The parties collectively recognize and agree it is in the best interest of all concerned to create a strong partnership based on harmony, integrity, mutual trust and respect. The parties further recognize and agree it is in the best interest of the Company and Union to work together sharing the same common goals.

The Company recognizes the Union as the sole and exclusive bargaining agent with respect to wages, hours of work, and other working conditions. This agreement will pertain only to its associates in the bargaining unit.

The policy of the Company is to extend employment opportunities to qualified applicants and associates on a non-discriminatory basis.

- a) On experimental and developmental work or methods, including work generated by a program launch, prototypes and samples.
- b) In an emergency situation to avoid customer plant shutdown, shortage of components or to protect product, equipment and material.
- c) In the instruction or training of associates, including the demonstration of the proper method to accomplish the task assigned.
- d) Persons excluded from the bargaining unit will not displace any represented associate.
- e) The Company agrees to notify the union prior to performing Bargaining Unit work.

Function of a Team Leader

The Team Leader is an hourly rated associate whose primary function is to lead the work of a group of associates of which they are a member. Their function is to assist the others in the group to maintain the scheduled flow of work and material, as well as do productive work to which they are assigned. The Team Leader does not have disciplinary authority.

ARTICLE TWO (2)

Management's Rights

Except as, and to the extent specifically modified by this agreement, all rights and prerogatives of Management are retained by the Company and remain exclusively and without limitation within the rights of the Company and its Management and may be exercised by Management as it, in its discretion, sees fit.

Without limiting the generality of the foregoing, the Company's rights shall include:

(A) The right to maintain order, discipline and efficiency; to make, alter and enforce, from time to time, rules and regulations, (which rules and regulations shall be neither unreasonable nor inconsistent with the provisions of this Agreement) policies and procedures, to be observed by its associates, which shall be administered in a fair, impartial and consistent manner to all associates; to discipline, suspend and discharge associates for just cause, subject to the right of an associate to lodge a grievance as provided herein.

(B) The right to select, hire and control the working force and associates; to transfer, assign, promote, demote, layoff, schedule and classify associates and to retire associates; to plan, direct and control its operations; to select and retain associates for positions excluded from the bargaining unit; to transfer associates into and out of the bargaining unit; to operate and manage the enterprise in all respects in order to satisfy its commitments and objectives.

of performing work; job content and requirements; the qualifications of associates; the use of improved or changed methods and equipment; the number of associates needed by the Company at any time and how many shall work in any job; the number of hours to be worked; starting and quitting time; shift hours and rotation thereof; methods to be used to ensure security of the Company's property; and generally, the right to manage the enterprise and its business without interference are solely and exclusively the right of the Company.

Failure by the Company to exercise any of its Management Rights or other rights shall not be considered to be an abandonment of those rights nor shall the principle of estoppel be applied to such circumstances. The operation of this Article shall not be inconsistent with other provisions of this Collective Agreement.

The Company will continue its practice of notifying the Union/Associates of any changes to rules, policies and procedures before the implementation.

ARTICLE THREE (3)

Human Rights

There shall be no discrimination, interference, restraint, or coercion by or on behalf of the company regarding any associate because of membership in the Union. The Union, its members and/or agents shall not intimidate or coerce, or attempt to intimidate any associate of the Company and shall not, on Company time or premises, conduct Union activity except as herein expressly proved.

The Company, the Union and associates will not discriminate against any associate because of race, sex, creed, religion, colour, national origin, physical handicap, sexual orientation, or political affiliation nor will they condone sexual harassment or other harassment in any form. The parties agree that harassment is a serious problem that is commonly defined as engaging in a course of vexatious comment or conduct that is known or ought to reasonably be known to be unwelcomed.

Harassment may involve such matters as name-calling, identifying jokes, stereotyping, or other demeaning or other insulting behaviour because the person is a member of an identifiable group.

Sexual harassment may involve such matters as crude sexual jokes or sexual names, the display of obscene or pornographic material, sexual advances, grabbing, touching, or other demeaning and insulting behaviour.

The Company and the Union agree to observe the provisions of the Ontario Human Rights Code.

ARTICLE FOUR (4)

Union Security

The parties agree that all associates must be members of the Union as a condition of employment. The Company agrees to give each associate a copy of the Collective Agreement.

The parties also agree that all associates shall pay union dues and initiation fees as a condition of employment.

All new associates hired shall also, as a condition of employment, have deducted from their pay weekly union dues, or an equivalent sum, and shall, at the completion of the probationary period, have deducted from their pay initiation fees, which will be checked off by the Company. The amounts so

deducted shall be such sums as may from time to time be assessed by the Union on its associates by the Union in accordance with the Constitution and/or by-laws of the National or Local Union. In the case of any conflicts, the by-laws or Constitution of the National Union shall govern.

The Company agrees to forward to the Financial Secretary of the Union by cheque each month, not later than ten (10) working days following the end of the month in which the deductions were made, the total amount deducted and a list from whom the deductions were made and who were not checked off and the reason.

The Financial Secretary of Local 222 will notify the Company of any change in the amount of Union dues and/or initiation fee that may from time to time take place in line with the Constitution and/or Local Union by-laws. Union dues are to be reported on the T4 slip.

The Company will forward to the Union the names and addresses including postal codes of all associates covered by the Collective Agreement and will forward any changes of addresses upon receiving a change from the associate.

ARTICLE FIVE (5)

Strikes and Lockouts

The parties agree that during the life of this agreement, there shall be no work stoppages or interruptions, strikes (including Sympathy Strikes) slowdowns or sick-outs, or impeding of work of any kind of nature. The words "strike" or "lockout" shall be as defined in the Labour Relations Act of Ontario.

No officer or representative of the Union shall authorize, instigate, and/or condone any such activity as referred to above. No associate shall participate in any such activity. In the event any associate or group of associates covered by this agreement participate in any such unauthorized activity, the union agrees that upon notification from the Company of such occurrence, it will direct such associate or group of associates to resume normal work activity and will take effective means to terminate the unauthorized conduct. If the activity does not terminate, the Union (including both the Local and National) shall not be liable to the Company for any and all damages resulting from the unauthorized activity from its inception.

Any associate who violates the terms of this article shall be subject to disciplinary action up to and including discharge.

Claims of unfair treatment of any associate by the Company under this section shall be subject to the grievance procedure.

The Company agrees that there will be no lockout during the term of this agreement.

ARTICLE SIX (6)

Union Representation

Associates represented by this agreement will be represented by a Plant Committee consisting of five (5) people, one of which will be the Chairperson. There will be one skilled trades representative functioning within the plant. This representative may be either one of the five member plant committee or one of the elected stewards.

The Plant Chairperson will be full time and work the day shift.

The Plant Chairperson will maintain the top rate of pay of the highest rate to which they can bid to within the bargaining unit.

Associates on each shift will be represented by a Steward in each product zone. The Plant Committee and Skilled Trades representative will serve as the Stewards in their respective product zone and will rotate with their shift if a system to keep them on days cannot be developed. The company will not be obligated to add to the plant's headcount for the committee to work the day shift.

The Plant Chair will be allowed to work overtime when at least 50 production associates are working on the dayshift.

Providing the Whitby facilities remain at 750 associates or more in the bargaining unit, four committee persons will be allowed eight hours off each week with pay for the purpose of conducting union business. This time must be scheduled and approved with his/her Supervisor.

The Committee persons will be given and paid one (1) hour each month to meet as a committee. This time must be scheduled and approved through the Human Resources Manager, or designate.

The Company will provide the Union with a furnished office for the exclusive use of the Union Committee.

The Company will recognize alternate representatives who shall act in the absence of any Union representation.

The Union agrees to give serious consideration that an unusual number of representatives from one area could be detrimental to the overall operation.

Union representatives shall be allowed reasonable time off the job with pay to attend to grievances or complaints.

If the Union representative is required to leave their workstation for the purpose of handling a grievance or complaint, they shall first secure permission from the respective Production Supervisor. Such permission shall not be unreasonably withheld. Each Union representative and Management person will in turn act responsibly in their dealings with regard to these matters.

The Company agrees to retain union representatives during any reduction in force provided they are able to perform the work available. No Union representative, however, will displace an associate holding a non-interchangeable classification merely because of this super seniority.

The Company agrees to hold monthly Labour-Management meetings for the purpose of discussing issues relating to the workplace which affect the parties or any associate bound by this Agreement. The Plant Committee will attend these meetings with pay.

ARTICLE SEVEN (7)

Grievances

The purpose of this Article is to establish a procedure for the settlement of all disputes which may arise to wages, hours of work, working conditions and other matters affecting bargaining unit associates in the plant.

The Company will provide grievance forms.

Step 1.

Any associate or group of associates having a grievance shall first take the matter up with their Production Supervisor who will attempt to resolve it. If requested, the Production Supervisor will send for the Union representative who will then discuss the complaint with the concerned Production Supervisor. Any resolution agreed upon between the Supervisor and Associate where a union representative is not present will be without prejudice or precedent.

Step 2.

If the complaint is not satisfactorily resolved within twenty-four hours the Union representative will then submit a written grievance signed by the complaining associate(s) citing the incident and the provisions of the agreement that are claimed to have been violated. The company will respond to the grievance in writing by the end of the second work day following the date of the written grievance. The grievance shall be considered settled on the basis of the Company's response if the Union fails to give written notice by the end of the second work day following the date of the Company's response that it desires to proceed to Step 3.

Step 3.

If the matter is not resolved in Step 2, it will be addressed at the next third step meeting, which will be between the Plant Committee and Company representatives every two (2) weeks. The Company will respond to the grievance by the end of the third work day following the date of the Step 3 meeting. The grievance will be settled based on the Company's Step 3 response if the Union fails to give written notice by the end of the third work day following the Company's Step 3 response that it desires to proceed to Step 4. If there are no grievances to be discussed, the bargaining committee will meet among themselves to discuss other plant concerns including such performance issues as Scrap, R.P.P.M.'s, First Time Capability, and Machine Utilization. Further, the Committee can invite up to four other union representatives to attend this meeting.

Step 4.

If the matter is not resolved in Step 3, a meeting with the Plant Committee and it's National Representative (or their designate) and/or it's Local President (or their designate) and Plant Manager or designate will be held within 30 calendar days of the Union's written response to the Company's third step disposition. This thirty (30) day period may be extended by mutual agreement. The Company will respond to the grievance by the end of the third work day following the date of the Step 4 meeting. The grievance will be settled on the basis of the Company's Step 4 response if the Union fails to give written notice by the end of the tenth calendar day following the Company's Step 4 response that it desires to proceed to Step 5.

Step 5.

If the matter is not resolved in Step 4, the Union may request arbitration by sending a letter (within 10 days of its response to the Company's Step 4 response). Within five (5) days of the giving of written notice both parties will exchange lists of three (3) proposed arbitrators. In the event that no name is common on both lists, either party may within ten (10) days after the lists have been exchanged request the Minister of Labour of Ontario to submit a list of five available arbitrators. The parties shall then attempt to agree on one of the five or request a new list.

In order for a complaint to be processed as a grievance, it must be filed no later than three (3) working days after the alleged occurrence, or when the grievor could reasonably be expected to have become aware of the alleged occurrence. This and all other response times mentioned throughout this procedure may be extended by mutual agreement. No reasonable requests will be denied.

Each party shall endure its own expense and costs in litigating an arbitration case. The arbitrator's bill shall be paid 50% by each party. The arbitrator shall have no authority to add to or subtract from the written agreement. The arbitrator's award shall be binding upon all parties.

Prior to a grievance being arbitrated, mediation may be used to settle the grievance providing both parties agree.

The following special procedure shall be applicable to a grievance alleging improper discharge or suspension of an associate. The grievance will be lodged in writing at the fourth step, within three (3) working days after the suspension or discharge occurred. If the decision of the Company is not satisfactory to the Union, the matter may then proceed on the giving of the prescribed notice of appeal to an impartial arbitrator selected as herein provided.

The parties agree that a special 3rd Step meeting may be held when a suspension or termination has been issued, to ensure all facts are discussed prior to proceeding to the 4th step.

Policy grievances may be filed by the Committee on behalf of the Union or the associates at the third step, providing it is within three (3) working days of the alleged violation.

The term working days when used in this agreement for grievance procedure, shall exclude Saturdays, Sundays, Holidays and Vacations as defined herein.

Throughout all the steps of the grievance procedure, the time limits shall apply equally to the Union and the Company, but can be exceeded by mutual agreement. Anytime either of the parties fail to respond within the time limits or agreed upon extension of the time limits, they will default their position and the grievance will be settled based upon the other party's last written request. Such settlement, however, will be on a non-precedent setting basis.

ARTICLE EIGHT (8)**Wages****8.01 Rate of Pay**

Wages shall be on the basis set forth in the schedule on wage rates attached hereto and marked Appendix "A".

New production associates hired on or after the effective date of this Agreement, who do not hold a seniority date shall be hired at a rate equal to \$5.00 less than the maximum base rate of the job classification. Such associates shall progress towards the top rate for their respective classification at a rate of fifty cents (.50) per hour every six (6) months.

8.02 Payday

Associates will be paid every Friday, barring any unforeseen and unavoidable circumstances. Each associate's pay will be deposited to their individual accounts at the bank of their choice. Each associate will receive a statement of his or her earnings and deductions every Thursday.

All underpayments of \$50.00 or less will be adjusted on the next pay period. All underpayments of more than \$50.00 will be adjusted by Friday, providing the associate has notified their Supervisor no later than 11 am on Thursday. Notification of errors after 11am on Thursday will be processed within two business days of notifying your Supervisor. In no case where an associate has been overpaid, will more than \$50.00 be deducted from any one pay check, unless authorized in writing by the associate. This maximum will not apply in cases where the associate was notified prior to the associate's payday in which overpayment occurred.

Each associate will be paid one week in arrears.

The only deductions made from associate's pay will be those required by law and authorized by the associates themselves.

ARTICLE NINE (9)

(2) Seniority will be established and maintained for all associates in the bargaining unit on a plant wide basis.

During the probationary period, associates can be assigned, reassigned, retained or terminated at the Company's discretion providing that such discretion shall not be exercised in a manner that is in bad faith, arbitrary, or discriminatory contrary to the Ontario Human Rights Code.

(5) Should one or more associate be hired on the same day, they will be entered on the seniority list by drawing numbers. The Human Resources Manager or designate and the Plant Chairperson or designate shall jointly co-ordinate this activity during the orientation process and sign off.

ARTICLE ELEVEN (11)

Layoff & Recall

Reduction of Workforce - Temporary

Generally speaking, a temporary layoff applies when reductions are less than five (5) working days.

Layoffs under this section will be by seniority in the classification, vehicle line and shift, within the product zone. The Company will give those associates who are affected by the layoff five (5) days' notice, providing it is known five (5) days prior to the lay off.

Reduction of Workforce - Short Term

A short term layoff applies when reductions within the workforce are five (5) days or greater but do not exceed thirty-one (31) days.

Layoffs under this section for five (5) days / one week will be by seniority in the classification, vehicle line within the product zone. Layoffs exceeding five (5) days / one week will be by seniority in the classification, within the product zone. The Company will give those associates who are affected by the layoff five (5) days' notice, providing it is known five (5) days prior to the lay off.

Reduction of Workforce - Permanent

When the Company determines a reduction in the workforce or a portion of the workforce, associates will be removed from the classifications directly or indirectly affected according to plant seniority (least senior first) and will be placed elsewhere in the plant or laid off according to plant seniority. Associates in non-interchangeable classifications will not be displaced by another associate unless they have previously demonstrated the ability to perform the duties of that classification satisfactorily. However, before this provision results in a more senior associate being laid off, they will be given a ten (10) day period to demonstrate the ability to perform the duties of that classification satisfactorily.

Student and/or temporary part time associates will be the first to be removed from the plant followed by probationary associates. This is not intended, however, to allow the displacement of probationary associates in skilled classifications by seniority associates in interchangeable classifications or other unrelated non-interchangeable classifications.

The Company will give those associates who are affected by indefinite layoffs five (5) days' notice, providing it is known (5) days prior to the lay off.

An exception to the first paragraph of the permanent lay off section will be the Voluntary Leave procedure that allows seniority associates in the classification of zone directly affected by the layoff to be able to take a Voluntary Leave ahead of the junior associates affected.

So far as practical, seniority associates who are interested in the Voluntary Leave must register in writing with the Human Resource department no later than one week prior to the layoff.

Associates who have been out of the plant on Voluntary Leave for sixty (60) days or more may elect to return, seniority permitting. The order of return will be first to their home classification.

Associates wishing to return from Voluntary Leave, must advise the Human Resources department in writing at least one week in advance.

Under no circumstances will any Associate be terminated under the Loss of Seniority section of this agreement while on Voluntary Leave status except as provided for in the Recall from Layoff / Voluntary Leave section.

Recall from Layoff

Associates will be recalled to available work using the same principle as above.

Associates who are recalled after having been on Layoff for ten (10) consecutive work days may refuse the recall if they are working as a full-time associate for another company or are attending school on a full-time basis and can document such in writing within three days of the date they are to return to work for Johnson Controls. No associate shall have the right to more than one such refusal. Furthermore, employees refusing a recall because they are working as a full-time associate for another Company or are attending school on a full-time basis, will be allowed the right to request to be placed on the bottom of the recall list for a period not to exceed eight (8) months. An associate making such a request can revoke this request, after sixty (60) days, and may elect to return, seniority permitting, by providing the Company with two (2) weeks written notice. Further, such associates will remain on layoff and will be governed by all appropriate contract provisions.

Associates that have been removed from their classification shall have recall rights back to their classification for a period of 1 year from the date that they were permanently displaced.

Associates reduced from a zone shall have recall rights back to their previous zone for a period of 15 working days prior to the Company placing other associates in that zone.

ARTICLE TWELVE (12)

Transfers

12.01 Job Postings - Hourly Promotional Opportunities

In the event promotional opportunities occur, including non-interchangeable vacancies within the bargaining unit, the Company will post such vacancies by shift for a period of five (5) working days. Seniority associates interested in these vacancies may apply. Each posting will list the qualifications and the number needed. Immediately upon making the initial award, the name of the associate awarded the job will be posted and given to the Union. A posted notice will notify associates, if a bid is cancelled.

Team Leader and Utility Operator positions will be awarded the bid based upon skill and ability. When skill and ability are equal, seniority shall be the tiebreaker. If no one bids, the Company may, at its discretion, fill the vacancy with a new hire or least senior associate in the plant. Material Handler positions shall be awarded by seniority based upon the satisfactory completion of the lift truck certification and safety program.

As soon as practical, the successful bidder will be placed in the new classification.

Associates bidding on a higher paying position will not be paid the higher rate until they transfer to the new position. Once it has been determined they are remaining in the position they will be paid back to the date they were awarded the bid.

Associates may not accept a job posting any more frequently than every 6 months unless it is a material handling, a promotional opportunity, a steady dayshift opportunity or their posted position has been eliminated.

Associates recalled on a temporary basis, cannot post to another position until they have been at work for sixty (60) days.

Once placed in the new classification, the associate will have ten (10) days to demonstrate the ability to perform satisfactorily. During these ten (10) days the associate will be provided instruction to become familiar with the job. This period may be extended by mutual agreement. In case the associate is not retained in the job by the Company, the associate will be returned to their former classification and shift.

When required, the secondary posting shall be pending the successful placement of the primary and in any event not to exceed ten (10) days unless otherwise mutually agreed upon. The Company agrees to post at least 2 times.

All non-interchangeable jobs, material handling jobs and permanent dayshift jobs will be posted. In cases where one of these positions has a temporary vacancy that exceeds thirty (30) days, the Company agrees to post it as temporary position.

Up to four (4) associates will be given opportunities to qualify for any one posting for interchangeable jobs only.

The rate of pay for an associate transferring under this section will be at the same step of progression for the new classification as to the classification from which they are transferring from.

The Union will be given copies of all applicants and awards. This information will be posted on the job posting board.

In those cases where an associate has signed an active job posting while on WSIB, S&A or on an approved Leave of Absence, the Company will continue its practice of awarding the posting to the associate (seniority permitting), providing they are able to fill the vacancy within five (5) working days.

In cases whereby a change in the business requires a reduction in the zone within 15 working days of the posting being awarded, the position awarded will be rescinded and the successful applicant of the posting will be returned to their previous classification, zone and shift, seniority permitting.

12.02 Product Zone Transfers

Seniority associates, who have reached the required level of performance within their current classification, are eligible to bid and be considered for a product zone transfer. The transfer process allows associates to request and bid on transfers to different jobs, shifts or product zones within their respective classification.

When positions become available, transfer opportunities will be posted as per 12.01 and applicants will be awarded transfer requests based upon seniority.

The Company has the right to maintain a balance of experienced associates within the product zone to ensure the operation of that product zone not be unreasonably restricted due to the transfer of associates within the same classification between product zones and shifts.

During any product launch, the parties agree that transfers between product zones will not be made available until three (3) months following the start of production (SOP).

12.03 New Jobs

If the Company elects to form a new classification it will inform the Plant Committee in writing setting forth the classification and the rate of pay.

The Union shall have five (5) working days to dispute the rate of pay assigned to the classification.

If at the expiration of five working days no formal dispute has been filed, the rate established shall be permanent.

If the Company and Union cannot mutually agree to the rate within five (5) working days, the issue will be resolved through the Grievance Procedure.

If the rate initially established is changed as a result of the Union filing a dispute, the new rate agreed upon shall be applied retroactively to the date it was initially established.

The newly created classification shall be posted for bid no later than thirty (30) calendar days after the date the Union was given its written notification. All new work and jobs will be made available by posting to all seniority associates before any outside hiring takes place.

12.04 Temporary Assignments

It is understood and agreed between the parties that associates may be temporarily assigned to jobs / classifications other than their own due to the varying of customer schedules and needs, as well as absenteeism, vacations, leaves of absences or the like. When such temporary assignments are made, the associate involved will be paid the rate of pay within their own position or the temporarily assigned position, whichever is higher, for the length of the temporary assignment.

In case of temporary assignments of more than one week, the assignment will first be offered to the senior qualified associates in the classification from which the transfer is being made. Failing volunteer(s), the most junior associate(s) within the classification will be forced.

12.05 Transfers Outside of Bargaining Unit

If any associate on the seniority list, covered by this agreement, is temporarily transferred or appointed to a position outside of the bargaining unit by the Company for a period of thirty (30) days or less, and then is transferred back to a position which is covered by this agreement, the associate will return to their shift and classification. If this period exceeds thirty (30) days, but not greater than sixty (60) days, the returning associate will have no right to their previous job

or shift. Seniority will not accrue for associates temporarily transferred from the bargaining unit.

ARTICLE FOURTEEN (14)

Hours of Work

14.01 Work Day/Work Week

The normal work day will be 8 hours and the work week will not be more than 48 hours.

In order for associates to plan and arrange their time, the Whitby Plant will operate on rotating shifts. Shift rotation will include two weeks of days and two weeks of afternoons. The third shift, i.e. midnights, it will be a steady, non-rotational shift.

As an example, a three shift operation might appear as follows:

Days 6:30 a.m. to 2:55 p.m.
Afternoons 2:30 p.m. to 10:55 p.m.

Midnights 10:30 p.m. to 6:55 a.m.

Two ten (10) minute breaks; one prior to lunch and one after lunch, and one twenty-five (25) minute unpaid lunch break. An additional ten (10) minute break will be allowed for each additional two (2.0) hours worked which will be taken prior to the overtime period.

As an example, a two shift operation might appear as follows:

Days 6:30 a.m. to 3:00 p.m.

Afternoons 4:30 p.m. to 1:00 a.m.

Two ten (10) minute breaks; one prior to lunch and one after lunch, and one thirty (30) minute unpaid lunch break. An additional ten (10) minute break will be allowed for each additional two (2.0) hours worked which will be taken prior to the overtime period.

The Company may find it necessary to change an associate's shift or shift hours, based on production requirements. The Company will meet with the Union and inform the Plant Committee of the circumstances when these situations occur.

The Union and the associates involved will be given as much advanced notice as possible whenever any changes to the above occur. This is not intended to circumvent the Company's ability to extend hours of work to schedule required overtime.

ARTICLE FIFTEEN (15)

Overtime

The Minutes of Settlement dated December 1, 2003 will be honored during the life of this agreement.

15.01 Overtime Assignments

Overtime requirements will be scheduled according to the customer's weekly production requirements.

Due to our customer's production requirements, the parties agree that as a condition of employment, associates will be required to work week end overtime, i.e. Saturdays up to a total weekly maximum of forty-eight hours per week. Daily voluntary overtime will not exceed four (4) additional hours per day.

Any voluntary overtime opportunities will be offered on a rotational basis starting with the most senior associate(s) within the classification, shift, and overtime group. Regardless of whether the most senior associate accepts or declines the offer, the next offer would go to the next most senior, and so on, until everyone in the overtime group has had the opportunity to accept or decline an offer of overtime. If enough senior associates do not volunteer, then the least senior within the classification on the shift and within the group where the overtime is to be worked will work the overtime provided they are fully trained to do the job.

The parties agree that daily overtime assignments will be treated separately from weekend overtime assignments as per the above. The Company will maintain and post separate overtime charts for daily and weekend overtime.

No associate will be permitted to work more than twelve (12) hours in a twenty-four (24) hour period without an eight (8) hour break.

Notices of scheduled foreseen weekly overtime must be given at least one (1) day before on the shift it is to be worked.

The work notice for foreseen weekend overtime work must be given by 10:00 a.m. on the Thursday prior to the weekend. When possible, the Company will let the associates know on Wednesday.

The work notice for any unforeseen overtime will be given as soon as the Company becomes aware of the need to work overtime.

15.02 Overtime Pay

Hours worked beyond eight (8) in a workday or forty (40) in a workweek will be paid at time and one half the associate's regular straight time hourly rate.

Hours worked on Saturday will be paid at time and one half the associate's straight time hourly rate. This will not apply for hours worked on a Saturday during a shift that began on the preceding Friday.

Hours worked on a Sunday, unless they are the regular starting or ending of an associate's shift will be paid at double the associate's regular straight time hourly rate.

Hours worked on a holiday, unless they are the start or the end of a shift before or after the holiday, will be paid at double the associate's regular straight time hourly rate plus the holiday pay.

The allowance for overtime and overtime premium on any hour excludes that hour from any consideration for overtime premium pay on any other basis, thus eliminating any duplication of premium pay.

ARTICLE SIXTEEN (16)

- In the equalization of overtime hours, the Journeyperson must have the lowest hours on the shift, and be licensed and/or capable of performing the same duties as the job requires.
- Any overtime refused will be charged accordingly, unless management does not continue to try to find a tradesperson to fill the requirement.
- The Skilled Trades representative will be notified of all available overtime prior to the overtime being performed.
- At no point will there be an overtime gap on the shift of greater than 80 hours or between the shift averages of greater than 80 hours. Failure to follow this provision of overtime equalization will result in payment to the affected Journeyperson(s) for overtime hours lost, provided the Journeyperson and/or Union representative raised the objection prior to the overtime being worked. Otherwise, the remedy will be to offer the next available overtime opportunity to the affected Journeyperson(s).
- When a person is assigned to a steady day or afternoon shift they will be allocated to a specific rotating shift for the purposes of canvassing and equalization of overtime.
- The current overtime list will be made available for all trades. The list will be updated as the overtime occurs. If there are any errors or issues the Skilled Trades representative or Steward on each shift will raise the concerns for management to address.

26.06 Tool Allowance

Upon proof of purchase the Company will provide each Journeyperson with up to a \$425.00 tool allowance each year and agrees to pay for any broken or worn tools. The Company agrees to pay for any specialized tools as deemed required by the Company. Such tools will be Company property and maintained in a specific central area for the Skilled Trades.

New hires within the Skilled Trades classification shall be eligible for the tool allowance upon completion of one year of service.

26.07 Protective Clothing

The Company agrees to provide Skilled Trades, three pairs of coveralls and a winter jacket. Coveralls and jacket will be replaced as required. Directed supplier and style will be mutually determined by the Company and the Skilled Trades.

The Company agrees to provide a cleaning service for the coveralls.

26.08 Safety Shoes

The Company will provide Skilled Trades an annual allowance of \$150.00 per year. A second pair of shoes, if required will be available upon approval. If purchased from a non JCI supplier, proof of purchase will be required.

26.09 Apprenticeships

If and when the Company is in a position to entertain apprentices, it will meet with the Skilled Trades representative and Ministry to establish an agreed upon program.

26.10 Layoff and Recalls

- (a) Temporary layoffs in the Skilled Trades are defined as any reduction of less than five (5) working days. Layoffs under this provision will be by seniority, by shift.
- (b) Permanent layoffs in the Skilled Trades are defined as any reduction of five (5) working days or greater. Layoffs under this provision will be by seniority, by plant, by classification.
- (c) Management retains the right to determine the number of tradesperson(s) required and the classifications needed to maintain efficiency in the plant. Management will meet and discuss their plans, in advance, of any layoff with the union to allow the UNIFOR chairperson and Skilled Trades representative to have input prior to the layoffs occurring.
- (d) In cases where there are apprentices in the classification, they would be the first to go.
- (e) The recall provision for Skilled Trades will be as per Article Eleven (11).

26.11 Council Dues

The Company agrees to deduct Canadian Skilled Trades Council dues as may be adopted by the Canadian Skilled Trades Council. The first deduction is to be made from the employees first pay received after completion of the probationary period. Future deductions to be made in January of succeeding years, or upon completion of one (1) month in that calendar year.

26.12 Contracting Out

The Company will not contract out regular maintenance work if the Skilled Trades are not working, unless they elected not to be working (including weekends). In cases of overtime, if there is not enough volunteers from the Skilled Trades, the Company will advise the Skill Trades Representative.

26.13 Clarification of Skilled Trades Duties

Tradespeople will be allowed to work in the plant up to their capability when normal production occurs.

It is recognized the tradespeople are responsible for major repairs, modifications and new installations. In these instances the basic trade needs to be the primary lead on these jobs.

Tradespeople are not to be doing work which is outside their licensing, certification or training.

- Licensing – Trades Certificate of Qualification
- Certification – Recognized Training Course
- Training – Training provided under the Skilled Trades training Matrix

Management will continue to work with and support any tradespeople wishing to upgrade their credentials.

26.14 Training Matrix

With the input of the Skilled Trades representative, the Company will implement and update a training matrix to identify skill sets and training needs for the skilled trades group. The parties agree to have this matrix set up within 90 calendar days of ratification.

ARTICLE TWENTY-SEVEN (27)

Termination

This agreement will remain in force until the 25th day of August, 2017, and will continue automatically thereafter for a period of one (1) year, unless either party notifies the other in writing during the period of not more than sixty (60) days and not less than thirty (30) days prior to the expiration date that it desires to amend or terminate the agreement.

APPENDIX "B"

Temporary Part-time Program

The parties agree that management may utilize temporary part time associates.

Temporary part time associates will normally be scheduled to work as follows:

- a) During periods of launch that require specific temporary manpower requirements to meet our customer's product launch schedules.
- b) To cover extended leaves of absence.

1. No temporary part-time associates will be working while regular full time associates are on lay-off unless agreed to by the union. The Union agrees to cooperate with the Company during times when this would create a disruption in its operations.

2. The Company may discontinue the use of a temporary part time associate at any time. If the reason for letting the associate go for anything other than the completion of their assignment, the company will inform the Plant Chair. If the Plant Chair feels that the company was unfair in it's decision, the decision may be reviewed with the Human Resource Manager. If they cannot resolve the issue, the Plant Chair may review the decision with the Plant Manager. The Company recognizes that a temporary associate has rights afforded them under the Ontario Human Rights Code.

3. Temporary part time associates shall receive 75% of maximum base rate of the classification as stipulated in Appendix "A" and union dues will be deducted subject to the provisions of Article 4 of the Collective Agreement.

4. Temporary part time associates are entitled to vacation pay under existing law.

5. Temporary part time associates will not be entitled to any Company paid or sponsored benefit programs during such employment with the Company as a temporary part time associate.

6. If at any time on or before the end of their period of employment a temporary part time associate applies for and is hired as a full-time associate, they will immediately be considered a new hire and will be required to serve the probationary period spelled out in Article 9.01 (4).

In establishing a T-P-T Program, the Company will consider past full-time associates and the relatives of full time associates for temporary part time work before considering anyone else.

APPENDIX "C"

Pension

Effective immediately, using each associate's most recent hire date at the Whitby plant, Whitby associates will be able to participate in the same pension program as the Tillsonburg bargaining unit associates.

The 2 year waiting period will be eliminated and all eligible associates will be retroactive effective January 1, 2008.

Effective September 1st, 2008, the monthly benefit level will be \$42.00 for all associates retiring under the provision plan on or after September 1st, 2008 and \$43.00 for Skilled Trades retiring on or after September 1, 2008.

Effective September 1st, 2009, the monthly benefit level will be \$43.00 for all associates retiring under the provision plan on or after September 1st, 2009 and \$44.00 for Skilled Trades retiring on or after September 1, 2009.

Effective September 1st, 2010, the monthly benefit level will be \$44.00 for all associates retiring under the provision plan on or after September 1st, 2010 and \$46.00 for Skilled Trades retiring on or after September 1, 2010.

Disability pension will be the lesser of:

- a) two times the monthly benefit level in effect at the time of the disability for each year of credited service, or
 - b) the monthly benefit level in effect at the time of disability for each year of credited service, calculated as if the member's continuous service continues to normal retirement.
- The seniority provision for disability pension is in effect after 10 years.

Associates will be able to retire at age 62 with an unreduced benefit. This is not intended to have any effect on people retiring younger than age 62.

The Company will provide a one time opportunity whereby employees who are at least 62 but less than 65 years old and who retire between September 1, 2008 and June 30, 2011 will retain their drug coverage until they turn age 65.

APPENDIX "D"

Benefits

The parties have agreed to the flex benefit program as currently exists prior to September 1st, 2002 as listed below. The benefit booklet will form part of this collective agreement.

Same sex benefits (in conjugal relationship for at least 12 months) will be covered under the current plans, providing the various Federal and Provincial regulatory agencies including Revenue Canada continue to recognize same sex relationships.

1. Medical - options 1, 2 or 3 and including the availability of hospitalization, prescription drugs, major medical, hearing, vision care, private duty nursing, paramedical, out-of-country and travel assistance. Deductibles applicable as per option selection. Effective January 1, 2009 there will be a dispensing fee cap of \$11.00 per prescription and a prescription drug co-pay of 10% per prescription with out of pocket maximum of \$270/year and a \$5.00 deductible per prescription.

Vision Care - option 1 none; option 2 \$150 per 24 months; option 3 \$200 per 24 months plus coverage for one eye exam of up to a maximum of \$75.00 every 24 months. A onetime opportunity will be given to employees to apply their unused eyeglass allowance towards laser eye surgery.

2. Dental - options 1, 2 or 3 and including the availability of basic and major care, orthodontia (children only). Deductible applicable: 40% for option 2 and 20% for option 3. Using the previous year's ODA fee schedule. Routine exam coverage will be every 12 months.

3. Associate Life Insurance - selection of options 1, 2 or 3 available, company paid. Options 4 through 9 available, associate contribution required.

4. Dependent Life Insurance - selection of options 1, 2 or 3 available, associate contribution only.

5. AD&D - selection of options 1, 2 or 3 available, company paid. Options 4 through 9 available, associate contribution required.

6. Health Care Expense Account - (HCEA) - selection of this option entitles associates to deposit extra flex benefit credits in your HCEA. In accordance with Canada Customs and Revenue Agency rules, credits must be used within two (2) years or they will be lost.

7. Taxable Cash - selection of this option entitles associates to receive their extra flex benefit credits on their weekly pay cheque.

8. Weekly Disability - if as a result of illness or a non-work related accident, an associate is unable to perform the essential functions of the job and if no suitable alternative or modified employment is available, company paid disability benefits will be available to eligible associates subject to the terms and conditions as described.

Application - applies to all hourly associates under age 65, whose status is permanent full-time. Eligibility begins after the ninety (90) day probationary period is complete. Associates must be seen and treated by a licensed medical doctor and absent from work for more than the waiting period.

Amount - 60% of weekly earnings prior to the date of disability, exclusive of overtime and CIP bonus. A retroactive change in earnings will be deemed to be effective on the date the change is determined.

Waiting Period - Accident - nil, Illness - 4 work days, Illness if hospitalized for at least eighteen (18) hours - lesser of four (4) days or period prior to hospitalization. In cases where a surgical procedure at the hospital requires anesthetic, coverage will begin from day one.

Benefit Duration - thirty (30) weeks.

Procedure - payment of weekly disability is conditional upon and will not be made until the associate provides the Company an application for weekly benefits and a completed "Attending Physician's Statement of Disability". The Company may request, and the associate must provide medical certification as often as the Company requests.

Further payment of weekly disability benefits may be conditional upon the associate undergoing a third party medical evaluation (at the Company's expense). Failure to report for a schedule evaluation may result in the termination of benefits.

Employees on layoff will be covered until the end of the 3rd month following the month during which they were laid off. Employees on weekly Indemnity will be covered for the entire period for which they are eligible for weekly indemnity. Employees on WSIB will be covered for up to one year.

Vacation pay shall not accrue on disability benefits, however your seniority will continue to accrue for the period of disability.

Associates shall be encouraged to work part-time for the Company while recovering from a disability provided they receive medical approval to do so. Hours worked will be paid at the regular rate of pay and weekly disability benefits will be paid for the portion of the day not worked.

Upon medical approval to return to work, associates will return without the loss of seniority to their original position, if still open, or to another position for which, in the Company's opinion, the associate has the requisite skill, experience and qualifications.

Subsequent Disability - a new waiting period and benefit duration will start if an associate returns to active full time work for a period of two (2) weeks prior to becoming disabled because of the same or related cause, or one (1) full day before becoming disabled resulting from a different or unrelated cause.

Third Party Liability - If an associate should receive disability benefit payments under the Company plan for loss of income for which there may be a cause of action against a third party, a reimbursement agreement with Manulife will be required. This will entitle Manulife to be reimbursed for any amount(s), including interest, recovered from a third party for the loss of income or medical and dental expenses. If a lump sum payment is made under judgment or settlement for loss of future income, no further disability benefits will be paid until such time as the sum of benefit payments otherwise payable equals the amount of such lump sum.

9. Long Term Disability - selection of options 1 or 2 available, paying 60% of base pay.

APPENDIX "E"

Cost of Living Allowance - COLA

Effective January 1, 2004 and thereafter during this agreement, each employee shall receive a cost of living allowance as set forth in this section.

COLA will be reduced by \$1.02 (to offset pension costs) and frozen until August 25th, 2017 (Employees will not "catch-up" in any way for any COLA foregone).

The amount of cost of living adjustment (COLA) shall be determined in accordance with changes in the Consumer Price Index of the base 1986 = 100, hereinafter referred to as the 1986 Consumer price Index or 1986 CPI.

In determining the three (3) month average of the indexes for a specific period, the computed average shall be rounded to the nearest .1 index point - i.e. .05 and greater rounded upward and less than .05 rounded downwards.

The COLA shall be computed using the three month average of the 1986 CPI for December 2003, January 2004 and February 2004 as the base period. Cost of Living Adjustments will be made on a quarterly basis at the following times: April 1st, July 1st, October 1st and January 1st.

One cent (\$0.01) adjustments in the cost of living shall become payable for each .0849 change in the Consumer Price Index.

If at any time the CPI indicates a drop in COLA, the adjustment will not be reduced. The adjustment, therefore, will not be increased until the CPI rises above where it was when the reduction would have been made.

In the event Statistics Canada ceases monthly publication of the Consumer Price Index, or changes the form of the basis of calculating the Index, the parties agree to ask Statistics Canada to make available, for the life of this agreement, a monthly index in its present form and calculated on the same base as the index for 1993.

COLA will not be paid on or included in Vacation pay and Holiday pay.

APPENDIX "F"

Bank Hour Program

The Company recognizes situations arise that prevent an associate from working a standard workweek.

Bank hours are unpaid time off for personal / emergency needs up to a maximum of forty (40) hours per calendar year. Bank hours are prorated, based upon individual start date. Use of bank hours is subject to the approval of the appropriate manager. Advance notice is required whenever possible.

Time off for bereavement, banked overtime, disability, jury duty, lack of available work, or approved leave of absence from weekend overtime are exceptions and not recorded as bank hours.

The job bidding process was discussed during these negotiations. The Company agrees that during the life of this collective agreement we will explore other processes for applying for job bids. The exploration will start with a trial of a sign up list.

LETTER OF UNDERSTANDING

Mr. Mike Reuter

Dear Mr. Reuter

Re: Premium Pay for Sunday

(Examples are using Sunday but same concept would apply on Saturday)

Assuming their regular shift starts at 10:30 PM then they would be eligible from 10:30 PM Saturday to 10:30 PM on Sunday to be paid at double time for any hours worked. In this case for nightshift employees the double time premium is from their regular shift start to the regular start of the next shift.

Again, let's say their regular shift starts at 10 PM then they would be paid double time for hours worked during their Sunday which would be 10 PM Saturday to 10 PM Sunday.

Other situations that might arise:

If you are a night shift employee and you come in and start work at 10:00 PM on Sunday (assuming the regular start time of my shift is 10:30 PM) you would be paid double time from 10:00 PM to 10:30 PM as that would be part of the defined 24 hour period for Sunday.

If you are an afternoon shift employee and your regular hours of work are 2:50 PM to 11:15 PM then your Sunday would be defined from 11:15 PM Saturday to 11:15 PM Sunday providing you are still working OT for your shift.

If you are an afternoon shift employee and you come in at 10:30 PM Sunday to supplement the nightshift - this is not double time as you are working nights Monday. Now if you came in Sunday at 9:30 PM and worked to 3 AM on Monday (supplementing the night shift), you would get double time from 9:30 PM to 10:30 PM and then you'd go back to regular time as you are working the night shifts regular hours.

If you are an afternoon shift employee and your regular hours of work are 2:50 PM to 11:15 PM and you are working Saturday you would receive time and one half for all hours worked as this is your Saturday shift, but if you worked your Saturday shift from 2:50 PM to 12:00 AM you would receive time and one half until 11:15 PM and would receive double time for all hours worked after 11:15 PM (as this is the start of your Sunday shift).

Now, if your regular shift was afternoons and you came in at 10:30 PM Saturday to supplement the night shift (assuming night shift regular start time is 10:30 PM) then you would receive double time from 10:30 PM on as you would be considered part of the night shift verses the afternoon shift.

The start and stop time of the shift you will be working and or supplementing (i.e. nights, days, afternoons) defines the 24 hour period for premium pay.

Please Note:

As per the collective agreement Article 14 Hours of Work "The Company may find it necessary to change an associate's shift or shift hours based on production requirements" which means if that was to happen the above examples of hours would shift accordingly.

Johnson Controls

When vacancies are created due to reductions and the posting procedure has been exhausted, the following practice will take place:

The affected associate may elect to fill the 3rd shift vacancy, or can choose to exercise their seniority and displace the least senior associate, in their classification, from the rotating shifts. The displaced associate would be required to fill the vacancy on the 3rd shift.

This procedure would also apply to any rebalancing of the shifts, which would require an associate to be forced to 3rd shift.
