(b) Where an employee, with a seniority date prior to October 14, 1988, is permitted to displace into the other group at the station or terminal, he/she may, at the first opportunity, transfer back to originating group when a permanent full time vacancy occurs again, transferring all seniority to that group.

NOTE: The intent of this clause is to provide a one (1) time opportunity for employees to transfer back into their original group. This above clause will not serve to affect any maintenance of rate calculations provided for under the ESIMA agreement should the employee in receipt of incumbency rate declines the opportunity to transfer back to originating group when a permanent full time vacancy occurs again.

ARTICLE 4

Seniority Status and Lists

4.1 Seniority lists will be posted in the respective Seniority Groups in January of each year. Such lists will show names, positions, and dates of last entry into the service in positions covered by this Schedule (due regard being had to the provisions of Articles 7.9, 7.10 and 7.11) from which date seniority will accumulate. The name of an employee shall be placed on the seniority list immediately upon being employed on a position covered by this schedule. Copies of Seniority lists will be furnished to the Local President/Unit Chairperson.

4.2 An employee will be considered on probation until he/she has completed sixty (60) days of actual work in the service of the Railway. If found unsuitable during such period, such employee will not be retained in the service.

4.3 Protests in regard to seniority standing must be submitted in writing within sixty (60) days from the date seniority lists are posted. When proof of error is presented by an employee or his/her representative, such error will be corrected and when so corrected, the agreed upon seniority date shall be final. No change shall be made in the existing status of an employee unless concurred in writing by the Local President/Unit Chairperson.

4.4 No change shall be made in the seniority date accredited an employee which has appeared on two (2) consecutive annual seniority lists, unless the seniority date appearing on such lists was protested in writing within the sixty (60) day period allowed for correctional purposes.

4.5 An employee who, while filling a position under this Schedule, is promoted to a position covered by another wage agreement, may continue to fill such position for a continuous period of up to six (6) months without loss of seniority, but must return to his/her former position at, or prior to, the expiration of such six (6) months' period, or forfeit his/her seniority rights under this Agreement, provided he/she can hold work in his/her own seniority group.

4.6 The foregoing Section shall not apply to an employee who, while holding seniority rights under another wage agreement, obtains employment and establishes seniority under this Schedule. If such an employee, while filling a position under this Schedule, exercises his/her seniority under the provisions of another wage agreement, his/her name will be dropped from the seniority list. An employee shall not be regarded as having exercised seniority rights when used for emergency service only.

4.7(a) When an employee is offered an official or excepted position with the Railway, its subsidiaries, the Railway Association of Canada, Canadian Freight Association or Express Traffic Association, it is not obligatory on him/her to accept. If he/she does so and an agreement is reached between him/her and the proper officer of the Railway, confirmed through the Local President/Unit Chairperson, he/she may retain rights to the position previously held for a period of six (6) months. If he/she remains in such official or excepted position beyond six (6) months, his/her previous position shall be bulletined at once, but he/she will be continued on the seniority list for the group from which promoted and shall continue to accumulate seniority.

(b) An employee released from excepted employment, as provided for in the second sentence of Article 4.7(a), may resume his/her former position or, merit and ability being sufficient, may exercise his/her seniority on any position in his/her group which was bulletined while he/she occupied such official or excepted position.

(c) An employee promoted to a permanent non-scheduled, official or excluded position subsequent to December 8, 1978, shall continue to accumulate seniority on the seniority list from which promoted for a period of two (2) consecutive years. Following this two (2) year period in such capacity, such employee shall no longer accumulate seniority but shall retain the seniority rights already accumulated up to the date of his or her promotion.

(d) When an employee is released from excepted employment under conditions other than provided for in the second sentence of Article 4.7(a), the following will apply:

- (i) If he/she is released at his/her own request, he/she will be required to render thirty (30) days cumulative service as a spare employee before he/she is eligible to exercise full seniority rights in bidding on vacancies or newly created positions. Under no circumstances will such employee be allowed to displace any regularly assigned employee until he/she has been assigned by bulletin to a position other than a temporary position in his/her own group; or

(ii) If released at other than his/her own request, he/she may exercise his/her seniority rights to any position in his/her seniority group which he/she is qualified to fill. He/she must make his/her choice of position in writing within ten (10) calendar days from the date released from excepted employment.

(e) In all cases where an employee returns to a schedule position from an official or excepted position under this Article 4.7, he/she shall commence work on such position, or be available for duty if he/she only stands for spare work, within thirty (30) calendar days of release from excepted employment unless he/she can give a satisfactory reason for not doing so. Failing this, he/she shall forfeit his/her seniority, and his/her name shall be removed from the seniority list.

ARTICLE 5

Bulletining and Filling Positions

5.1 Vacancies in permanent positions, temporary vacancies, newly created positions or seasonal positions, any of which are known to be of more than sixty (60) calendar days duration, shall be bulletined 3 calendar days and claimed by the senior qualified employees in the respective seniority groups within ten (10) days of such vacancies occurring, or new positions being established. Temporary vacancies or new positions of indefinite unknown duration, shall be bulletined to the system after the expiration of sixty (60) calendar days.

5.2 When vacancies occur, new jobs are created or additional staff is required for an expected period of 60 calendar days or less, such vacancies or new positions shall be bulletined for 3 calendar days and claimed by the senior qualified employees in the respective seniority group at the terminal; the local committee to be consulted in each case. Terminal means: North Bay, Cochrane, etc. Applications from regularly assigned employees shall only be accepted when it is known the vacancy is for five (5) working days or more. Vacancies of less than 5 working days shall be filled by spare employees when available and if required.

5.3 (a) Assigned employees filling positions under 5.2 shall be considered as temporarily assigned and on completion of such temporary positions shall return to their former assignments. He/she may, however, displace a junior employee on any other temporary assignment that was bulletined after they assumed the just completed assignment, before returning to his/her regularly assigned position.

(b) When other qualified employees are available, regularly assigned employees will not be allowed to commence work on a temporary vacancy and their regular assignment on the same day.

5.4 The bulletin shall show location, principal duties of the position, rate of pay, hours of assignment, and if temporary, the approximate duration, and shall be posted for three (3) days in places accessible to all employees affected. Copies of all bulletins issued under this rule shall be furnished to the Local President/Unit Chairperson.

5.5 Employees desiring such positions shall file their applications with the designated officer within that time, and the appointment, if made, shall be made within five (5) days thereafter.

5.6 When the regularly assigned starting time of a permanent position is changed two (2) hours or more, or the rate of pay is decreased, or the assigned rest days are changed, or the principal duties are changed, the holder of such position shall have the right to vacate the position within seven (7) days from the effective date of such change, and exercise his / her seniority rights within the same group at his / her home terminal, the same as though the position were abolished. The employees affected thereby will exercise their seniority also within the same group at the terminal. Eventually, the junior employee within that function (at the same terminal) will fill the open vacancy. Such employees will not be considered as displaced within the meaning of the Article 7.

5.7 An employee applying for a bulletined position may cancel his or her application any time prior to the closing date of bulletin. Should the senior applicant or applicants withdraw; the remaining applicants will be considered without regard to withdrawn applications and without further bulletin.

5.8 Applications may not be withdrawn after the closing date of bulletin, and the employee appointed to a bulletined position cannot bid in his/her former position until it again becomes vacant.

5.9 Appointments shall be made by the supervisory officers based seniority, subject to Article 5.13.

5.10 Bulletined positions may be filled temporarily pending the assignment of the successful applicant.

5.11 Employees shall be permitted to assume positions to which appointed within fifteen (15) calendar days of the date of bulletin making the appointment and must assume such position within thirty (30) calendar days of such appointment or on completion of their present or subsequent, temporary assignments.

5.12 Employees returning from vacation, illness or injury, or leave of absence shall resume their former positions respectively or may, immediately exercise their rights to any position bulletined during their absence, and employees displaced will be permitted to exercise their seniority in their former terminal seniority groups to any position they hold seniority on , other than a position just vacated where the employee has returned from injury or sick leave.

5.13 An employee who is assigned to a position by bulletin will receive a full explanation of the duties of the position and must demonstrate his/her ability to perform the work within a reasonable probationary period up to thirty (30) working days, the length of time dependent upon the character of the work. Any extension of time beyond thirty (30) working days shall be locally arranged. Failing to demonstrate his/her ability to do the work he/she shall be returned to his/her former position without loss of seniority, and the employees so displaced will revert back to their former positions.

Should an employee be denied a position being claimed in the exercise of seniority, or should he/she fail to qualify during a trial period, he/she and his/her authorized representative will be entitled to receive an explanation in writing from the proper officer of the Company, including the reason for the decision rendered, which shall be subject to appeal in accordance with the grievance procedure.

5.14 In the event that there is an unfilled vacancy for which there is no qualified applicant, the junior qualified employee at the station or terminal may be required to fill such position. The Company shall inform the President under whose jurisdiction the employee comes that this Article has been invoked. In such cases, the Company will arrange the training of another employee for the position so that the employee required to fill the position may be returned to his/her regular assignment as soon as practicable and shall be able to resume his/her former position after thirty (30) calendar days.

ARTICLE 6

Vehicle Permit and Gate Pass

6.1 At no cost, employees working "off shifts" at the North Bay Crew Management Centre will be provided with vehicle permit and gate pass to the former North Bay Yard Office.

ARTICLE 7

Staff Reduction and Recall to Service

7.1 In instances of staff reduction, not less than ten (10) working days' advance notice will be given to regularly assigned employees whose positions are to be abolished, except in the event of a strike or work stoppage by employees in the railway industry, in which case, a shorter notice may be given. The Local President/Unit Chairperson will be supplied with a copy of any notice in writing.

7.2 An employee whose position is abolished or who is displaced from his/her permanent position, provided he/she is qualified to perform the work, may:

- (a) displace a junior employee in his/her own seniority group on a temporary or permanent position, or
- (b) after exhausting his/her seniority rights at his/her own station or terminal, he/she may elect to protect spare and relief work at his/her present station or terminal or any station or terminal at which he/she had previously been laid off or displaced. The number of employees protecting spare or relief work in any seniority group at any one point shall not exceed one such employee for every five (5) established positions.

An employee who does not elect option (b) and has exhausted all rights under option (a) shall be considered as laid off.

Such an employee shall forfeit his/her seniority if he/she does not notify the officer in charge and the Local President/Unit Chairperson, in writing, of his/her choice within ten (10) calendar days from the date of displacement or abolition of his/her position.

7.3 An employee who has signified his/her intention to displace a junior employee shall forfeit his/her seniority and his/her name shall be removed from the seniority list if he/she fails or refuses to commence work on the regularly assigned position he/she has chosen within twenty (20) calendar days of making his/her choice, or within five (5) calendar days of exercising his/her seniority on a temporary assignment. An employee completing or being displaced from a temporary position may displace a junior employee on another temporary or permanent position for whose position he/she is qualified.

7.4 An employee who has elected to remain available for spare work shall be removed from the seniority list if he/she fails to apply for a bulletined position for which qualified, or has previously worked at the station or terminal where that employee remained available for spare work, or if he/she refuses to report for local work for which qualified, or has previously performed upon eight (8) hours notice to do so. This provision will also apply to an employee hired on a temporary basis.

7.5 When an employee is on leave of absence or vacation at the time his/her position is abolished or he/she is displaced, the time limits specified in Article 7.3 will apply from the time he/she reports for duty.

7.6 An employee who fails to comply with Articles 7.3 or 7.4 because of illness, or other cause for which leave of absence has been granted, shall not lose his/her seniority.

7.7 An employee who has exercised his/her seniority in accordance with Article 7.2 will be given a full explanation of the duties of the position and necessary on-the-job training, up to fifteen (15) working days. Failing then to show the necessary qualifications for the position he/she has chosen, he/she will be required to vacate such position. He/she may again displace a junior employee. The employee he/she originally displaced and other employees displaced as a direct consequence, thereof, shall return to their former positions.

7.8 In order that laid off employees may be informed when work is available for them, they shall keep the Director of Human Resources informed of their address - also the Local President/Unit Chairperson of the seniority group.

7.9 A laid off employee shall, if qualified, be returned to the service in order of seniority when staff is increased or when vacancies occur in his/her seniority group.

7.10 Laid off employees shall be given preference of employment in filling new positions or vacancies in other than their own seniority groups when no qualified laid off employees are available in such groups.

7.11 A laid off employee who is employed elsewhere at the time he/she is notified to report for duty may, without loss of seniority, be allowed ninety (90) days in which to report providing:

- (a) that it is definitely known that the duration of the work will not exceed ninety (90) days.
- (b) that other laid off employees in the same seniority group are available.
- (c) that written application is made to his/her superior officer immediately on receipt of notification to resume duty, with copy to the Local President/Unit Chairperson.

7.12 A laid off employee who fails to report for duty, or to give satisfactory reasons for not doing so within ten (10) days from date of notification, shall forfeit his/her seniority rights under this schedule, and his/her name shall be struck off the seniority list.

7.13 Where written notice is given a laid off employee to return to work, a copy of such notice shall be forwarded to the Local President/Unit Chairperson.

ARTICLE 8

Rehabilitation

8.1(a) When mutually agreed, or so arranged by the ERTW Committee, an employee who has become unfit to follow his/her usual occupation may be placed in a position covered by this agreement which he/she is qualified to fill, notwithstanding that it may be necessary to displace a junior able-bodied employee to provide suitable employment for him/her.

(b) When this provision is invoked, every possible effort will be made to find suitable employment at the employee's work location before considering positions at other locations.

(c) An employee placed in another seniority group will accumulate seniority in such group only from the date he/she starts work therein.

8.2(a) Except as provided in Clause (b) hereof, an employee placed on a position under the provisions of this Article shall not be displaced by an able-bodied employee so long as he/she remains on such position. Should he/she subsequently recuperate, he/she shall be subject to displacement, in which case, he/she shall exercise his/her seniority rights in the seniority group where placed, or he/she may return to the group from which he/she came with his/her former seniority standing.

(b) An employee covered by Clause (a) hereof may be displaced by a senior employee who would otherwise be forced to relocate in order to hold work on the railway or be laid off.

8.3 The Railway shall furnish the Local President/Unit Chairperson with full particulars of each case subject to Article 8.2 and 8.3 hereof prior to a permanent appointment being made.

ARTICLE 9

Training

9.1 Employees shall be encouraged to learn the duties of other positions, and every opportunity shall be afforded them to learn the work of such position during the regular working hours when it will not unduly interfere with the performance of their regularly assigned duties.

The supervisory officer may, for this purpose, arrange with the interested employees to exchange positions for temporary periods without affecting the rates of pay of the employees concerned. The Local President/Unit Chairperson will be informed when employees exchange positions in accordance with this Article.

Where new or greater skills are required than already possessed by affected employees under the present methods of operation, such employee shall, at the expense of the Company, be given a reasonable period of time to acquire the skills necessitated by the new methods of operation. There shall be no reduction in wage rates during the training period of any such employee.

9.2 Training During Normal Working Hours:

An employee required by the Railway to take training during his/her normal working hours will be paid his/her regular rate of pay while in training.

Training Outside Normal Working Hours:

An employee required by the Company to take training outside his/her normal working hours will be compensated at his/her regular rate of pay while in training, except that on any day when the Company requires an employee to take training in addition to working his/her regular assignment, he/she shall be compensated for all such combined time, in excess of eight (8) hours, at punitive rates.

Voluntary Training:

Where training facilities are provided by the Railway on a voluntary basis, an employee taking advantage of such training will not be compensated.

9.3 Training New Employees

(a) New employees entering the service shall be subject to a minimum training period of ten (10) days during which time they will be carried on the payroll in addition to the regular staff. The training will be organized so as to expose the trainee to each shift.

(b) Such new employees who will subsequently be working in a relief situation on the same shift as other employees will undergo an additional seven (7) working days of training while actually working a position.

(c) The rate of pay for such new employees will be 75% of the regular rate of the position to be worked for three (3) days, or ten (10) days as the case may be.

(d) For each shift that the new employee is working at the 75% rate, an allowance of \$16.00 will be paid the employee on that shift responsible for giving guidance and instruction to him/her.

(e) The Company will provide training to employees in accordance with the Canadian Transportation of Goods Act.

ARTICLE 10

Discipline and Grievances

10.1 No discrimination will be made in the employment, retention, or conditions of employment of employees because of membership or non-membership in labour organizations.

10.2 No employee shall be disciplined, discharged, or have their employment terminated for any reason until he/she has had a fair and impartial investigation and his/her responsibility established.

10.3 Investigations in connection with alleged irregularities will be held as quickly as possible. An employee may be held out of service with pay pending the complete investigation and notice provided to the Local Chairperson. When an employee is not held out of service, the investigation will be held if practicable during his/her regular working hours. He/she will be given at least one (1) day's notice of the investigation and notified of the charges against him/her. This shall not be construed to mean that a proper officer of the Railway, who may be on the premises when the cause for investigation occurs, shall be prevented from making an immediate investigation. An employee will not be required to make statements on matters affecting the Agreement, Company working rules, policies, procedures, or compensation without the Local President/Unit Chairperson or authorized committee person present. The employee and the Local Union will be furnished with a copy of the statement. The decision will be rendered as quickly as possible but in any event not later than twenty-one (21) calendar days from the date the statement is taken from the employee being investigated. An employee will not be held out of service pending the rendering of a decision, except in the case of a dismissible offence.

Following that investigation, the Company will not be allowed to conduct the investigation anew into the circumstances of the initial investigation

10.4 When discipline is recorded against an employee, he/she and the authorized Union representative will be notified in writing.

If the decision is considered unjust, an appeal may be made in writing within fourteen (14) calendar days of the advice of discipline. Appeals of suspension or dismissal shall be made directly to the President's office. Such appeal shall be considered part of the Grievance Procedure, and it will set forth the grounds upon which it is made. The hearing on appeal shall be granted and a decision rendered as quickly as possible. On request, the Local Chairperson shall be shown all evidence in the case.

10.5 Should an employee be exonerated, he/she shall be paid at their regular rate of pay for any time lost, one (1) day for each twenty-four (24) hours, less any amount earned in other employment. If away from home, employees shall, on the production of receipts, be reimbursed reasonable expenses for travelling to and from the investigation.

(a) Any written reprimand, warning or caution, or the like, will be removed from the employee's record following a period of ten (10) months of discipline-free performance from the date of such written reprimand, warning or caution, or the like.

(b) Demerit marks will be removed from the employee's record following a period of twelve (12) months of discipline-free performance from the date of such demerit marks to a maximum of twenty (20) demerits. Suspension or the like will be removed from the employee's record following a period of twelve (12) months of discipline-free performance from the date of such suspension or the like.

(c) Discipline will be expunged from an employee's personnel record following a period of forty-eight (48) months of discipline-free performance.

Grievance Procedure

10.6 Should an employee subject to this Agreement believe he/she has been unjustly dealt with, or that any of the provisions of this Agreement have been violated, he/she shall within seven calendar days from the alleged unjust action, present the complaint to his/her immediate supervisor for adjustment.

Step 1

Failing satisfactory resolution of the complaint, the authorized local Union may, within 14 days, present the grievance in writing, on a form supplied by the Company, to the employee's supervisor, whose decision shall be rendered within seven calendar days.

Step 2

Within 21 calendar days following receipt of the decision rendered under Step 1 the authorized Local Union Representative may appeal the decision in writing to the Operating Department senior official, whose decision must be rendered within 21 calendar days.

10.7 Upon request from either party, reasonable effort will be made to have meetings within the allotted times.

10.8 A grievance not progressed within the time limits specified shall be dropped and shall not be subject to further appeal. Where, in the case of a grievance based on only a time claim, a decision is not rendered by the designated officer of the Company at Steps 1 or 2 within the time limits specified in such steps, the time claim will be paid. Payment under such circumstances shall not constitute a precedent, or waiver of the contentions of the Company in that case or in respect of other similar claims.

10.9 The time limits specified in Steps 1 and 2 may be extended by mutual agreement between the parties referred to in each step.

10.10 All conferences between shop officials and authorized Local Union Representatives will be held by appointment and concluded during regular working hours without loss of earnings to committee representatives.

10.11 The Company will not discriminate against any employee who, as authorized Local Union Representatives, from time to time, represent other employees and will grant them leave of absence and free transportation over the Company's lines when delegated to represent other employees.

10.12 If an authorized Union Representative should consider that a provision of this Agreement has been violated, he/she may initiate a grievance, which shall be processed in accordance with the foregoing provisions of this Rule 34.

NOTE: Each party will notify the other of any changes in designated officers.

10.13 The settlement of a grievance shall not under any circumstances involve retroactive pay beyond a period of sixty (60) calendar days prior to the date that such grievance was submitted at Step 1 of the grievance procedure.

10.14 When a grievance concerning the interpretation or alleged violation of this agreement or supplemental agreements has not been settled at Step 2 of the grievance procedure, the Union or the Company may, within ten (10) calendar days from the date of the Company's decision at Step 2, request pre-arbitration meeting to be arranged through the Labour Relations Department.

10.15 The meeting will be held not later than fourteen (14) calendar days following the receipt of the above request. If such meeting is not requested, the Union or the Company must notify the other party in writing within the time limit specified in Rule 10.11 of its intention to proceed directly to arbitration with the grievance. If a pre-arbitration meeting fails to resolve the matter, it will be regarded as proceeding directly to arbitration in accordance with the following provisions.

10.16 When a grievance has been identified as proceeding to arbitration by either party, it must be scheduled for hearing with a sole arbitrator within sixty (60) calendar days of the notification to proceed to arbitration or following the date the parties were unable to resolve the matter at a pre-arbitration meeting. Failure to schedule the grievance for arbitration within such period will result in the matter being considered dropped and not subject to further appeal. The Union will provide the Director of Human Resources with a list of the three (3) arbitrators to have the matter heard. If the Company does not agree to any of the arbitrators, they will, within ten (10) calendar days, forward a list of three (3) arbitrators for the Union's consideration. If the Company fails to provide a list of arbitrators within the ten (10) calendar-day period, the Union will arrange to have the matter heard by the arbitrator of its choice.

10.17 If the Union and the Company are unable to agree on the selection of a single arbitrator from among the three (3) names supplied by each party, the Federal Minister of Labour shall be requested to appoint an impartial arbitrator. The arbitrator shall proceed as quickly as possible to determine the matter in dispute, and his/her decision shall be final and binding.

10.18 A Joint Statement of Fact and Issue outlining the dispute and references to specific provision or provisions, if any, of the Collective Agreement allegedly violated, shall be jointly submitted to the arbitrator in advance of the date of the hearing. In the event the parties cannot agree upon such Joint Statement of Fact and Issue, each party shall submit a separate statement to the arbitrator in advance of the date of the hearing and shall, at the same time, give a copy of such statement to the other party.

10.19 The hearing shall be held by the arbitrator in the office of the Railway unless otherwise mutually arranged, or unless the arbitrator deems it advisable because of special circumstances to hold the hearing elsewhere.

10.20 At the hearing before the arbitrator, argument may be given orally and/or in writing, and each party may call such witnesses as it deems necessary.

10.21 Each party shall respectively bear any expenses each has incurred in the presentation of the case to the arbitrator. The remuneration and expenses of the arbitrator shall be shared equally by the Company and the Union.

10.22 The arbitrator shall not have jurisdiction to add to, subtract from, modify, rescind, or disregard any of the provisions of the Collective Agreement or Supplemental Agreements. Disputes arising out of proposed changes in rates of pay, work hours, and conditions of service, modifications or additions to this Collective Agreement are specifically excluded from the jurisdiction of the arbitrator. The arbitrator, however, in respect of a grievance involving a penalty, shall be entitled to modify such penalty as in the opinion of the arbitrator is just and equitable.

10.23 Upon official notice, all reasonable arrangements will be made to permit the arbitrator to have access to the work place to view the disputed operations and to confer with the necessary witnesses.

10.24 Both parties agree to furnish each other with copies of documented evidence reasonably anticipated to be used in the presentation of their prospective cases before the arbitrator.

The parties further agree to furnish each other with copies of reported and unreported arbitration awards and court decisions they intend to rely on at the hearings. Such documentation, awards and decisions will be furnished at least seven (7) days prior to the hearings. The purpose of this is to eliminate the element of surprise in relation to documented evidence and unreported arbitration awards and court decisions.

10.25 Prior to the adjudication of final disposition of grievances by the highest designated authorities, as herein provided and while questions of grievances are pending, there will be neither a shutdown by the employer nor a suspension of work by the employees.

ARTICLE 11

Free Transportation and Leave of Absence

11.1 Employees will be granted free rail transportation and leave of absence, without pay, to attend their meetings; such leave will not exceed two (2) days.

11.2 Necessary leave of absence will be granted to employees' delegates to attend their convention. This privilege will only be granted provided the Railway is not thereby put to additional expense, and provided it does not interfere with the requirements of the service. Leave of absence to attend local meetings will be restricted to four (4) times per year.

11.3 Members of the Local Grievance Committee shall be relieved when required for Committee work, and shall be furnished necessary transportation. All possible notice must be given to their superior officer so that the interests of the Railway will not suffer. Members of such Committee shall suffer no loss of pay, provided such leave does not involve additional expense to the Railway.

11.4 The Company will continue to pay members of the Union while attending authorized Union business and the Company will bill the Union for reimbursement. Requests for leave, on the designated form, will be presented to the immediate supervisor at least three (3) days in advance.

11.5(a) At the discretion of the Railway, employees shall be granted leave of absence not to exceed six (6) months. Requests for leaves of absence must be made in writing, and a reply will be given in writing.

(b) A leave of absence granted under Article 11.4 (a) may be extended by application in writing to the proper officer in ample time to receive permission or refusal before the expiration of the leave, or absolute proof furnished as to bona fide sickness preventing return to duty.

(c) Should an employee fail to return to duty at the expiration of the authorized leave, an investigation shall be scheduled in accordance with Article 10.3.

(d) In instances where leaves of absence greater than three (3) days are granted, the Local Chairperson concerned will be informed.

11.6 Leave of absence under this rule shall not be granted for the purpose of engaging in work outside the railway service, except in cases involving sickness or other exceptional circumstances, or when the subject of mutual agreement.

11.7 Leave of absence under this rule shall be restricted to two (2) successive leaves, unless otherwise mutually agreed.

11.8 Upon notification, an employee who must serve a period of incarceration as a result of a conviction arising from the operation or use of a motor vehicle, shall be granted a leave of absence without pay of up to 365 days in order to serve the period of incarceration. Such period of leave will not be credited towards accumulation of service.

11.9 Upon submission of a certificate issued by a qualified health practitioner indicating that a family member has a serious medical condition and there is significant risk of death occurring within a period of twenty-six (26) weeks, an employee will be entitled to take up to eight (8) weeks of unpaid leave in order to provide care and support to that specified family member.

NOTE – Family members will be defined as those contained in Article 23.

11.10 Employees covered by this Agreement and those dependent upon them for support, will have free passenger rail transportation. This does not refer to special free transportation which may be issued to employees in train service on account of the necessary requirements of that service.

11.11 The name of an employee on authorized leave of absence shall be continued on the seniority list for the group in which he/she has established seniority rights.

ARTICLE 12

Hours of Service and Meal Period

12.1 Eight (8) consecutive hours' work (except as otherwise provided) exclusive of the meal period, shall constitute a day's work. (This clause not applicable to train service employees.)

12.2 Employees may be assigned to work eight (8) consecutive hours and allowed twenty (20) minutes for lunch, with no deduction in pay.

12.3(a) Where the work is of an intermittent character, there being no work for periods of more than one (1) hour's duration for one (1) or more employees, and their services cannot otherwise be utilized, split shift assignments may be established by mutual agreement.

(b) Split shift assignments will be confined to not more than two (2) tours of duty within a spread of twelve (12) consecutive hours in any day with payment for not less than eight (8) hours within a period of twelve (12) consecutive hours. The spread of hours may be extended by mutual agreement to take care of exceptional conditions.

NOTE: This rule may be applied only to janitors, passenger station, and/or freight shed staffs. Split shift assignments must not be established until agreed to by the Local President/Unit Chairperson, or in the case of a dispute, until a decision has been rendered authorizing establishment.

12.4 Where it has been the practice for monthly rated employees to work less than eight (8) hours per day, that practice shall be continued unless changed on account of conditions beyond the control of the Railway. It is understood that should the exigencies occasionally demand, employees working such reduced hours, may be required to work extra hours, and that the present practice shall be continued where employees working reduced hours are, to meet the requirements, regularly required to put in extra hours; but overtime shall not accrue until eight (8) hours service has been performed.

12.5 Regularly assigned employees who report for duty on their regular assignments shall be permitted to complete their assignments unless they lay off of their own accord, in which even they shall be allowed actual time worked at pro rata rate, except as may be otherwise mutually arranged locally in respect of weekly rated employees.

12.6 Employees will be allowed time in which to eat between the ending of the fourth (4th) hour and the beginning of the seventh (7th) hour after starting work, unless otherwise mutually arranged locally.

12.7 The meal period shall not be less than thirty (30) minutes or more than one (1) hour, unless otherwise mutually arranged locally.

12.8 Employees shall not be assigned a meal period between the hours of 10:00 p.m. and 6:00 a.m.

12.9 If time in which to eat is not afforded within the allowed or agreed time limit, and is worked, such time shall be paid for at the overtime rate, and twenty (20) minutes for lunch, without deduction in pay, shall be afforded at the first opportunity.

12.10 Regular assignments shall have a fixed starting time and the regular starting time shall not be changed without at least forty-eight (48) hours' notice to the employees affected. The starting time of an employee shall be the same on all days of the week, unless otherwise agreed upon locally.

12.11 Spare employees called in to work, except to relieve on regular assignments, will be paid at pro rata rate with a minimum of four (4) hours for each time required to commence work; the meal period provided for in Article 12.6, not to be considered a break.

12.12 Except in emergencies, spare employees shall not be called for duty in any seven (7) day period after they have completed forty (40) hours' work in such period.

ARTICLE 13

Overtime and Calls

13.1 Subject to the provisions of Article 12.4, time worked by employees on regular assignments, continuous with, before or after the regularly assigned hours of duty shall be considered as overtime and shall be paid at one and one-half (1½) times the hourly rate of pay in minimum increments of fifteen (15) minutes. Every effort will be made to avoid the necessity for overtime; however, when conditions necessitate, employees will perform authorized overtime work as locally agreed in writing. An employee filling an established full-time position, required to work overtime for more than two (2) hours, continuous with completion of that employee's regular tour of eight (8) hours' duty will be allowed without deduction of pay, twenty (20) minutes in which to eat, immediately upon completion of two (2) hours' overtime.

13.2 There shall be no overtime on overtime. Time worked in excess of forty (40) hours in a workweek shall be paid for at time and one-half (1/2), but overtime hours paid for under Article 13.1 shall not be utilized in computing the forty (40) hours per week. However, up to eight (8) hours paid for on holidays or when changing shifts may be so utilized. In addition, time paid for as arbitraries or special allowances (e.g. attending court, deadheading, travel time) shall be utilized in computing overtime when such payments apply during assigned working hours, or where such time is not included under existing articles in computations leading to overtime.

13.3 Time worked in excess of the regularly assigned hours, due to changing shifts, shall be paid at hourly rates, if due to application of seniority rules or where such changes in shifts are locally arranged.

13.4 Employees will not be required to suspend work during regular hours to absorb overtime.

13.5 Overtime shall be worked only by direction of proper authority. Where advance authority is not obtainable, overtime will not be allowed unless claim is made to the proper officer within forty-eight (48) hours from the time service is performed.

13.6 Regularly assigned employees notified or called to work, not continuous with, before or after their regular assigned hours, shall be allowed a minimum of three (3) hours at one and one-half (1½) times the hourly rate for three (3) hours' work or less. This does not apply to employees whose calls are cancelled before leaving home.

13.7 The hourly rate for weekly rated employees is computed by dividing the weekly rate by forty (40).

13.8 Employees required to work on their assigned rest days shall be paid at one and one-half (1½) times their hourly rate with a minimum of three (3) hours for which three (3) hours service may be required, except

(a) as otherwise provided under Article 14;

(b) where such work is performed by an employee moving from one assignment to another in the application of seniority or as locally arranged.

(c) where such work is performed by an employee moving to or from an extra, laid-off, or preferential list.

13.9 Overtime Banking

Employees desiring to bank overtime may elect to do so under the following criteria:

- * The half time associated to overtime may be banked up to a total of twenty-four (24) hours per calendar year. This limit may be replenished throughout the year.
- * Banked time must be taken in full increments or the employee may elect to receive the pay.
- * Employees must have cleared or be scheduled to clear their hours account by December 15th. If the account is not cleared, then the employee will be paid the balance in cash.
- * Payment will be based on the current rate of pay at the time the banked time is used.
- * Time off must be requested in advance, unless bona fide illness. (Company will monitor)
- * Time off will be subject to Company service requirements and no additional cost to the Company.
- * Implementation of the Overtime Banking arrangement will be subject to the development of an appropriate computer system.

ARTICLE 14

Assigned Work Week and Rest Days

14.1(a) A workweek of forty (40) hours consisting of five (5) days of eight (8) hours each with two (2) rest days in each seven (7) is established subject to the following modifications.

(b) This clause shall not be construed to create a guarantee of any number of hours or days of work not elsewhere provided for in this agreement.

(c) The rest days shall be consecutive as far as is possible consistent with the establishment of regular relief assignments and the avoidance of working an employee on an assigned rest day. Preference shall be given to Saturday and Sunday and then Sunday and Monday. The workweeks may be staggered in accordance with the Railway's operational requirements. Days of service may, on seventy-two (72) hours' notice, be reassigned when necessary.

14.2(a) Employees required to work on their assigned rest days off duty shall be paid at one and one-half (1½) times the pro rata rate with a minimum of three (3) hours for which three (3) hours service may be required.

(b) Swing employees required to work on their assigned rest days shall be paid the overtime punitive rate of the position worked, but such rate shall not be less than applies to the lowest rated position to which they are assigned during their work week.

14.3 In any dispute as to the necessity of departing from the pattern of two (2) consecutive rest days or for granting rest days other than Saturday and Sunday, or Sunday and Monday, it shall be incumbent on the Railway to show that such departure is necessary to meet the operational requirements and that otherwise additional relief service or working an employee on an assigned rest day would be involved.

14.4 On positions where it is not reasonably practicable to provide regular relief each week, the rest day or days for which relief is not provided, may be accumulated and granted at a later date. Such accumulation shall normally not exceed five (5) days, and rest days so accumulated shall normally be allowed consecutively when five (5) days have been accumulated. However, the accumulation of a greater number of rest days and their allowance at

longer intervals may be arranged by mutual agreement. Positions on which rest days are to be accumulated shall be so bulletined.

14.5 In the event that a situation arises which makes it impracticable to assign consecutive rest days to all employees, the following procedure shall be observed:

- (a) All possible regular relief positions shall be established pursuant to Article 14.6 hereof.
- (b) Possible use of rest days other than Saturday, Sunday, or Monday, where these may be required under this Agreement to be explored by the parties.
- (c) Accumulation of rest days under Article 14.4 hereof shall be considered.
- (d) Other suitable or practicable plans which may be suggested by either of the parties shall be considered and efforts made to come to an agreement thereon.
- (e) If the foregoing does not solve the problem, then some of the relief or extra employees may be given non-consecutive rest days.
- (f) If after all the foregoing has been done there still remains service which can only be performed by requiring employees to work in excess of five (5) days per week, the number of regular assignments necessary to avoid this may be made with two (2) non-consecutive days off.
- (g) The least desirable solution of the problem would be to work some regular employees on the sixth (6th) or seventh (7th) days at overtime rates and, thus, withhold work from additional relief employees.

14.6(a) All possible regular relief assignments with five (5) days' work per week and two (2) consecutive rest days (subject to Article 14.5 hereof) shall be established to perform necessary relief work or to perform relief work on certain days and such types of other work on other days as may be assigned under this Agreement.

(b) Where situations exist making it impracticable to establish relief assignments in accordance with the above, the officers of the Railway and the Local President/Unit Chairperson may, by mutual agreement, arrange for relief assignments on such other basis as may be suitable. Consent to such proposed arrangements shall not be unreasonably withheld in cases where otherwise employees would be required to work on assigned rest days or unreasonable travel time would be involved.

14.7 Regular relief assignments may, on different days, have different starting times, duties, and work locations provided such starting times, duties, and work locations are those of the employee or employees relieved.

14.8 Where work is required by the Railway to be performed on a day which is not part of any assignment, it may be performed by an available spare or relief employee who will otherwise not have forty (40) hours of work that week.

ARTICLE 15

Life Insurance Upon Retirement

15.1 An employee who retires from the service with a Company pension will be provided a \$7,000 death benefit. If retirement or pension is earlier than age 65 and an employee's term life insurance is extended to age 65, the death benefit will be provided at age 65.

Continuation of Benefits on Retirement

15.2 Effective April 23, 2008 Health and Welfare benefits applicable to active employees will continue until age 65 for employees:

- a) Retiring with a Company pension and who have 15 years of continuous employment relationship, or
- b) Who qualify for a Disability Pension under Ontario Northland's Pension Plan.

NOTE: Employees who retired prior to April 23, 2008 will have continuation of benefits that were applicable upon his / her retirement date up to age 65.

Injured on Duty

15.3 An employee prevented from completing a shift due to a bona fide injury sustained while on duty will be paid for his/her full shift at straight time rates of pay, unless the employee receives Workers' Compensation benefits for the day of the injury, in which case, the employee will be paid the difference between such compensation and payment for the full shift.

Worker Compensation/Weekly Indemnity

15.4 In order to facilitate the return to active duty, where an employee is deemed fit to return to modified work by his/her attending physician, Workers' Compensation or the Company physician, he/she may be assigned, temporarily, to any position anywhere within his/her home terminal. The intent of this practice is to work towards returning injured and disabled employees to their regular assignment. When dealing with positions or groups of employees whose nature of work takes them throughout the system, then the assignments under this provision shall follow similar practices. In such instances, the employee will be compensated his/her normal basic rate of pay/guarantee or the rate of the temporary assignment, whichever is greater.

ARTICLE 16

Service Away from Headquarters

16.1 An employee who is regularly assigned to a position, the duties of which require him/her to be on the line from time to time, may be compensated at a monthly rate to cover all services rendered. Necessary actual expenses will be allowed while away from headquarters. This will also apply to employees relieving on such positions.

16.2 Except as provided in Article 16.1 hereof, a regularly assigned employee required to perform service away from the station at which regularly employed will be compensated in accordance with the schedule rules applicable at the point at which such service is performed for the time actually worked, and unless sleeping accommodation is furnished or paid for by the Railway, will be compensated at pro rata rate for the time occupied in travelling. The number of hours paid for to be not less than he/she would have earned on his/her regular assignment.

Necessary actual expenses will be allowed while away from headquarters.

16.3 Where an automobile mileage allowance is paid, the Company's policy will apply.

ARTICLE 17

Attending Court

17.1 An employee who is summoned for jury duty and is required to lose time from his/her assignment as a result thereof, shall be paid for actual time lost with a maximum of one (1) basic day's pay at the straight time rate of his/her position for each day lost, less the amount allowed him/her for jury duty for each such day excluding allowances paid by the court for meals, lodging, or transportation, subject to the following requirements and limitations:

17.2 Any fee or mileage accruing shall be assigned to the Railway.

ARTICLE 17A

Jury Duty

17A.1 An employee who is summoned/subpoenaed for jury duty or court attendance (not as a plaintiff, defendant, or voluntary witness) and is required to lose time from his/her scheduled assignment shall be paid for actual straight time lost with a maximum of one (1) basic day's pay at straight time rate of his/her assigned position (for

running trades, actual mileage lost or a basic day, whichever is applicable), for each day lost. Any amounts paid by the court for attendance, excluding meal, lodging, and transportation costs, shall be remitted to the Company. To qualify for such payments, the employee must furnish the Company with a statement from the court requiring attendance, jury/witness allowances paid, and the days which attendance was required. An employee who has been allotted his/her vacation dates may reschedule such vacation because he/she is called for jury duty.

ARTICLE 18

Held for Investigation or Railway Business

18.1 Employees held for Railway investigations and no responsibility is attached to them in connection with the matter under investigation (i.e. not subject to discipline) or on Railway business on the order of the proper officer will, if required to lose time by reason thereof, be paid for time lost. If no time is lost, they will be paid from the time required to report until actually released at one and one-half (1½) times the pro rata rate, with a minimum of two (2) hours. Reasonable expenses for transportation, necessary meals, and lodging will be allowed by the Railway.

ARTICLE 19

Relief Work and Preservation of Rates

19.1(a) Employees temporarily assigned for one (1) hour or more, cumulative, in any one day, to higher rated positions, shall receive the higher rate while occupying such positions, due regard being had to apprentice or graded rates. Employees temporarily assigned to lower rated positions shall not have their rates reduced.

(b) A "temporary assignment" contemplates the fulfilment of the duties and responsibilities of the position during the time occupied. Assisting a higher rated employee due to a temporary increase in the volume of work does not constitute a temporary assignment.

(c) Clauses (a) and (b) shall not apply to monthly rated employees who are filling higher rated positions through higher rated employees being absent from duty with pay due to sickness or similar cause, other than vacation.

19.2 Employees engaged temporarily, or employees temporarily promoted, on account of employees being off duty without pay due to sickness or similar cause, or on vacation with pay, shall receive the schedule rate applicable to the position on which employed, due regard being had to apprentice or graded rates.

19.3 The rates of pay for additional positions established shall be in conformity with the rates of pay for positions of similar kind or class at the agency or in the district where located.

19.4 Established positions shall not be discontinued and new ones created covering relatively the same class of work for the purpose of reducing the rates of pay.

19.5 No change shall be made in agreed classifications or basic rates of pay for individual positions unless warranted by changed conditions resulting in changes in the character of the duties or responsibilities. When changes in classifications and/or basic rates of pay are proposed, or when it is considered that a position is improperly classified or rated, the work of the positions affected will be reviewed and compared with the duties and responsibilities of comparable positions by the President (or his/her designated representative) and the Local President/Unit Chairperson, with the object of reaching agreement on revised classifications and/or rates to maintain uniformity for positions on which the duties and responsibilities are relatively the same.

19.6(a) Notwithstanding the provisions of Article 10.6 when a bona fide new job or position is to be established which cannot be properly placed in an existing classification by mutual agreement, Management will establish a classification and rate on a temporary basis.

(b) Written notification of the temporary rate and classification will be furnished to the Local President/Unit Chairperson.

(c) The new rate and classification shall be considered temporary for a period of sixty (60) calendar days following the date of notification to the Local President/Unit Chairperson. During this period (but not thereafter), the Local President/Unit Chairperson may request the Railway to negotiate the rate for the classification. In other words, the responsibility of a leading hand is exclusively confined to the work involved in his/her gang as a leader, and not as a supervisory officer in charge of a department. Nor does he/she report job failure or actions for which discipline could result.

Dear Mr. Stol:

During the present Article III negotiations concerning the "Clerks and Other Classes" Agreement you once again requested that the words "other duties as assigned" on job bulletins be replaced by the words "other related duties".

In order to dispose of this item, the parties agreed as follows:

- (1) For the term of the next agreement, job bulletins will show PRINCIPAL DUTIES only and will not include the words "other duties as assigned" or "other related duties".
- (2) It is understood that this revised procedure does not mean a change in practice or past understandings. Employees will still be required to perform tasks related to their positions or tasks of lower rated positions as instructed by their supervisors.
- (3) If no problems are encountered during the term of the next agreement, the revised procedure and understandings will continue to be used thereafter.

If you agree with the above understanding will you please so indicate in the space provided hereon and return one copy of this letter for our files.

Dear Sirs:

This has reference to discussions during current contract negotiations with respect to the Railway's proposal regarding the desirability of undertaking special arrangements for an employee who becomes physically disabled during the course of his/her employment and is unable to perform the regular duties of his/her assigned position and is unable to exercise his/her seniority on a position which he/she is capable of performing.

This letter will confirm our understanding that, in such circumstances, the proper officer of the Company and the General Chairman of the Union concerned will meet to see if arrangements can be made to provide employment to the employee concerned within the bargaining unit. The parties may by mutual agreement, place a disabled employee on a position that his/her qualifications and ability allow him/her to perform, notwithstanding that it may be necessary to displace an able-bodied employee in the bargaining unit so as to provide suitable employment. The permanently assigned employee so displaced will be allowed to exercise seniority onto a position within the bargaining unit that he/she is qualified for and has the ability to perform.

A disabled employee placed on a position shall not be displaced by an able-bodied employee so long as he/she remains on that position except when a senior employee is otherwise unable to hold a position within his/her seniority group.

Should the disabled employee subsequently recuperate, he/she shall be subject to displacement, in which case such employee will exercise seniority rights. When a senior able-bodied employee believes that the provisions of this letter will result in undue hardship, the General Chairman may discuss the circumstances with the Company.

The above understanding is to provide guidelines for assisting disabled employees to continue to be employed.

If you are in accord with the above, would you please so indicate below.

Mr. J.D. Hunter
Chairman,
Associated Non-Operating Railway Unions
Negotiating Committee
2300 Carling Avenue

Dear Sir:

This has reference to the award of the Arbitrator, the Honourable Emmett M. Hall, dated December 9, 1974, concerning the contracting out of work.

In accordance with the provisions as set out on Page 49 of the above-mentioned award, it is agreed that work presently and normally performed by employees represented by the Associated Non-Operating Railway Unions signatory to the Memorandum of Settlement dated May 22, 1985, will not be contracted out except:

- (1) when technical or managerial skills are not available from within the Railway; or
- (2) where sufficient employees, qualified to perform the work, are not available from the active or laid-off employees; or
- (3) when essential equipment or facilities are not available and cannot be made available from railway-owned property at the time and place required; or
- (4) where the nature or volume of work is such that it does not justify the capital or operating expenditure involved; or
- (5) the required time of completion of the work cannot be met with the skills, personnel or equipment available on the property; or
- (6) where the nature or volume of the work is such that undesirable fluctuations in employment would automatically result.

The conditions set forth above will not apply in emergencies to items normally obtained from manufacturers or suppliers, not to the performance of warranty work.

It is further agreed that at a mutually convenient time at the beginning of each year and, in any event, no later than January 31st of each year, representatives of the Union will meet with the designated officers to discuss the Company's plans with respect to contracting out of work for that year. In the event Union representatives are unavailable for such meetings, such unavailability will not delay implementation of Company plans with respect to contracting out of work for that year.

In addition, the Company will advise the Union representatives involved in writing, as far in advance as is practicable, of its intention to contract out work which would have a material and adverse effect on employees. Except in case of emergency, such notice will be no less than thirty (30) days.

Such advice will contain a description of the work to be contracted out; the anticipated duration; the reasons for contracting out and, if possible, the date the contract is to commence. If the General Chairman, or equivalent, requests a meeting to discuss matters relating to the contracting out of work specified in the above notice, the appropriate Company representative will promptly meet with him/her for that purpose.

Should a General Chairman, or equivalent, request information respecting contracting out which has not been covered by a notice of intent, it will be supplied to him/her promptly. If he/she requests a meeting to discuss such contracting out, it will be arranged at a mutually acceptable time and place.

Where a Union contends that the Company has contracted out work contrary to the foregoing, the Union may progress a grievance by using the grievance procedure which would apply if this were a grievance under the collective agreement. Such grievance shall commence at Step 2 of the grievance procedure, the Union officer submitting the facts on which the Union relies to support its contention. Any such grievance must be submitted within 30 days from the alleged non-compliance.

Yours truly,

P.A. Dymont

RE: Fuelling of Buses

We are in agreement with employees of the Bus Department fuelling buses in the evening and on weekends as per previous arrangements, but now they will be fuelled on Company property at the Stores Department.

However, the Union will not be responsible for any errors or shortages in the fuel count when other bargaining unit employees are using the fuelling equipment.

In the event the Company puts a night or weekend shift in the Stores Department in the future, this work will return to the CAW jurisdiction. Furthermore, should this fuelling develop into full time work, the Company will recognize the Union as having jurisdiction over this work and it will be returned to the CAW bargaining unit.

**LOCAL AGREEMENT BETWEEN CAW LOCAL 103 AND
ONTARIO NORTHLAND TRANSPORTATION COMMISSION
AFFECTING EMPLOYEES IN THE NORTH BAY YARD OFFICE**

TEMPORARY VACANCIES OF LESS THAN FIVE DAYS

If a vacancy that is known to be for less than five days or a vacancy of unknown duration occurs, the staff actually scheduled to work during the eight hour period of the vacancy will move up if they so desire. If necessary the junior qualified employee will be required to protect an unfilled vacancy. Employees on afternoon or night shifts will be given the opportunity of working the resulting vacancy before a spare man is called but a day shift employee cannot move to an afternoon or night shift. Employees who move up initially must move up on their successive working days for the duration of the temporary period. This provision will not restrict employees from claiming vacancies of five days or more under Article 5.5.

INTERPRETATION CONCERNING VACANCIES OF FIVE DAYS OR MORE

When an employee claims a known vacancy of five days or more, that employee must stay on such vacancy until its completion unless he/she is successful applicant for a new subsequent vacancy.

An employee moving on a temporary vacancy who does not bid on a subsequent new vacancy will not thereafter be entitled to displace on that vacancy. An employee has the choice of completing a vacancy or moving to the new vacancy.

An employee moving from one temporary vacancy to a new temporary vacancy must, on completion of the second or subsequent vacancy return to his/her previously vacated vacancy before returning to his/her regular assignment. A temporary vacancy will be considered completed on the last assigned working day prior to the anticipated return of the regular employee or termination of the temporary position.

When an employee moves from one temporary vacancy to another before completion of the first vacancy, the resulting vacancy will be considered a continuation of the original vacancy and will be filled in the same manner as the original vacancy.

LEAVE FROM WORK

Employees who request incidental leave for any reason, must do so at least 24 hours before the commencement of their shift except in cases of bona fide sickness or injury when the request must be made at least 3 hours prior to the commencement of shift if possible.

Employees who are returning from incidental leave or sickness will give as much advance notice as possible that they are ready for duty but such notice shall not be less than three hours prior to the commencement of their shift.

Notice to Supervisors

RE: Access to stores during off-shifts

Gentlemen:

With the implementation of electronic 615's combined with our new work order information management system, a reminder regarding access to stores and inventory control seems appropriate.

As in the past, concerns continue to revolve around access to stores and providing proper documentation for materials received during the off shift. Although the electronic 615's and work orders will address some documentation concerns, notification must still be provided to the storekeeper to identify that these materials were actually received and the order is complete. To accomplish this I would ask that Supervisors initial the appropriate documentation such as work orders, pick slip, or 615 to identify materials received. This procedure will improve inventory control and increase the accuracy of replenishment reports to ensure sufficient inventory is on hand at our facility to perform maintenance and contract work.

Let this letter serve as a reminder and notice that obtaining parts/materials from the Diesel shop stores, during the off shift, is the responsibility of the supervisor, including the initialing of any appropriate documentation.

Re: Satellite Stores within the Mechanical Department

This letter is to inform you that the mechanical department only requires the make up of three satellite stores. The locations would be the diesel shop (DS2), car shop (CS2) and the wheel shop (WS2). In order for the Maintenance Information System to work properly, these three satellite stores will be the only one required. The inventory of these stores will be kept solely for parts required at that location and used frequently. The number of parts will be kept to a minimum since our intent is not to have the shop area become a storage area for parts.

STATEMENT OF COMMITMENT

Early Return to Work

The Canadian Auto Workers Local 103 and Management of the I Department care about the well being of their members and employees. We each acknowledge that employees who become disabled want to return to work as soon as possible and the sooner an employee returns to work the sooner they are more likely to fully recover. As a consequence, the parties have jointly taken this pro-active approach and developed the attached ERTW program which is consistent with Company policy 6-P and CAW Wage Agreements, to accommodate Department employees who become disabled.

S. Carmichael
for Ontario Northland

Brian Kelly
for CAW Local 103

Early Return to Work

The purpose of an early return to work program is to return the employee to their regular assignment as soon as possible. Early return to work is a program which enables employees to return to work before they have fully recovered from an injury or illness and who are expected to be able to return to their regular assignment, to return to work. The accommodation of the employee's restrictions can include modifying the employee's regular assignment, or temporarily assigning the employee to alternative employment which meets their restrictions.

Communication and Training

One of the key components to the success of this ERTW program is jointly developing and implementing a communication strategy. To that end all I Departments employees and supervisors will attend training sessions where they will receive the Statement of Commitment and this written process. Copies will also be posted on bulletin boards throughout the Departments system.

Process

As soon as possible following the cause of lost time as the result of an injury or illness, the employee and his/her immediate supervisor will jointly develop a contact strategy which would include such things as follow up from medical appointments or significant changes in status, this will be forwarded to the Joint Committee. Access to any and all ERTW forms shall be strictly limited to the ERTW Joint Committee and those management personnel identified by the ERTW Committee.

Employees who are ready to return to work with restrictions will submit a completed Early Return to Work form to his/her immediate supervisor and the Union. If the restriction can be accommodated by the supervisor, then the employee would return to work on the modified assignment for the time frame specified on the ERTW form, subject to the follow up identified in the completed form

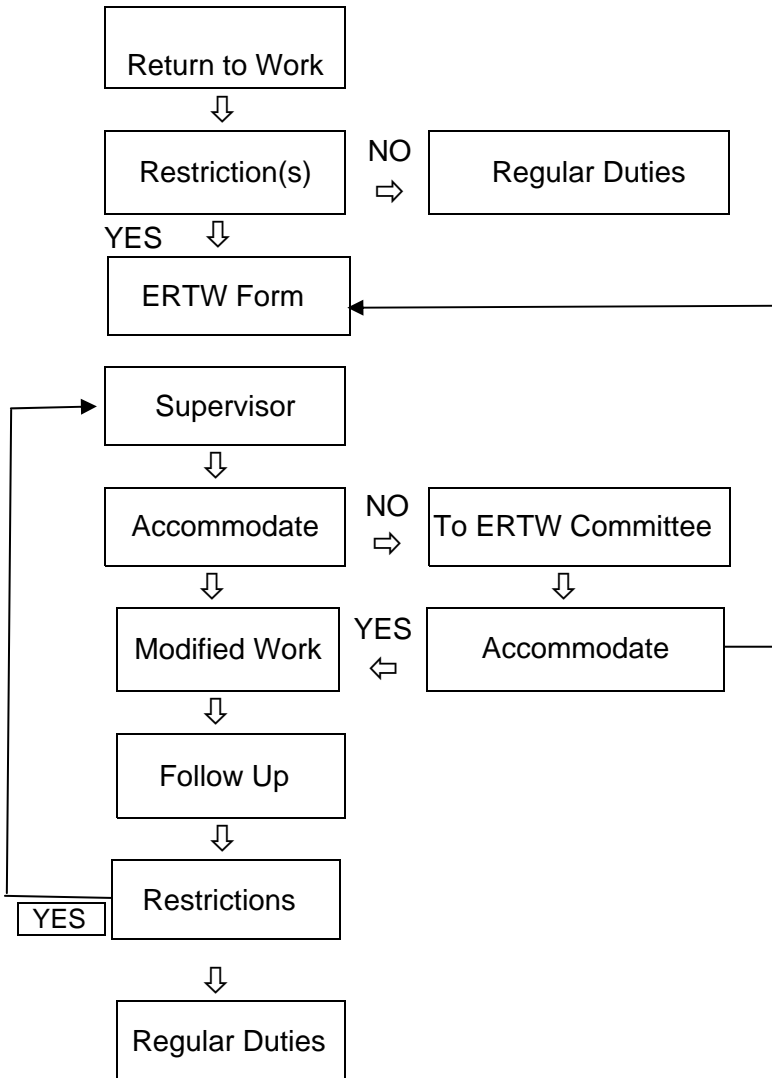

If the supervisor is unable to accommodate the restrictions or is unable to determine whether the restriction can be accommodated within two (2) working days (a), the Joint ERTW Committee consisting of 1 Department rep, 1 HR rep and 1 CAW rep, will conduct a review to consider broader opportunities or alternative employment within the Department, mindful of seniority, work requirements and employee's abilities.

If the Joint ERTW Committee is unable to find a suitable placement within two weeks, this will be communicated to the employee identifying reasons why they are unable to accommodate, this could include that further information is required, further recovery is needed or no work is available. If the ERTW Committee determines that an accommodation cannot be made within the two week time frame, the employee shall remain on the applicable wage replacement program in accordance with the collective agreement or WSIB. If the ERTW Committee makes a recommendation to accommodate an employee, it shall be done forthwith.

Temporary accommodations may last up to six months and any reassessment or follow up will be established by the medical community on an individual basis. Employees on long term accommodation (more than 6 months) shall be reviewed by the ERTW Committee once a year to establish if there has been any changes in the employee's condition that could affect the accommodation. Should additional accommodation be required, the Committee will again conduct a review to include any new or additional information. For longer term accommodation, medical reassessment may be required at six month intervals on an individual basis.

Any costs associated with the completion of the ERTW form will be borne by the Company. Wages for appointments or treatments required to assist the employee in returning to their regular assignment will be continued by the Company. When it is necessary for these appointments to be made during working hours, every effort should be made to have these appointments at the beginning or end of the employee's shift.

(a)With the establishment of this program, we will attempt to provide a response from the supervisor within two days. This time frame will be reviewed to determine whether the time frame is suitable.

Top – Up Pay for Early Return to Work Program

As an incentive for employees to participate in the negotiated ERTW program, it is agreed that effective February 22, 2005 all CAW Local 103 bargaining unit employees participating in this program will have their pay topped up in accordance with the following:

Actual Hours Worked	Top up percentage of hourly, daily, weekly or bi-weekly rate
4 to 5.5 hours	75%
Over 5.5 to 6.5 hours	85%
Over 6.5 to 7 hours	90%

**Memorandum of Understanding between
Ontario Northland Transportation Commission and
CAW Local 103 and all its bargaining units.**

Memorandum of Understanding Employment Equity

This Memorandum of Understanding supplements the Collective Agreements between Ontario Northland Transportation Commission and the National Automobile, Aerospace, Transportation and General Workers Union of Canada (CAW-Canada), and its Local Union 103, as follows:

Whereas, the parties affirm their commitments to extend equal opportunity for employment to all people despite differences in gender, race, ethnicity or disability.

Whereas, the parties recognize that it is the right of Management to hire, promote and assign qualified candidates subject to the terms and conditions of the Agreement, the parties agree to undertake certain joint activities to further implement these and other nondiscriminatory policies following ratification of this Agreement.

Therefore, it is hereby agreed as followed:

A joint Committee, hereinafter referred to as the Diversity and Community Access Committee, will be established with jurisdiction across all ONTC – CAW bargaining Units. The Committee consists of one (1) representative selected by the CAW from within the existing representation structure and one (1) Management representative. The Local President and Director of Human Resources will act as ex-officio members of the Committee.

The bargaining unit member on the Committee will be excused from regular work assignments when required and will be paid by the Company at the Coordinator's rate of pay when so engaged.

It is recognized that the Committee will require ongoing assistance and direction. Accordingly, the CAW member of the Committee will have access to CAW National training and material which may be brought to the Committee for consideration in any of its deliberations.

CAW Diversity and Community Access Coordinator may also attend the annual five (5) day CAW meeting designed to update committee members on the latest developments and strategies in the field.

The Diversity and Community Access Committee shall:

- (a) Devote attention to the designated groups.
- (b) Play a role in the development and implementation of the joint Employment Equity Plan. This role could include information gathering, barrier identification, recruiting strategies, the development of goals and timetables, and other elements of the plan.
- (c) Develop a communication strategy to educate and update employees on equity issues.

Members of the Committees may:

- (a) Participate in community and/or school career awareness programs designed to inform people about potential employment opportunities at Ontario Northland Transportation Commission.
- (b) Established and maintain working relationships with local designated group organizations.
- (c) Develop informational communiqués to encourage designated group members to apply for technical and skilled positions.
- (d) Identify the type(s) of technical jobs which would require training. Make recommendations to the local parties after considering the availability of community resources.
- (e) Consult with the established Joint Apprenticeship Committee to develop and implement a pre-apprenticeship training program for designated group members.

Diversity and Community Access Programs

During current negotiations, the Company and the Union reaffirmed their commitment to Employment Equity.

While the parties recognize that there is increasing representation of the four (4) designated groups within each respective bargaining unit, the ONTC and the CAW agreed that they must augment their efforts aimed at achieving a representative number of women, visible minorities, persons with disabilities and aboriginal persons throughout the respective worksites.

The parties agree that a diverse workforce is beneficial and desirable, and that their pro-active efforts on employment equity are fundamental to the Company. The parties are committed to jointly develop an Employment Equity Plan on behalf of CAW bargaining units at Ontario Northland by year end 2005. This plan will include the following:

- ◆ an up-to-date census
- ◆ a workforce analysis and review of employment systems
- ◆ the identification of systemic barriers to the designated groups
- ◆ a review of current recruitment, promotion and training practices
- ◆ development of appropriate educational and training material for delivery by the Committee and supervisory staff.
- ◆ goals and timetables for hiring the designated groups
- ◆ goals and timetables for reducing or eliminating systemic barriers to the designated groups
- ◆ accommodation for people with disabilities in conjunction with established ERTW Committee
- ◆ identification of positive measures such as work and family measures, skills updating, pre-apprenticeship training etc., that could help retain and advance the designated groups in the ONTC workforce.
- ◆ an annual review procedure to monitor the progress of the program.

Memorandum of Understanding between the ONTC and its Unions relating to the introduction and use of Close Circuit Television (CCTV) at various locations and facilities

As expressed at the 20 December 2001, GCA/Senior Management meeting, a corporate decision has been made to introduce the use of close circuit television (CCTV) at specific locations.

Currently one camera will be installed at each location in North Bay, Englehart and Cochrane rail complexes. They will be suitably located to cover the entrance and attendant areas of these facilities for the purposes of law enforcement and/or public safety. Additional CCTV's may be installed at other locations where there is documented requirement, and the Unions will be so advised in advance of any installation.

No CCTV will be directed to intrude into any work area wherein our employees normally work. The reception equipment will be located in North Bay, within secure premises, under the absolute control of the ON Police Services staff. No other staff will be permitted access to CCTV monitors, recorded data, nor will the recorded images be made available to any other Commission department for any purpose other than law enforcement. This CCTV system will not be utilized for the purposes of supervising employee activities, nor will they be used at any time for disciplinary purposes.

The recorded data will be stored on a stand alone computer located within secure premises in North Bay. Access to this computer will be restricted to ON Police staff or other Security staff who have been authorized in writing by the Chief of ON Police Services. Recorded images which do not relate to law enforcement activities, will be erased within a 72-hour period. Images which directly relate to law enforcement activities will be retained for a period of time, not exceeding one year. A log will be maintained to record the access to, and use of, the recorded material to enable a proper audit trail.

Signs will be posted at the perimeter of the areas being covered by video surveillance to provide public notice of this activity. The signs will also contain the name, address and telephone number of a member of the ON Police Services for contact purposes.

I trust these parameters will satisfy the concerns raised by the Unions.

Dear Ms. Kennedy:

I understand that, during negotiations the parties discussed the shipment of supplies to Ontera's New Liskeard office. This is to confirm that Stores will be providing Ontera with a staging area in the North Bay Main Stores. This will allow the Stores employees to complete the shipping and receiving.

It is Ontera's plan to have this complete by December 15, 2008.

Dear Ms. Kennedy:

This will confirm our discussion during negotiations regarding Article 1.3 of Agreement #4.

Article 1.3 refers to the policy of the company to promote employees from within the organization. It is the intent of the organization to provide qualified employees, who apply for an advertised position and have the necessary capabilities, with preference in the selection process.

I believe this clarifies the intent of Article 1.3.

Sincerely,

Stores Department Vacation Letter of Understanding

Vacations will be assigned in seniority order.

An individual would be allowed as many splits as he/she has weeks of holidays i.e.: four (4) weeks holidays equals up to four (4) splits.

Starting with the most senior person an individual would be allowed to book two (2) splits then must pass the list to the next most senior person. The list would move from top to the bottom of the seniority list until each individual has booked their two (2) splits in vacation.

The list will then return to the senior person who would book one (1) split and then the list would again move from the top to the bottom of the seniority list again and repeat until all vacations have been booked.

A week split will also include a week in which there is a General Holiday.

A week of floating vacation days will not be counted as a split and will be booked after an individual has booked all other vacation splits.

All vacation arrangements will be made with full consideration to Article 22, Agreement #4.

RE: Filling Vacancies Agreement #4

Dear Ms. Kennedy,

During this round of negotiations the union raised the issue of the company failing to fill vacancies along with the criteria to be met when filling a vacancy or calling overtime in your Agreement.

In response to these issues, the company has agreed to hire a spare employee in the North Bay stores department.

In addition the parties agree that the criteria to be followed when a vacancy occurs; when it is determined that there is no work to be performed on a vacancy or that no overtime is required the position will not be filled. However, when it is determined that there is work to be performed, the vacancy will be filled or overtime will be called. The Local Committee to be consulted.

The Company commits that CSU work will not migrate out of the respective terminal unless the vacancy has been offered to all qualified employees holding seniority in the terminal group. If the position is to be filled, via an overtime call, the respective terminal overtime list must be exhausted.

I trust this is an accurate reflection of our conversation.

Yours truly,

G. Stuart

These temporary positions shall be filled as per Article 5.2 and on the completion of the PBX schedule, all Group "A" employees in Cochrane and Moosonee will return to their previously held positions

I trust this reflects our discussions.

Dear Mr. Kelly,

RE: Probationary Employees Work Performance

During the 2008 round of bargaining, discussions took place regarding the evaluation of CAW employees while in their probationary period. It was agreed that the Company would conduct two evaluations as outlined in Policy 6-R.

If it is determined that the employees' employment with the Company is to be terminated, the Union will be provided copies of the evaluation forms to support the decision to terminate.

The union accepts that the company has met its obligations under the Collective Agreement on Union representation and on fair and impartial investigation if this process is followed.

I trust this is an accurate reflection of our discussions.

Yours truly,

Greg Stuart

Dear Mr. Kelly

During negotiations we discussed the leave provisions in the various collective agreements represented by your local.

It was the position of the company that the existing leave provisions did not need to be adjusted in order for an employee to take a leave of absence in the event of an emergency. This letter is to confirm that no employee will be unjustly denied leave when requested due to an emergency.

I trust this reflects our discussions.

Sincerely,

Greg Stuart

Dear Mr. Kelly

RE: Human Rights

During the 2008 round of bargaining the company and union discussed the process to follow in the event a human rights complaint could not be resolved at an informal level.

In the discussions it was agreed that a process would be developed to investigate formal complaints through the use of a third party. It is anticipated that the third party will be selected through an RFP process and that the President of CAW Local 103 will participate in the selection of the mutually agreeable third party provider. During these discussions it was also agreed that any investigation done by the third party investigator would meet the company's obligations under the respective collective agreements' investigation language. Should discipline be assessed as a result of the investigation the union shall have the right to grieve the discipline in accordance with the collective agreement.

The parties further agreed to meet following negotiations to ensure the implementation of a mutually agreeable process by September 1, 2008.

I trust this accurately reflects our discussions.

Sincerely,

Steve Carmichael

This letter is in reference to the discussions during the 2008 round of bargaining with regard to the payment of Company/Carrier requested medical forms. To clarify the previous LOU dated January 20, 2003, it was agreed that the Company would bear the cost of any medical forms necessary for the ongoing adjudication of a claim, except for the initial "Part B" form when an employee is applying for Weekly Indemnity Benefits.

I trust this accurately reflects our discussions.
