laid off from the weekend crew.
- c) Except as stated elsewhere, employees assigned to the weekend production crew will be required to work in various functions. The Union also agrees that such crossing of normal classification boundaries does not constitute a violation of the Collective Agreement.
- d) The Company will provide the Union and employees affected with the required notice of lay-off under the terms of Article 11 of the collective agreement. At least an additional 5 working days of notice will be provided to the Union and employees.
- e) The Union acknowledges that despite the introduction of the weekend production crew, circumstances may arise whereby overtime may still be required under the conditions specified in Article 15.01 language, the employees for overtime assignments will be obtained from the regular scheduled employees (Monday – Friday shifts)
- f) The rate of pay for the weekend production crew will be that of a Press Operator. In the event an employee from the weekend production crew is temporarily placed in a higher paying classification due to an emergency, he/she shall receive the rate of that classification.

Whenever possible the successful applicant will be transferred within ten (10) working days after being advised of the results of the posting or on the date the job becomes available if such date is later.

**12.02** The resulting vacancies left by the successful applicants referred to in Article 12.01 above shall continue to be posted until there are no bargaining unit applications on file.

**12.03** In filling postings the employee with the greatest seniority who applies for the job provided he/she is available within ten (10) working days of the date the job is available or is not available only because he/she is on vacation, will be given the job provided he/she is able to perform the job following an on the job training/trial period of up to five (5) working days. For those classifications identified by an asterisk in Appendix "A" the training/trial period shall be up to ten (10) working days. The on the job training/trial period may be extended by mutual agreement of the Company and the Union.

Any other employee affected thereby will be returned to his/her job on a similar basis and thereafter the original job will be filled by the next most senior applicant as per this clause. The Company will continue down the list until a successful applicant is attained

When there is a job posting in the classification of layout inspector, the Human Resource Manager, the Department Manager, the Plant Chairperson and Committeeperson will review the qualifications of applicants. If none of the applicants have the required qualifications the Company will have the right to fill the position as they deem appropriate. They shall be selected from the Local Joint Health and Safety Committee, unless mutually agreed otherwise. The Company is to pay for lost time and registration.

Every certified member of each JHSC will complete hazard specific training. Where required, each plant will complete a new hazard assessment, to be conducted by the new certified members, if any. Otherwise, the hazard assessment will be conducted by existing certified members. The assessment will be done using the original WHSA format. This assessment will determine any specific training that is required for the Part 2 Hazard Specific training. This specific training will be taken from modules established from the Workers' Health and Safety Centres Hazard Specific Modules. This specific training will be at least forty (40) hours in total. Where at the discretion of the Joint Health and Safety Committee any member is deemed to have met the criteria for any module through previous training or experience, the training for that module may be waived.

Should such an accident occur when the Union Co-Chairperson is not available, a designated alternate will participate in the investigation, and the Union Co-Chairperson will be provided with a copy of the investigation report and will participate in any further investigation of the accident. Every injury or near miss that involves or would have involved a worker going to a first aid attendant, Doctor or hospital must be investigated. The supervisor and the Union Co-chair person or designate and the Company Co-chair person or designate from the JHSC shall investigate the accident or incident. The parties agree that the primary responsibility for accident/incident investigation rests with the worker's immediate supervisor. The Co-chair persons or designates act primarily as resources in this process.

The Union Committee and the JHSC Co-chair persons shall automatically receive as soon as they are available, a copy of all form 7's (or designated replacement forms from the new Workplace Safety and Insurance Board), a copy of the plant's report on injury and illness data, the plant's employee hours worked, and frequency and severity rates.

The parties understand that should any changes occur to the legislation and/or the Ontario Ministry of Labour's support for the subject legislation (The Occupational Health & Safety Act and its Regulations) to render certain parts inoperative, including existing rights, a mechanism will have to be determined to maintain the functional dimension of these rights. Consequently, upon such time as the Union or the Company has a reasonable concern that legislation could be passed which could affect employee rights, specifically the right to refuse unsafe work, the Health & Safety Committee shall meet within ten (10) days notice of written request to meet. Parties will make a good faith effort to arrive at a fair and workable solution to the problem in a forthright and expeditious manner. In this regard, the Health and Safety Committee will be assisted and supported by the Plant Chairperson and the Company's Director of Human Resources.

The parties agree that the Occupational Health & safety Act and its Regulations in affect at the time of signing the 1998 Collective Agreement between the Company and the Union shall be considered a minimum standard. Any changes to the Act and or Regulations would also be reviewed by the above-mentioned parties in order to assess the impact on employee health and safety.

**23.10** National Union Health and Safety staff shall have access to the workplace provided reasonable advance notice is given to management.

**23.11** The Company will continue its practice of providing the forty (40) hour OFL Level I course to members of the Joint Health and Safety Committee, and/or other training to be decided by the Joint Health and Safety Committee at the plant. Company assistance will include referral of such employees to appropriate counselling services or treatment and rehabilitation facilities.

The Company will provide all normal group insurance benefits for up to 26 weeks to such employees while under a medically prescribed course of treatment.

The Company shall recognize a Substance Abuse Representative in the Plant, appointed by the Union.

The Company will provide time off with pay for a Substance Abuse Representative to transport individuals to assessment and treatment centres where required. The local Union Substance Abuse Representatives will be retained on the day shift.

### **Drug Testing**

**37.02** The parties have discussed at length the issue of mandatory drug and alcohol testing in the workplace. In recent years, this issue has been the subject of considerable public debate and a number of legal cases in various jurisdictions. The parties agreed that the debate and case law in this area is still evolving and it is yet unclear whether such testing will be unconditionally supported by the courts.

Some governments have also introduced mandatory drug and alcohol testing laws for specific job functions. These laws recognize the concerns of a number of these legislators regarding the adverse effects of substance abuse on families, the workplace and the general public.

The parties acknowledged that as the public gains a broader understanding of the costs and dangers associated with substance abuse, other governments may also introduce such laws and apply them more broadly. Prior to any introduction of such legislation in Canada, the Company will not introduce drug testing into the workplace.

**APPENDIX "B"**  
**SUPPLEMENTARY AGREEMENT - SKILLED TRADES**

1.
  - a) Skilled Trades for the purpose of this Appendix will be as listed in Exhibit "A";
  - b) The term "production", as used in the Appendix refers to all occupations not included in the skilled trades portion of Exhibit "A";
  - c) All provisions of the collective agreement and all related benefits, when applicable, shall apply to the employees of the skilled trades, except as otherwise expressly provided for in this Appendix;
  - d) It is understood and agreed that each skilled trade as listed in Exhibit "A" has a work content and priority area as established by practice. Such practice will be continued during the life of this agreement. If the situation should necessitate a change in this practice the parties will confer. Where disputes have been resolved pertaining to normal duties and responsibilities in the skilled trades area, they will be recorded and used in the future as guidelines for resolving any future disputes of the same or similar nature.

It is understood that a temporary assignment of work to another skilled trade will not form a priority area of work content of the trade to which it has been assigned.

2. Seniority in the skilled trades shall be by non-interchangeable occupations or trades. Seniority lists shall be by basic trade or classification within each plant.
3. Employees presently working under the classifications or trades listed in Exhibit "A" shall have their total seniority in their classification or trade as credited by prior Agreement. Future employees entering a classification or trade shall have date of entry seniority in the skilled trades as listed in Exhibit "A", except in the case of apprentices whose seniority is covered in the Apprenticeship Program attached hereto and marked Appendix "C"
4. Production workers will not carry seniority into the trades or classifications listed in Exhibit "A" nor will skilled trades workers exercise seniority into production or non-production groups except where a classification or trade listed in Exhibit "A" is discontinued or eliminated.
  - a) Such employee will then exercise his/her total Company seniority for the purpose of displacing a junior employee in a classification listed in Exhibit "A" for which he/she is qualified, or shall exercise all of his/her Company seniority in the production group under the Agreement.
  - b) Should a skilled trades employee become medically unfit and unable to follow his/her skilled trade, both the Company and the Union will co-operate in endeavouring to place such an employee on a job he/she is capable of performing satisfactorily, taking his/her total seniority with him/her. However, if placed in a non-skilled classification he/she shall then forfeit all rights within the skilled trades.
5. The term "journeyman/woman" as used in this Agreement shall mean any person:

- a) Who presently holds a "journeyman/woman's" classification in the plant in a skilled trades classification as listed in Exhibit "A", or
- b) Who has served a bona-fide apprenticeship of 8,000 hours or 9,000 hours as applicable, and holds a certificate which substantiates his/her claim of such service, or
- c) Who has eight (8) years of practical experience in the skilled trades classification in which he/she claims journeyman/woman's designation and can prove same. The CAW/UAW journeyman/woman's card will be accepted as proof.
- d) Who holds an Ontario License, Certificate of Qualification issued by the Ministry of Colleges and Universities, provided he/she qualifies under (b) or (c) above.

Prior to any person entering a skilled trades classification the Company shall present to the Skilled Trades Committeeperson documented proof of that person's qualifications to hold that position.

- 6. To be recognized as a stationary engineer in any class, an employee will be required to have the applicable Certificate of Qualification issued by the Operating Engineers Branch of the Ministry of Consumer and Commercial Relations.
- 7. Any further employment in skilled trades classifications as listed in Exhibit "A", after signing of this Agreement shall be limited to journeyman/woman and apprentices.
- 8. During any period when journeymen/women are unavailable it is agreed that non-journeyman/women employees whose duties shall be to assist journeyman/women may be hired or reclassified on a temporary basis to supplement the work force in a skilled trades classification, and shall be known as supplemental employees for present employees and new supplemental employees for new hire.

The opportunity to work as a supplemental employee shall be offered first to seniority employees, secondly to any laid-off employee with seniority, who has the present ability or an adaptable skill to do the work. If there are no laid-off employees eligible, new employees may be hired on a temporary basis.

When a journeyman/woman becomes available either by hire, transfer, or graduation of an apprentice in a skilled classification to which a supplement employee has been assigned, such journeyman/woman will replace the supplemental employee who shall then be laid off or returned to his/her original classification.

A supplemental employee shall not accumulate seniority within the skilled trades classification but shall accumulate plant-wide and may exercise such plant-wide seniority to return to his/her former job, or to apply for vacancies in the plant as provided elsewhere in the Collective Agreement.

Supplemental employees shall receive their own rate or ten (10) cents below journeyman/woman's rate of the classification or trade, whichever is the greater.

Meaningful discussion will take place with the skilled trades committee person prior to production employees being transferred under this Article.

9. In the event of an increase or decrease in force in any skilled trade or classification as designated in Exhibit "A" the following procedure shall apply:
  - a) First supplemental, second probationary employees will be laid off from their skilled trade classification.
  - b) If any further employees are to be reduced from any skilled trade classification as listed in Exhibit "A", such employee will be laid off or transferred in order of his/her seniority from such skilled trade classification.
10. Should a skilled trades employee possessing journeyman/woman's qualifications in another trade as listed in Exhibit "A", request a transfer, or be transferred from his/her present classification into another skilled trades classification, he/she shall retain seniority in his/her former classification for thirty (30) days, after which he/she will forfeit his/her seniority rights in his/her former skilled trades classification from the date of entry. This transfer shall not apply to layoff or recall and is limited to once yearly.
11. Recalls shall be made in reverse order of layoffs.
12. The Company and the Union agree that the Apprenticeship Program, including the apprenticeship standards, attached hereto and marked Appendix "C", as negotiated between the Company and the Union, shall be considered as an inseparable part of this Agreement.
13.
  - a) A lead hand of skilled trades employees shall be defined as one who is a skilled trades employee, who while engaged in his/her regular skilled trades occupation leads or processes the work of two (2) or more employees.
  - b) Only a journeyman/woman shall be considered as a lead hand in his/her respective trade, on the understanding that this does not prohibit such lead hand from leading other skilled trades groups.
  - c) The rates for lead hands are detailed in the schedule of wages attached to the Collective Agreement.
14. All work performed in the skilled trades requiring the services of a journeyman/woman that is done by members of the bargaining unit shall be done by employees who are covered by the classifications and rates as outlined in this Agreement between the Company and the Union.
15. The Company agrees shifts in the skilled trades will be on a rotating basis unless mutually agreed otherwise.
16. Except in the case of stationary engineers, there shall be no numerical or alphabetical classifications within the skilled trades and all employees within a given trade classification shall be paid the same rate.

17. The Company agrees to deduct Canadian Skilled Trades Council dues as may be adopted by the Canadian Skilled Trades Council. The Union will advise the Company, in writing, of the amount of such dues, and of any changes in the amount of such dues, before deductions or changes in such deductions are made.

First deduction to be made from the employee's first pay received after completion of the probationary period. Further deductions to be made in January of succeeding years, or upon completion of one (1) month's work in that calendar year.

The Union agrees to save the Company harmless from any claims that may be made against the Company by employees for amounts deducted in accordance with this paragraph.

18. All Skilled Trades employees having attained one (1) year service shall be provided with a **tool allowance** of up to two hundred and thirty dollars (\$230.00) in order to replace worn out tools normally used in the performance of their regular job. It is further agreed that such tools must be approved in advance and purchased through the Company. Apprentice tool allowance will be two hundred and thirty dollars (\$230.00) for every 916 hours in the program. In addition to the above the Company will repair or replace damaged or broken tools that are turned into the Company providing there is no negligence or abuse on the part of the employee. This provision is applicable to all skilled trades employees. It is also agreed that the Company will provide no deductible tool insurance to the full value of the employee's tool complement. The Company shall provide a form to be filled out in triplicate for the purpose of recording employee's tools. The employees shall be responsible for ensuring that this form is properly filled out including all additional tools. For purpose of this article the Company may rely on such lists. The employee shall retain one (1) copy of this form and one (1) copy shall go to the Union and the third shall be retained by the Company.

Replacement of tools will only be made where the employees have presented evidence satisfactory to the Company that their tool boxes have been broken into on plant premises or tool boxes have been stolen from plant premises.

The unused portions of Tool Allowance in any one year will be carried over and added to the next year's allowance.

19. The Company and the Union agree to review in conjunction with the Apprenticeship Committee the ongoing training needs of all trades employees to ensure everyone has the necessary training to perform all functions of their trade.
20. The Company and the Union recognize that job rotation within respective skilled trades classifications is in the best interests of the skilled trades employees in order that they may obtain greater familiarity and flexibility with the equipment and tooling. Therefore, the Company will rotate these employees within reasonable time limits, subject to training needs as established in 19 above.
21. Work normally and historically performed by Bargaining Unit employees will not be performed by outside contractors provided the Company has the necessary manpower available to perform the work including on weekends and holidays.

No Skilled Trades employee will be laid off while there is work related to his/her trade available that he/she is capable of performing.

It is recognized that at times and for varying reasons it may be necessary to contract out skilled trades work. Prior to soliciting bids and prior to contracting out any skilled trades work there will be meaningful discussion between the Company and the Union.

At this meeting the Company will provide the Union with all relevant information including describing the nature and scope of the project, estimated costs, dates within which the work must be completed, trades, skills and manpower required and why the service of an outside contractor is being contemplated.

The Company will examine any alternatives proposed by the Union and provided they are competitive, meet time limits and bargaining unit employees are capable of performing the work, the Company will adopt such alternative.

When contractors are involved in the installation, alteration or repair of equipment or tooling, bargaining unit employees in the appropriate trades will be assigned to assist or observe in the installation, alteration or repair.

As an exception to the normal process, unresolved outsourcing and manpower issues concerning the maintenance operation at the plant may be referred to Step 3 of the grievance procedure. Such meeting will be attended by the normal attendees plus the Chairperson of the Skilled Trades and a representative of the appropriate trades involved and a designated manager appointed by the Company who has appropriate skilled trades background and experience.

The parties also recognized that the maintenance of a stable, effective and dependable grievance procedure is necessary to implement the foregoing principle to which they both subscribe. Accordingly, the parties view any attempt to reinstate a grievance properly disposed of as contrary to the purpose for which the grievance procedure was established and

violative of the fundamental principles of collective bargaining. However, in those instances where the National Union (CAW-Canada), by either its (i) Executive Board, (ii) Public Review Board, or (iii) Constitutional Convention Appeals Committee has reviewed the disposition of a grievance and found that such disposition was improperly effected by the Union or a Union representative involved, the National Union may inform the Director of Labour Relations in writing that such grievance is reinstated in the grievance procedure at the step at which the original disposition of the grievance occurred.

It is agreed, however, that the Company will not be liable for any claims for damages, including back pay claims, arising out of the grievance that either (i) are already barred under the provisions of the aforementioned Agreement at the time of the reinstatement of the grievance, or (ii) relate to the period between the time of the original disposition and the time of the reinstatement as provided herein. It is further agreed that the reinstatement of any such grievance shall be conditioned upon the prior agreement of the Union and the employee or employees involved that none of them will thereafter pursue such claims for damages against the Company in the grievance procedure, or in any court or before any federal, provincial or municipal agency. It is understood that the grievance procedure shall not apply with respect to disagreements that arise from said reviews unless it can be shown that provisions within the Collective Agreement have been violated.

**Grievance Procedure:**

During the course of negotiations, concerns were raised regarding respecting and operating the grievance procedure and the need to respond to grievances in a meaningful and timely fashion. **Surveillance Cameras:**

Should circumstances arise which warrant increased security, unless compelling reasons dictate otherwise, the Company will advise the Local Union of the nature of the problem (e.g. theft, sabotage, etc.) and of its intention to increase security.

**Employee Assistance Programme:**

The present practice of having an approved designate pick up forms or cheques will not change.

**Employee(s) Required to Work Outside A.G. Simpson:**

The Company and Union agree that from time to time it may be required to have employees work at the customer/supplier/other A.G. Simpson plants due to quality/production related issues. Prior to an employee leaving the plant to travel to another location for any work related purpose, the Union will be advised of:

Provided the work can be performed within the parameters of Article 31.01 paragraph one of the collective agreement, the work will be returned to A.G. Further, the Company will give the Union the opportunity to provide input as to alternatives to such transfers and will give such input serious consideration. The final decision, however, will remain with the Company.

**Letter #3 – RE: ARTICLE # 30 – PAY SHORTAGES (2-98)**

This will confirm the commitment given to the Union on the subject matter during our 1998 negotiations. Where workers on the midnight shift incur shortages pursuant to Article 30.01, the Company will pay the employee by means of a manual cheque in the amount of 70% of the shortage, the amount withheld being to avoid the employee being placed in a higher tax bracket on the next pay period. The employee must sign an acknowledgement of their acceptance of this transaction and of the fact that if the shortage is not subsequently substantiated, the Company will make the appropriate deductions /adjustments.

**Letter #4 – RE: ATTENDANCE DISCIPLINARY POLICY (3-98)**

This will confirm that the parties agreed the following disciplinary steps will become part of the progressive procedure only as it relates to Attendance Disciplinary steps, as follows: Verbal, Written, 3 –day Suspension, 10 –day Suspension, 20 –day Suspension, Termination. Additionally, it was agreed that each late and/or left early occurrence would be counted as a ½ infraction.

This will confirm that the plants will invite at least 3-three different safety shoe sales vendors to attend at the plants, to provide a wider choice of such equipment for employees. Further, the Company will provide the opportunity to the employees to make payment for such safety footwear by payroll deduction.

**Letter #6 – RE: INSURANCE CARRIER (5-98)**

This will confirm the Company's assurance given during the 1998 negotiations, wherein we agreed to the: (The Company will forward written instructions to the Insurance Carrier that should the Carrier receive a weekly indemnity form which has insufficient information, the Carrier will telephone the plant Human Resource office to advise them to have the employee sign a waiver form. The Carrier will then advance up to a maximum of (4) weeks indemnity payments while waiting on further medical information).

**Letter #7 – RE: 24 HOUR CLOCK (7-98)**

This will confirm that the following represents the existing, established mutually agreed practice regarding the commencement of the workweek and the method by which overtime premiums are applied.

The first regular shift of the workweek is the night shift, which commences at 11:00 p.m. on Sunday\* (this is the Monday shift). In accordance with Article 14.01, the hour worked between 11:00 p.m. and midnight Sunday, is part of the regular workweek, and is paid at straight time. The work day, then, runs from 11:00p.m. to 11:00p.m., twenty-four hours later and with the commencement of a new work day, at 11:00p.m. the rate to be paid will be the rate of the new day (straight time, or, time and one half for Saturday, double time for Sundays/Holidays).

\*Where a plant's workweek commences other than 11:00p.m. however, the forgoing philosophy applies equally. Some overtime pay scenarios.

- 1) An employee works a regular Friday Afternoon shift (3:00p.m. to 11:00p.m.) and continues to work an additional four hours (11:00p.m. – 3:00a.m.). The additional four hours is overtime, is part of Saturday shift (since it commences in a new "workday", 11:00pm. Friday) and is paid at time and one half. The same employee leaves work and returns, to work additional hours on that same Saturday. The employee will be paid at time and one half for the next four hours worked on that day and at double time for any hours worked thereafter, on the same workday.
- 2) An employee who works between the hours of 11:00p.m. Saturday and 11:00p.m. Sunday is paid double time for all such hours worked. If that employee works contiguously beyond 11:00p.m. on the same Sunday, the pay rate shall be at straight time since a new workday commenced at 11:00p.m. The employee's first eight hours worked after 11:00p.m. Sunday shall be at straight time, the next four hours at time and one half and any hours thereafter, until 11:00p.m. Monday, at double time.
- 3) Since the workday commences at 11:00 p.m., any hours which an employee worked immediately preceding and contiguous to that 11:00p.m. shift shall be paid at the rate of pay that applies to the prior (pre – 11:00p.m.) workday.
  - e.g. 1) An employee's scheduled shift is the regular first shift of the week, 11:00p.m. Sunday. The employee also works the four hours (7:00p.m. – 11:00p.m.) prior and contiguous to the regular

shift start. The premium shall be double time since the hours are worked on the Sunday workday.

- e.g. 2) An employee working a shift commencing at 11:00p.m. Saturday shall receive double time for any hours worked during the 11:00p.m. Saturday to 11:00p.m. Sunday workday, but should the employee work hours which contiguously precede 11:00p.m. Saturday they shall be paid at time and one half, unless the employee has already worked eight hours on that Saturday.

Although other examples, which will require the attention of the parties, will probably arise in the future, by following the preceding simple philosophy consistently we should be able to settle any such difference expeditiously.

**Letter #8 – RE: APPENDIX “B” – SKILLED TRADES (8-98)**

During our 1998 negotiations concerns were raised regarding the outsourcing of Skilled Trades work and training needs to upgrade the skills of employees in specific classifications.

the Plant to fully discuss any concerns that arise on these two (2) issues.

Immediately upon such placement, the Union will be advised. The Company and the Union will then review all relevant circumstances and will make every reasonable effort to determine, by mutual agreement, the most appropriate work for such employee in light of his/her capabilities. Such determination will be made in accordance with the following terms and conditions:

- a) When another job is or can be made available within the Bargaining Unit the Company and the Union may by mutual agreement assign such employee to the job, provided the employee has sufficient seniority to work within an agreed classification. In the future, electronic swipe cards will replace time cards and punch clocks in each department. Employees will be provided with electronic identification/time cards. These cards are to be utilized by employees to clock in and out of work in their respective departments.

If the electronic swipe card system creates delays in the punching in/out of the plant, the Company agrees to sit down with the Union to discuss additional clocks.

Employees who lose or forget their swipe card must immediately advise their supervisor, so they can be clocked in and out of work. The Company will provide swipe cards for employees and will replace as needed.

**Published Letter (Oshawa Plant) = (Filling Temporary Vacancies)**

Reference Article 12:08

Of recent months there has been considerable frustration amongst the parties with respect to filling temporary vacancies. The issue of filling temporary vacancies utilizing either Articles (12.07) versus (12.08) of the agreement has created unnecessary disagreement between the parties.

This will confirm the Company's assurance given during the 2001 negotiations, wherein we agreed to the following:

When filling a temporary vacancy, the Company will fill the vacancy first by utilizing Article (12.08) if applicable, (if not) then by utilizing Article (12.07) first.

During discussions, the Company flagged several concerns about following this letter and discussions arose as to undue hardship in utilizing Article (12.08) first.

Example: We require the plater to run on midnights and to follow (12.08) first, we would have to move laid off employees from Production Worker Plate, employees from Assembly and move the entire group of Production Worker plate to Assembly.

Both parties agreed to the principles of Article (12.08) over Article (12.07), but that undue hardship would be used in certain circumstances.
