Members who have worked less than eight months during the vacation year or leave the organization will be paid the scheduled vacation percentage of their gross wages for the period worked. The percentage used is dependent on the amount of vacation their length of service would entitle them to during that vacation year.

14.6 A member who is entitled to an additional week of vacation after June 30th in their anniversary year may elect to take their additional week prior to the actual anniversary date.

As a condition of employment all probationary employees hired into a Union position will be required to pay the regular amount of Union dues, as appropriately certified to the Company from time to time by the Union from the first day of employment. It is understood that payment of dues by probationary employees does not affect the Company's rights under the Collective Agreement, including, but not limited to Articles 4.1 and 22.1 paragraph 4.

Upon successful completion of the probationary period, a probationary employee will become a member of the Union and shall have their name added to the seniority list. Seniority will then date back to the last date of hire.

Subject to applicable legislation, probationary employees shall not have access to the grievance/arbitration process.

ARTICLE 23 - SENIORITY

23.3 Super Seniority

Provided the Local Union President has a minimum of five (5) years seniority and has completed two (2) years as a member of the Local Union Executive, they will hold super seniority in the case of a layoff. Should the Local Union President not meet these minimum requirements, the Local Union Executive member with the most seniority will hold super seniority. If however none of the remaining Local Union Executive meets the above criteria, then super seniority will default to the Local Union President. In all cases, the member holding the super seniority must meet the criteria in Article 24.6.

23.4 An employee's name shall be removed from the seniority list and their employment terminated for the following reasons:

- i. They voluntarily quit their employment.

- viii. Two work days without notifying the Company shall result in dismissal unless there is a reason satisfactory to the Company for lack of notification.
- ix. They accept other employment while on a leave of absence.

23.5 If at the time of recall a member is sick or disabled with satisfactory medical evidence to the Company they would accumulate seniority up to a maximum of an additional 12 months from the date of recall and the next member will be recalled in seniority order, until such time as the sick member could return to work.

ARTICLE 24 - LAYOFFS, BUMPING AND RECALLS

24.1 Layoff/Termination

In the case of layoff and/or termination due to lack of work, layoffs will be by job within occupational classification. Total seniority will be the determining factor governing such layoffs/terminations subject to the remaining employees being qualified to perform the normal requirement of the currently available work.

Where Leader positions are eliminated and/or the incumbent is unsuccessful in the position bumping provisions will apply.

In the event of a layoff of a job within an Occupational Classification in which the leader is performing the majority of their work, the leader will revert to that job within the occupational classification and will be subject to the layoff provisions of the Collective Agreement.

24.2 Voluntary Layoffs

To accommodate those senior employees who may wish to take a layoff (layoff out of the line of seniority) when a layoff situation becomes evident, the following will occur.

- i. Any member interested in taking a voluntary layoff will advise the Manager/Supervisor and the Local Union at that time. A voluntary layoff may be granted with the mutual agreement of the Company, the member and the Local Union.
- ii. Any member wishing to take a voluntary layoff will be granted the opportunity as reductions occur subject to the remaining members being qualified to perform the normal requirements of the currently available work - the most senior members receiving first consideration.
- iii. Recalls will be conducted per Article 24.7, seniority being the governing factor and the most senior member being recalled first.
- iv. A voluntary layoff will not exceed 12 weeks. At the end of the 12 week period, members on voluntary layoff will return to work, even if staff reductions are still necessary.

24.3 Minimum notice of temporary layoff will be five working days. In lieu of this notice, he member would receive two days' pay. This provision shall not apply where stoppage of work is due to strike, riot, fire, power breakdown, accidents or any other causes beyond the Company's control.

24.4 Notice of termination of employment will be in accordance with the Ontario Employment Standards Act. In lieu of the above notice, the employee would receive payment up to the extent of their entitlement of notice under the Act.

24.5 Laid off members, shall have the right of recall for a period equal to their seniority, with a minimum of 12 months and a maximum of 24 months for members with less than 10 years seniority and a maximum of 36 months for members with 10 or more years of seniority.

24.6 Bumping Rights

A member about to be laid off shall have the right to exercise their seniority by replacing an employee with less seniority provided the job within the occupational classification is the same level or lower and they can perform the normal requirements of the currently available work. It is understood that in claiming a job under this provision the member must meet or have the ability to meet the quality and quantity requirements of the job based on the following:

1-10 years of service -10-day assessment period

11+ years of service - 20-day assessment period

Should they not be successful in the assessment period, they would bump the lowest level position in the building.

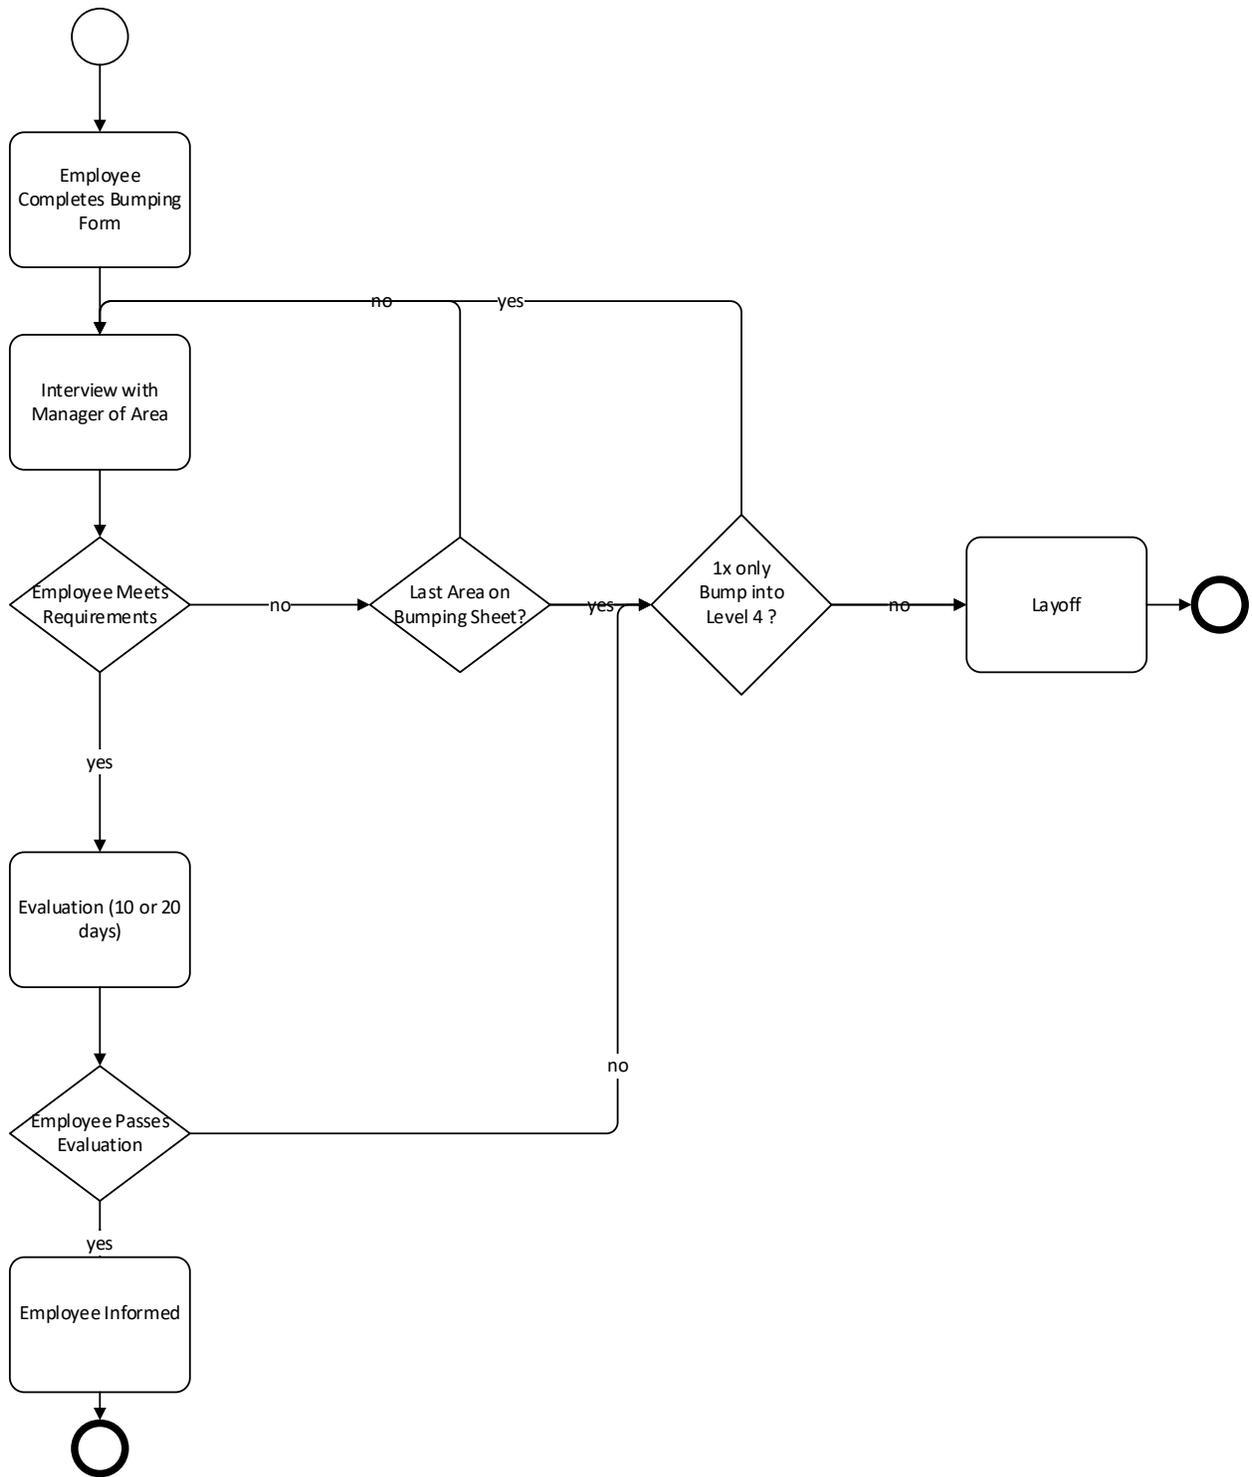

The only exceptions would be:

Should there be no Level 4 employee with less seniority, an employee may bump a level 5 position. No more than 20% of Level 5 employees in a department and no more than one (1) Level 5 employee per team can be displaced at any one time.

Number of Level 5's in department	Number of people that can be bumped
1 to 7	1
8 to 12	2
13 to 17	3
17 to 22	4

Where a member has previously done a job in a higher occupational classification than they currently possess and can still perform that job satisfactorily, that senior member may replace a junior employee who is performing that job. It is understood that in claiming a job under this provision the member must meet or have the ability to meet the quality and quantity requirements of the job within a 10 or 20 day assessment period.

Leaders cannot be bumped.

24.7 Recall Rights

When work becomes available from which a member was displaced in accordance with the lay-off procedure, and such available work would require a job posting in accordance with Article 25 (excluding 25.4, 2nd paragraph):

- i. Members still at work will be offered a recall to that job in order of seniority. If a member still at work refuses the recall, they will waive their rights to any future recall to that job. If that job is not filled as a result of this step, then:
- ii. Members on external recall from that job who can perform the normal requirements of the job will be recalled to the job in order of seniority. If an external recall refuses the recall, they will waive their rights to any future recalls to that job. A member on external layoff will be given an indication of how long the work opportunity is likely to continue. In the event it is less than four (4) weeks, a refusal to return would not be cause to remove their name from the recall list. If that job is not filled as a result of this step, then:
- iii. The posting provisions in Article 25 (excluding 25.4, 2nd paragraph) will be followed. If that job is not filled as a result of this step, then:
- iv. Members on external recall from other occupational classifications who can perform the normal requirements of the currently available work will be recalled in order of seniority. A member on external layoff may refuse recall to a job within an occupational classification at a lower pay level than held at the time of original layoff. By refusing this recall the member's future recall will be restricted to the original pay level.

24.8 It shall be the duty of all employees to notify the Company promptly of any change in their address and telephone number. If an employee fails to do this, the Company will not be responsible for failure to contact the employee.

24.9 Hiring into Non-Union Positions

Upon the date of ratification of this Collective Agreement, if a member accepts a non-Union position they no longer accrue seniority during the period they are not a member of the Union. They shall maintain their bumping rights for a period equal to their seniority up to a maximum of eighteen (18) months from the date they start the non-Union position. If they return to the Union, within the period equal to their seniority up to a maximum of

eighteen (18) month period, their seniority is returned to them, except for the period of time they were not a member of the Union.

An employee who has been out of the Union for a period greater than their seniority to a maximum of eighteen (18) months in a non-Union job will have no bumping rights.

The only method of returning to the Union is through a Job Vacancy Posting.

Their previous Union seniority will not be returned to them.

ARTICLE 25 - FILLING VACANCIES AND JOB POSTINGS

25.1 Generality

Vacancies:

A "vacancy" is defined as, a job within the bargaining unit for which there is a need to hire or transfer an employee, with the exception of Leader positions.

When applying for a posting, an employee is required to follow the procedure as indicated on the posting.

A transition schedule for successful candidates of all vacancies will be determined between the employee, the employee's current Manager/Supervisor and the hiring Manager/Supervisor. Employees not moved within 2 weeks, will be remunerated at the new salary at that point.

A job posting will be considered 'confirmed' when it is offered to the candidate whether it is denied or accepted.

25.2 Permanent Position:

An employee, who has been successfully confirmed to a permanent job posting, for which they applied, may only be successfully confirmed for one more permanent job posting within a 12-month period. The period will start on the start date of the first confirmed job.

An employee selected on this basis will be given an opportunity of fulfilling the duties of the new job during a trial period, which may not exceed 40 working days. If an employee fails to meet the requirements for the job, they will be returned to a job at no less than their former pay level. At any time during the trial period, the employee and the Manager/Supervisor may mutually agree that the candidate is not suited long term for the job and the employee may agree to give up the position. When the latter occurs the employee will remain in the job until it can be refilled.

Any vacancies created by the selection of an employee to a posted position shall be posted in accordance with the provisions of this Article.

Where no employee meets the qualifying factors under this Article, the Company will be free to fill the job at its own discretion.

25.3 Temporary position:

Employees who have accepted a temporary position shall fulfill the term of the temporary posting, unless confirmed for a permanent posting.

A Temporary Position created by the temporary absence of a member due to illness, accident, or leave of absence will end when the absent member returns or leaves the employ of the Company.

A permanent employee who successfully posts to a temporary position shall be returned to their former job within their occupational classification when the specified duration of the position has expired. Should a temporary position become permanent, the permanent vacancy shall be re-posted.

In the event the Company requires a temporary agency worker during May, June or July, students will be given first consideration for work before employment agency workers. Refer to LOU No 4, Students section.

25.4 Process for filling vacancies:

Members on recall will be contacted by phone or by registered letter/courier to the last address on file, for all postings, whenever the member possesses the required qualifications. The Local Union will be notified in writing of all such phone calls made, and will receive a copy of all such letters sent.

No employee shall be hired while members with the qualifications to perform the normal requirement of the currently available work are still eligible for recall.

All employees who have applied for a posted job will be informed of the disposition within thirty working days.

A Selection Committee, consisting of at least two persons in the employ of the Company (one of which will be a representative from Human Resources) will be present during an interview, and will give first consideration to current employees when filling posted vacancies. Such consideration will not to be exercised in an arbitrary or discriminatory manner. It is the responsibility of The Selection Committee to fill such vacancies with qualified individuals.

When more than one employee is considered qualified to perform the duties, as outlined, for the job, seniority will be the governing factor.

Casual employees will only be considered once the internal job posting process has been exhausted and no current employee has been confirmed to the position.

Unsuccessful candidates for posted jobs will be so notified, verbally or in writing when requested, prior to posting the name of the successful candidate. Only the name of the successful candidate will be posted for three days. The Local Union will receive, in writing, the name of the successful candidate prior to the posting.

25.5 Promotions

When the nature of the work being performed by an employee has changed, and the employee has shown the required skill and ability to do the changed work, and where no additional employees are required, the Company will advise the Local Union of its intention to promote that employee to the next level within their occupational classification. If the Local Union does not agree to the promotion, the posting provisions of this Agreement shall apply. Promotions will be communicated via email.

25.6 Leaders

Leader positions will be appointed at management's discretion through an information posting and the Union will receive a copy.

The quantity and requirement of Leader positions are to be determined by Management. When a Leader position is determined to be required, an information posting will be posted and supplied to the Union. The successful candidate will be appointed at management's discretion.

The Union recognizes that some leaders work will be non-bargaining unit work including duties to assist the supervisor, but specifically excluding disciplinary duties such as time and attendance and effective recommendation to impose discipline or promotion. A leader will focus on KPI (Health and Safety, Quality, Delivery and Efficiency) performance within their lines.

ARTICLE 26 - OCCUPATIONAL CLASSIFICATIONS

- 26.1 The occupation classifications, wage/salary and progression schedules, are set out at the end of this Article. When it is necessary to revise or add to this schedule the following procedure will apply.
- i. The Company will establish the title and rate for the revised or new classifications and will advise the Union of the facts and the reasons for the value of the classification, ten working days before it is implemented.
 - ii. Should the Union wish to object, the Company and the Union will attempt to reach an agreement.
 - iii. Should it still be necessary, the Company and the Union may take such disagreement to an Arbitrator in accordance with provisions of Article 28 of this Agreement.
 - iv. In reaching its decision on the value of the revised or new classification the Arbitrator will be limited to evaluating the classification in relationship to the value of existing classifications in this Agreement.
- 26.2 A new employee will be hired at no less than the minimum rate for the occupational classification for which they are hired and will be advanced in accordance with the progression and rates set out in the schedule provided they are performing satisfactorily. Progression will be delayed by any layoff equal to the duration of the layoff. Employees may be advanced more quickly than the time progression schedule requires. In cases where the employee is not paid the scheduled rate, this may be a subject for the grievance and arbitration procedures.
- 26.3 A member who is hired into a different classification or a different level will be treated the same as a new employee except their rate will not be below their current rate provided it does not exceed the maximum rate of the new classification or grade. Such pay level shall be deemed to have been achieved by time in the new classification.
- 26.4 The Wage/Salary levels assigned to the positions have been determined by the recognition of the "needs of the business" and the "value of current work". It is recognized that classification/position evaluations are not static and will be reviewed periodically with respect to changing conditions.

26.5 A Performance Evaluation will be completed annually and reviewed with each member. It will serve as a basis of mutual understanding between management and the member and will indicate to the member what they are expected to accomplish and how they are being measured.

During this evaluation the following points will be discussed, as a minimum:

- i. Review the member's performance of the past year.
- ii. Review what is required of them in the coming year.
- iii. Review the requirements to achieve a merit increase in the coming year, if any.
- iv. Review requirement/desires and set goals for completion.

26.6 A mid-year performance evaluation follow-up will be held with a member upon request.

ARTICLE 27 - GRIEVANCE PROCEDURE

27.1 The purpose of this Article is to establish an orderly procedure for the settlement of grievances.

The Company and the Union agree to use problem solving techniques in an effort to reach a satisfactory settlement as quickly as possible.

All references to the number of days or time limits in the different steps of the grievance procedure shall refer to working days and will exclude Saturdays, Sundays, Holidays and any other days the Company is required to close the plant. All time limits may be extended by mutual agreement.

27.2 A grievance is defined as a complaint by either the Union or the Company concerning the interpretation, application, administration or alleged violation of this Agreement. The grievance may be in the form of an Individual, Group or Policy Grievance.

The procedure for filing individual and group grievances is as follows:

(The following steps are written as an example with an employee as the grievor. The roles would be reversed if the Company were the grieving party).

STEP 1

If an employee wishes to have a grievance or complaint taken up it will first be done orally with the Manager/Supervisor within the area giving rise to the dispute. The employee will do this personally, however, a Union Representative may be present and is at the discretion of the member. The complaint will be taken up within 5 days after the incident giving rise to the grievance became known. The Manager/Supervisor will respond to the grievance orally within 4 days after its presentation. The representative alone may represent the employee, at the employee's request.

STEP 2

Any grievance requiring further processing will be referred to the Manager/Supervisor within the area giving rise to the dispute by the Union Representative within an additional 3 days. The grievance shall be written and will state the nature of the grievance the section or sections of the Agreement or policy allegedly violated and the redress sought.

Within 3 days the Manager/Supervisor will conduct a meeting with the Union Representative(s). The Company and the Union may each be represented at this meeting by two individuals, one of which will be a representative from Human Resources.

If the grievance is not settled at this meeting the Manager/Supervisor shall present their decision in writing to the Union Representative within 3 days.

STEP 3

If the grievance requires further processing the Union will inform the Manager/Supervisor within the area giving rise to the dispute within 5 days and a grievance meeting shall be arranged between the Grievance Committee and Management Representatives designated by the Executive of the Company. The grievance meeting will be held within a further 5 days. After this meeting an answer will be given within 5 days.

The procedure for filing policy grievances is as follows:

A Policy Grievance of general application which alleges that there has been a misinterpretation, violation or non-application of the Agreement, by either party to this Agreement shall be submitted in writing to the other party within 10 days after the incident giving rise to the grievance became known or should have become known to the grieving party. Within 5 days of receipt of such notice a meeting will be held between the Company Representatives and the Union. The Party against whom the complaint has been made will give an answer in writing within 5 days of this meeting. If the matter is not settled to the mutual satisfaction the parties then it may be processed to the Arbitration stage.

27.3 The aggrieved employee will attend any meeting held between the Company and the Union if their attendance is requested and will be paid their regular wages and benefits by the Company.

27.4 If the time allowances provided for above and any mutually agreed upon extensions are not observed by the Union the grievance will be deemed abandoned. If the Company does not observe the same time allowances the grievance will advance to the next stage.

27.5 A Union Representative will assist in the presentation of a grievance.

27.6 In cases where it is mutually agreed that an inspection of the job or area would be helpful in settling a grievance, a sub-committee of the Union shall, with representatives of Management, make an inspection of the job or area.

27.7 Special Grievance

If an employee, who has completed their probationary period, is to be discharged by the Company, the Local Union President or if they are not available, another member of the Local Union Executive will be informed in writing within 4 hours of the discharge.

27.8 If an employee, who has completed their probationary period, wishes to grieve that they have been unjustly discharged the matter will be taken up as a special grievance. Any such grievance will first be referred to the Local Union Executive who will approach Human Resources in writing within five (5) days after the discharge. The matter will be disposed of within 14 days of the time the Human Resources Department receives notice of the grievance. Disposition for members shall be either by resolution of the grievance or its referral to arbitration.

27.9 Such special grievances may be settled by confirming the Company's decision in dismissing the grievor, or by re-instating the grievor with full compensation for time lost, or by any other arrangement, which is just and equitable in the opinion of the Arbitrator.

ARTICLE 28 - ARBITRATION

28.1 No matter may be submitted to arbitration which has not been properly carried through the grievance procedure.

28.2 If after the final step of the grievance procedure no amicable settlement is reached, the party receiving the reply may notify the other party within 15 days of its desire to submit the difference or allegation to arbitration. Within 5 days, the parties will together decide on a sole arbitrator.

If an agreement cannot be reached on an Arbitrator, the appointment shall be made by the Minister of Labour for Ontario upon the mutual request of both parties.

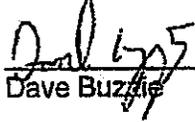

28.3 No person may be appointed as an Arbitrator who had been party to, an attempt to negotiate or settle the grievance during the grievance procedure. No Company or Union employee shall be eligible to serve as an Arbitrator.

28.4 Where the Arbitrator deems it necessary to incur other expenses in connection with the case, the Arbitrator will consult with the parties before making its decision re: incurring such expenses. Expenses which may be incurred in connection with the services of the Arbitrator or arising out of this Section will be borne equally by both parties to this Agreement.

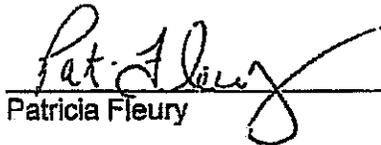

28.5 The decision of the Arbitrator will be final and binding upon the parties and recognizing the importance of promptly disposing of all such cases, the Arbitrator will be requested to meet at the earliest opportunity and should render its decision within 7 days from the time the matter was referred to them.

LETTER OF UNDERSTANDING NO.1 – EXCESS HOURS OF WORK

WHEREAS the parties have entered into a collective agreement for the period January 1, 2021 to December 31, 2023; and

WHEREAS the parties wish that employees may continue to work extra hours as contemplated in the collective agreement and which are allowed by the ESA, 2000; and

WHEREAS the ESA, 2000 has been amended to require, as of March 1, 2005, the approval of the Director of Employment Standards to permit employees to work more than 48 hours in a work week;

NOW THEREFORE the parties agree to the following provisions in order to address these matters and, subject to the relevant provisions of the ESA, 2000, this Agreement shall be considered to be a part of, and subject to, the collective agreement:

1. This agreement shall continue to operate at all times that the collective agreement is in operation, including any statutory freeze period as contemplated under section 86(1) of the Ontario Labour Relations Act, 1995, as it may be amended from time to time.
2. For the purposes of s. 17(1)(a) of the ESA, 2000, the regular work day can range between 7.5 hours to 8 hours as per Article 10 of the collective agreement.
3. In accordance with s. 17(2) of the ESA, 2000, the Union consents to the employees working extra hours beyond those stated in 2 above to a maximum of 13 hours, subject to the overtime pay provisions in the collective agreement.
4. Also in accordance with s. 17(2) of the ESA, 2000, the Union consents to the employees working extra hours beyond 48 hours in a work week, to a maximum of 60 hours, subject to the overtime pay provisions in the collective agreement.
5. Nothing in this agreement shall be construed to interfere with the Siemens' right to rely on s. 18(2) or s.19 of ESA, 2000 in appropriate circumstances.
6. Nothing in this agreement shall add to or take away any right pursuant to the Collective Agreement.
7. Notwithstanding paragraph 6, the Company agrees that employees will not be required to work more than 8 hours per week over and above their normally scheduled hours for the week. However, if an employee intends to restrict his or her hours to 48 hours per week, the first piece of overtime that is offered to the employee and accepted, must be worked by the employee. For example, an employee cannot agree to work Saturday overtime and then subsequently refuse to work on Saturday because they picked up additional overtime in the week that put them in a position to exceed 48 hours for the week.
